RE: Acceptance of Subdivision
Marywood Farms - Part II

Gentlemen:

Mr. Skowron, the Highway Department Engineer, and I have checked the maps of Marywood Farms - Part II Subdivision and find that they meet the specifications as set forth by the Town of Cheektowaga subject to the following regulations:

1. Bituminous coated metal pipe for storm sewers.
2. Crusher run for road base.
3. It will be the responsibility of the subdividor and/or the builder to have a tree planted in front of every house. The tree to be planted between the sidewalk and the curb within one year after the house is built.
4. Construction of paving, curbs, receivers and connections for the roads in Marywood Farms - Part II Subdivision, the roads described as follows:

CREEKWOOD COURT: A 60 foot right of way beginning in the west line of Creekwood Drive, thence running westerly and northerly and easterly 509.39 feet to Creekwood Drive fronting sublots 19 to 30.

CREEKWOOD DRIVE: A 60 foot right of way beginning at Rowley Road, thence running northerly 1153 feet to a turn around at dead end, fronting sublots 1 to 19 and subplot 30.

No building permits to be issued until contract or performance bond in the amount of \$19,948.00 is submitted to the Highway Department. Upon receipt of bond, Carl Trafalski, Building Inspector, will be notified to issue building permits that specify planting of trees as noted above.

Therefore, with reference to the regulations as noted above, I recommend approval for acceptance of Marywood Farms - Part II Subdivision. I trust this meets with your approval.

Respectfully yours,
TOWN OF CHEEKTOWAGA

RE: Erie County Sewer District No. I
Marywood Farms Subdivision
Part II

Dear Mr. Marcinkowski,

The sanitary sewer plans for this project have been filed in this office since January of this year or earlier. No review action has been taken by this office until a sewer repair was made on the Rowley Rd. sewer by The Developer's sewer contractor. This has now been done.

Therefore we have reviewed the sanitary sewer plans for the above noted project and find them satisfactory with the following revisions:

1. Pipe shall be laid on 6 inch (Min.) of No. 1 or 1A stone carried to 12 inches over the top of pipe.

We are attaching the following for your review:

1. Three (3) copies of sanitary plans
2. Three (3) copies of forms San. 5 and San. 65
3. Three (3) copies of Engineer's Report

Also attached are three (3) copies of a water application, over which we have no jurisdiction. Be advised that the loadings from this project will not cause any dry weather overflows in the district collection system downstream of the project. When the sanitary plans are approved, kindly advise this office.

Very truly yours,

James Bowen, P.E.
Sanitary Engineer

RE: Messer Subdivision

Gentlemen:

Attached for Town Board approval is a map of the Messer Subdivision consisting of five (5) lots and located on Messer Ave. and Como Park Blvd. Sublot Two (2), a corner lot, measures eighty feet by one hundred, fifty-nine and five tenths feet (80' x 159.50'). The Zoning Ordinance requires that the minimum dimension on a corner lot be eighty-five feet (85'). However, we were informed by the submitter that the Zoning Board had granted a variance for this lot.

Sanitary sewers, highways and a drainage system are already available for these lots. A rear yard drainage system is to be installed as per the Engineering Department's request.

Very truly yours,

Re: 10,000 Gal. Fuel Tank

Gentlemen:

At the request of Mr. George Burst, Town Garage Foreman and with approval of the Town Board, bids were received and opened on August 19, 1974, for a 10,000 gallon fuel tank to store the unleaded gasoline required for automobiles of 1975 and thereafter. Two bidders submitted bids as follows:

Niagara Tank and Pump Company	\$9,189.00
Izzo Tank and Pump Company	\$9,850.00

The Izzo Tank and Pump Company bid included a conditional bid proposal based on delivery of the tank before there is frost in the ground. (Bid \$8,850.). Tank delivery is anticipated at 16-18 weeks. We understand that Mr. John Rogowski, Town Attorney, advises that such a conditional bid is not accepted.

It is recommended that the bid for the furnishing and installation of the 10,000 gallon fuel tank be awarded Niagara Tank and Pump Company for submission of the lowest bid meeting the requirements of the specifications.

Mr. Skowron, the Highway Department Engineer, and I, have inspected the above mentioned streets and find that they meet the specifications as set forth by the Town of Cheektowaga and are described as follows:

IRONDALE DRIVE: a 60 feet wide public right of way, beginning at the southerly line of Cromwell Drive, thence running in a southerly direction a distance of 1,520.48 feet to the northerly line of Croydon Drive fronting on sub-lots 132 through 152 inclusive and 52 through 75 inclusive, all shown on map filed in Erie County Clerk's Office under Cover No. 2331.

CROYDON DRIVE: a 60 feet wide public right of way, beginning at the easterly end of Croydon Drive as heretofore conveyed to the Town of Cheektowaga by deed recorded in Erie County Clerk's Office in Liber 8143 of deed, page 177, thence continuing easterly approximately 275.96 feet to a line which is extension of the easterly line of sub-lot No. 129, fronting on sublots 50, 51, 131, 130, 129, 52, 132 and 173, all as shown on map filed in Erie County Clerk's Office under Cover No. 2331.

Bonds and deeds for the above were received in the Highway Department and were sent to John Rogowski for checking and recording of same.

Therefore, I recommend acceptance of part of Croydon Drive and all of Irondale Drive in Como Subdivision as Town Highways, however, It is imperative that the contractor keep the streets clean at all times during construction. I trust this meets with your approval.

Respectfully yours,
TOWN OF CHEEKTOWAGA
