Re: Acceptance for Town Highway  
Extension Bobby Drive

Gentlemen:

Ted Skowron, The Highway Department Engineer,  
and I have inspected the extension of Bobby Drive and find  
that it meets the specifications as set forth by the Town  
of Cheektowaga and is described as follows:

BOBBY DRIVE: Beginning at a point in the east line of Bobby  
Drive said point being the south west corner of Sublot 32,  
map cover 2252; thence south along the east line of Bobby  
Drive extended 166.59 feet to a point; thence west 60.00 feet  
to a point in the west line of Bobby Drive extended; thence  
north along the west line of Bobby Drive extended 140.98 feet  
to the south west corner of subplot 33, map cover 2252; thence  
north east along a line of 65.71 feet to the east line of Bobby  
Drive and the point of beginning.

John Rogowski, the Town Attorney has the deed for  
recording and after the deed is recorded it should be returned  
to the Highway Department for filing. Also, when a bond in  
the amount of \$999.54 for 2 years maintenance, is received in  
the Highway Department building permits will be issued.

Therefore, I recommend the extension of Bobby  
Drive be accepted as a Town Highway and I trust this meets  
with your approval.

Item No. 4 Cheektowaga Recreation Center - Award of Bid for the Rink Refrigeration Work Contract.

Motion by Councilman Swiatek, seconded by Councilman Meyers

WHEREAS, at a regular meeting of the Town Board of the Town of Cheektowaga held on the 1st day of June, 1973, a resolution was unanimously adopted directing that notice be given to bidders inviting sealed proposals for the Rink Refrigeration Work for the Cheektowaga Recreation Center in accordance with the specifications prepared by Foit and Maharan Architects, P.C., and approved by the Town Board; said sealed proposals were to be received and considered by the Town Board on July 2, 1973 at 2:30 P.M., at which time all sealed proposals received would be opened, the bid announced and the contract awarded as soon as practicable thereafter, and

WHEREAS, that pursuant to said Notice to Bidders a total of four (4) bid proposals for the said Rink Refrigeration Work were received, namely:

(a) Mollenberg-Betz (FREON Refrigeration System)	\$146,737.00
(b) Mollenberg-Betz (BRINE Refrigeration System)	\$164,467.00
(c) Holmsten Ice Rinks (FREON Refrigeration System)	\$165,000.00
(d) Joe Davis Refrigeration (BRINE Refrigeration System)	\$181,859.00

and

WHEREAS, said bid proposals were referred to Foit and Maharan Architects, P.C. and Mr. Chester L. Bryan, P.E., Town Engineer for the Town of Cheektowaga, for analysis, tabulation and report, and

WHEREAS, at a special meeting of the Town Board of the Town of Cheektowaga held on the 16th day of August, 1973, Mr. Frederick D. Marzak of Foit and Maharan Architects, P.C. and Mr. Chester L. Bryan, P.E., Town Engineer, recommended to said Town Board that the Freon Refrigeration System be utilized at the Cheektowaga Recreation Center, as opposed to the Brine Refrigeration System, because said Freon Refrigeration System eliminates the need for a brine trench and thus reduces the construction contract for said Recreation Center by the sum of \$3,300.00; and said architect and engineer further recommended to said Town Board that the contract for the Rink Refrigeration Center be awarded to the Drake Construction Co., Holmsten Ice Rinks Division; and said recommendation was adopted by the Town Board and incorporated in its resolution dated the 16th day of August, 1973 and the attachments thereto, and

WHEREAS, the Mollenberg-Betz Corporation having thereafter commenced a Special Proceeding pursuant to Article 78 of the Civil Practice Law of the State of New York for a judgment annulling the above mentioned determination, and for a further order directing the Town Board to award said contract to the Mollenberg-Betz

Item No. 4 Cont'd

Corporation as the lowest responsible bidder upon the ground that the determination of the Town Board was arbitrary, capricious and contrary to law, and

WHEREAS, the Hon. John H. Doerr, Justice of the Supreme Court, having thereafter made an order on the above mentioned Special Proceeding remitting said proceeding to the Town Board for the purpose of conducting a hearing at which both the Mollenberg-Betz Corporation and the Drake Construction Co., Holmsten Ice Rinks Division would be afforded an opportunity to present evidence as to the facts and circumstances upon which the Town Board relied upon in rejecting said Mollenberg-Betz Corporation's bid for the award of the Town of Cheektowaga Recreation Center Rink Refrigeration Contract, and in accepting said Drake Construction Co., Holmsten Ice Rink Division bid for such award, and

WHEREAS, pursuant to the above mentioned Supreme Court order, a hearing was held before the Town Board at the Town Hall, corner of Broadway and Union Road, in the Town of Cheektowaga, State of New York, on the 29th day of January, 1974, and the Mollenberg-Betz Corporation having appeared by its attorney, Charles Ryan Desmond, and the Drake Construction Co., Holmsten Ice Rinks Division having appeared by its attorney, Warren S. Radler; and the Town Board having taken the testimony of Mr. Frederick D. Marzak of Foit and Maharan Architects, P.C.; Mr. Chester L. Bryan, P.E., Town Engineer for the Town of Cheektowaga; and Mr. Richard Mollenberg, Mr. Garland on behalf of the Drake Construction Co., Holmsten Ice Rinks Division; and Mr. Daryl Cox parties having been afforded an opportunity to present any evidence and offer any testimony relevant to the subject matter of said hearing; and the Town Board having carefully and thoroughly reviewed and studied the entire matter, and due deliberation having been had thereon,

NOW THEREFORE, the Town Board finds that the Mollenberg-Betz Corporation has no experience in the installation of the freon refrigeration system for ice skating rinks, never having previously installed or constructed said system for ice skating rinks; whereas the Drake Construction Co., Holmsten Ice Rinks Division is well qualified to perform the proposed rink refrigeration work in accordance with the specifications for said work, in that it has over sixty-five (65) freon refrigeration systems for ice skating rinks in operation or under construction throughout the United States, having been the leader with said system in the United States for over five (5) years. Furthermore, the design of the system proposed by the Mollenberg-Betz Corporation, according to Mr. Frederick Marzak and Mr. Chester L. Bryan, presents possible future costly breakdowns of the proposed recreational facility and costly repairs to same; whereas the design of the system proposed by the Drake Construction Co., Holmsten Ice Rinks Division has demonstrated total reliability in the facilities it has previously installed and constructed with a consequent reduction of operating expenses and maintenance costs.

NOW THEREFORE BE IT RESOLVED, that the Rink Refrigeration Work Contract at the Cheektowaga Recreation Center for the Town of Cheektowaga be and hereby is awarded to the Drake Construction Co., Holmsten Ice Rinks Division in accordance with its bid proposal of \$165,000.00; said bid proposal having been submitted by the lowest responsible bidder.

CATHOLIC CHARITIES OF BUFFALO, N.Y.

A PROPOSAL TO CHEEKTOWAGA YOUTH BOARD  
FAMILY ORIENTED COUNSELLING PROGRAM FOR SCHOOL DROPOUTS

PROBLEM:

There are a significant number of Cheektowaga youth who have dropped out of school. According to the New York State Department of Education, 389 drop outs were recorded for the three school years between 1970-1972. The New York State Department of Education defines "drop out" as a student who has left school for any reason and is not known to be enrolled in any school district. In addition, the 1970 census identifies 784 Cheektowaga youth who are not high school graduates and not enrolled in school.

PROPOSAL:

The object of this proposal is to provide expanded opportunities for the youth of Cheektowaga who have dropped out of school. We intend to utilize a reach out and family oriented approach, using resources and influences existing within both the family and community structures. The youth to be served will be under 21 years of age.

PROGRAM:

1.) The Drop Out Program will serve Cheektowaga youth who have dropped out from the school system.

2.) Method will focus on the family and the individual. Current practice concentrates on individual diagnosis and treatment. We believe that each member of the family affects every other member - positively or negatively. Services to youth will meet only with very limited success if other negative factors in the family are ignored. However, when the needs and circumstances of a youth indicate that the family approach is not appropriate, individual needs will be met.

3.) Approach will be non-traditional. The Social Worker will reach out to each school drop out and his family.

4.) After identification, an attempt will be made to secure all available information relating to the circumstances surrounding each youth's separation from school.

5.) Each youth's circumstances will be evaluated and a plan of action will be developed with his family.

6.) Where appropriate, the Social Worker will attempt to return the youth to his regular school program.

7.) If referral to other community resource is indicated, regular follow-up counselling will continue in the family setting.

8.) Individual confidential records will be maintained in order to measure the movement and progress of the family.

9.) Additional data will be maintained in order to measure the parameters of the School Drop Out problem and to feedback appropriate information to the School System.

ANTICIPATED RESULTS:

1.) Identification and location of each school drop out within the Town of Cheektowaga.

2.) Determination of reasons for discontinuance of education.

3.) Identification of needs for educational, vocational, and personal adjustment counselling for each drop out.

4.) Development of methods for working with drop outs and potential drop outs through a family approach.

5.) Short term and long term intensive counselling and to an estimated 110-150 youth and their families.

6.) Gain knowledge needed to make recommenda-

7.) Achieve substantial success in meeting needs of drop outs and their families.

ADMINISTRATION:

This program will be supervised and administered by Catholic Charities of Buffalo, N.Y., according to the terms specified in the contractual agreement signed by the Director of Catholic Charities of Buffalo, N.Y. and the appropriate official of the Town of Cheektowaga, N.Y.

Re: Truck Chassis

Gentlemen:

At the regular Town Board Meeting of February 19, 1974, bids were received and opened for truck chassis to be used with dempster-dumpster hoists for the Sanitation Department. Unit prices were quoted and trade-ins of three (3) 1967 GMC truck chassis were offered. Based on the availability of budgeted funds for this purpose, the Sanitation Department requests that three (3) truck chassis be purchased and that the three (3) trade-ins be included in the bid award. The following are the bids for three (3) truck chassis with trade-ins:

International Harvester	\$40,863.00
Maier Schule GMC (GMC truck)	43,650.00
Maier Schule GMC (Reo truck)	52,500.00
Buffalo White Truck	57,861.00

The low bidder advises that should delivery be delayed until the Federal Motor Vehicles Safety Standard 121 Law goes into effect on January 1, 1975, there will be an additional charge of \$850.00 per unit.

It is recommended that the bid be awarded to International Harvester Co. for their submission of the lowest bid meeting the requirements of the specifications, said bid being \$40,863.00.

Re: Trucks with Packer Bodies

Gentlemen:

At the regular Town Board Meeting of February 19, 1974, bids were received and opened for trucks with twenty-five (25) cubic yard packer bodies. Unit price bids were submitted and trade-ins were offered. Based on the availability of budgeted funds, following is a tabulation of bid totals for the purchase of three (3) units without trade-in. A trade-in price of \$1,000.00 was offered for each of the 1966 truck packer units. The Sanitation Department and the Town Garage indicate that it would be more economical to retain the old units and use them as spare parts for the other equipment.

International Harvester Co. (Leach Packer)	\$ 83,844.00
International Harvester Co. (Garwood Packer)	86,049.00
Maier Schule Inc. (GMC with Heil Packer)	87,000.00
Maier Schule Inc. (GMC with Leach Packer)	87,480.00
Maier Schule Inc. (GMC with Garwood)	89,700.00
Buffalo White Truck (Garwood Packer)	102,000.00

Deliveries, as quoted by the dealers, were predicted for September thru December 1974. Should delivery be made after January 1, 1975, a new Federal Motor Vehicle Safety Standard 121 Law is slated to go into effect, and the low bidder indicates that an additional charge of \$1,100.00 per unit would be required to comply with the new regulations.

TO THE SUPERVISOR AND  
HONORABLE TOWN BOARD MEMBERS  
TOWN OF CHEEKTOWAGA

Re: Bank Protection along  
Slate Bottom Creek

Gentlemen:

On February 19, 1974, at the regular Town Board Meeting, bids were received and opened for the construction of bank protection along Slate Bottom Creek. Four (4) bids were received as follows:

	Bank Protection Base Bid	Alternate	Weirs	Lowest Total Combination
Union Concrete and Construction Corp.	\$ 71,412.00	\$ 75,122.50	\$ 8,000.00	\$ 79,412.50
F.A. Wellington Corp.	74,081.50	70,981.50	10,000.00	80,981.50
Amherst Construction Inc.	87,099.50	85,377.00	9,160.00	94,537.00
Depew Paving Co., Inc.	115,540.00	107,855.00	18,000.00	125,855.00

As part of an agreement made with Land Sites Inc, said corporation was to reimburse the Town for weir construction and some of the rip-rap material required. We understand that this obligation was estimated at the sum of \$28,525.00.

Since the weir construction would then come under the Town contract, it is therefore recommended that the bid be awarded to Union Concrete and Construction Corp, 105 Center Rd, West Seneca, New York, for submitting the lowest total bid meeting the requirements of the specifications, said bid being in the total amount of \$79,412.50. Assuming that Land Sites Inc. will reimburse the Town, as noted above, the Town will be obligated in the amount of \$50,887.50 for this project.

Yours truly,

TOWN OF CHEEKTOWAGA
