28

Item No. 1 At a regular meeting of the Town Board of the Town of Cheektowaga, Erie County, New York held at the Town Hall, corner of Broadway and Union Road, in said Town on the 3rd day of October, 1977 at 7:00 o'clock P.M., Eastern Daylight Saving Time, there were:

PRESENT: Supervisor Kenneth J. Meyers

Councilman Frank E. Swiatek

Councilman Raymond J. Wasielewski Councilman Thomas M. Johnson, Jr.

Councilman Frank J. Dux Councilman George Kaczmarek Councilman James R. Burst

ABSENT:

Also present were: Richard M. Moleski, Town Clerk; Robert Miller, Deputy Town Attorney; Chester L. Bryan, Town Engineer; Andrew Schwenk, Sole Assessor; Alfred Wnek, Highway Superintendent; Ron Marten, Building & Plumbing Inspector; Ron Zoeller, Foreman in the Sanitation Dept.; Ken Kopacz, Executive Director of the Youth Board; Ed Leak, Recreation Director; Sal LaGreca, Assistant Manpower Program Director I; Dr. Louis Vendetti, Town Health Officer; Julia Reinstein, Town Historian; Henry Cwiklinski, Civil Defense Director.

I. BIDS

Item No. 2 Engineering Dept. - Furnishing all tools, equipment, materials and labor for the construction of Kokomo Place Drainage Improvements.
Referred to Chester L. Bryan, Town Engineer.

Item No. 4 Engineering Dept. - Furnishing all tools, equipment, materials and labor for the construction of Chapel, Northcrest, Southcrest Drainage Improvements.

Item No. 8 Highway Dept. - Furnishing of street name signs, dead end signs, brackets, u-posts, etc.
Referred to Alfred Wnek, Highway Superintendent.

Recreation Dept. - Hockey Helmets.

Referred to Ed Leak, Recreation Director.

II. PUBLIC HEARINGS

Item No. 10 This was the time and place advertised for a public hearing to consider the advisability of adopting and enacting a "Housing Code" in the Town of Cheektowaga, New York. Said Code regulates and establishes minimum standards governing the condition, occupancy, and maintenance of dwellings within the Town of Cheektowaga; establishes minimum standards governing utilities, facilities, and other physical components and conditions essential to make dwellings and premises safe, sanitary and fit for human habitation; fixes certain responsibilities and duties of owners, operators, agents and occupants of dwellings; and authorizes and establishes procedures for the inspection of dwellings within the Town of Cheektowaga.

The Supervisor directed the Town Clerk to present proof of the publication and posting of the notice of hearing. The Town Clerk presented proof that such notice has been duly published and posted, and upon the order of the Supervisor such proof was duly filed.

The Supervisor announced that the Town Board would hear all persons interested in the subject of the hearing. Comments were heard, after which the Supervisor declared the hearing closed; decision was reserved.

Item No. 11 This being the time and place advertised for a public hearing to consider the advisability of adopting an amendment to the Traffic Ordinance of the said Town of Cheektowaga, which was adopted on July 17, 1967, hereinafter more particularly described, the Supervisor directed the Town Clerk to present proof of publication and posting of the notice of hearing. The Town Clerk presented proof that such notice has been duly published and posted, and upon the order of the Supervisor such proof was duly filed. Said proposed amendment being as follows:

ARTICLE VIII

Stop and Yield Intersections

Section 80 is amended by adding thereto the following:

Street	Direction	Entrance Street	Traffic Stops	Sign Location
NO. MEADOWBROOK PARKWAY	North-South	BISMARCK STREET	Northbound	S.E. Corner
BISMARCK STREET	East-West	NO. MEADOWBROOK PARKWAY	Eastbound	S.W. Corner

The Supervisor announced that the Town Board would hear all persons interested in the subject of the hearing. Comments were heard, after which the Supervisor declared the hearing closed; decision was reserved.

III. RESOLUTIONS

Item No. 12 Motion by Councilman Johnson, seconded by Councilman Wasielewski

WHEREAS, this Town Board duly held a Public Hearing on the 6th day of September, 1977 to consider the advisability of adoption of proposed amendments to the Traffic Ordinance of the Town of Cheektowaga which was adopted on July 17, 1967, said Hearing being held in accordance with Notice thereof which was duly published as required by law, at which Hearing an opportunity to be heard was afforded all persons interested in the subject thereof.

NOW, THEREFORE, BE IT RESOLVED as follows:

Section 1.

That this Town Board determine that it is in the public interest to

Item No. 12 Cont'd.

adopt the following amendments to the Traffic Ordinance of the Town of Cheektowaga, County of Erie and State of New York, and said amendments are herewith adopted and enacted:

ARTICLE X

I, RICHARD M. MOLESKI, Town Clerk of the Town bereinsfur described, DO HEREBY CERTIFY as follows

 A regular meeting of the Town Board of the Town of Checktowaga, a town located in the County of Erie, State of New York, was duly held on October 3, 1977, and minutes of said meeting have been duly recorded in the Minute Book by me in accordance with law for the purpose of recording the minutes of meetings of said Board, and such minutes appear at item No. 12, inclusive, of said book. 2. I have compared the attached

extract with said minutes so recorded ed said extract is a true copy of said minutes and of the whole thereof insofar as said minutes relate to matters referred to in said extract. 3. Said minutes correctly state the

time when said meeting was convened, the place where such meeting was held and the members of said Board who attended said meeting. IN WITNESS WHEREOF, I I

hereunto set my hand and lave hereunto affixed the corporate seal of said Town, this 4th day of October,

RICHARD M. MOLESKI **Town Clerk**

WHEREAS, Andrew H. Schwenk and Casimir A. Kozminski, Assessors of said Town of Cheektowaga, have certified in writing to this Board that the above petition is duly signed and acknowledged in the same manner as a deed to be recorded by the owners of more than one-half of the entire frontage or bounds on both sides of said highway to be improved as aforesaid, and

WHEREAS, the said highway to be improved as aforesaid is situated entirely in said Town outside of any incorporated village or city therein; NOW, THEREFORE

IT IS HEREBY ORDERED that the Town Board of the Town of Cheektowaga meet at the Town Hall, corner of Broadway and Union Road, in said Town of Cheektowaga, on the 17th day of October, 1977, at 7:00 o'clock P.M., Eastern Daylight Saving Time, to hear all persons interested in the subject thereof concerning the same, and

IT IS FURTHER ORDERED that a copy of this order, certified by the Town Clerk, be published at least once in the CHEEKTOWAGA TIMES newspaper having a general circulation in the Town, not less than ten (10) nor more than twenty (20) days before the date set herein for the hearing, and shall also be posted on the signboard of the Town maintained pursuant to Subdivision six of Section thirty of the Town Law of New York not less than ten (10) nor more than twenty (20) days before the date set herein for the hearing.

Upon Roll Call....

Item No. 41 Motion by Councilman Kaczmarek, seconded by Councilman Wasielewski

WHEREAS, bids were duly received by this Town Board at a meeting thereof held on September 19, 1977 for the purchase of new tires, recapped tires, and tubes for use in the Cheektowaga Highway Department, as a result of advertisement therefor, and such bids were referred to the Superintendent of Highways for analysis, tabulation and report, and

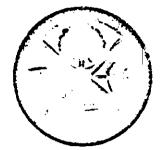

WHEREAS, such analysis, tabulation and report has been completed, now, therefore, BE IT

RESOLVED that the bids be awarded to the lowest responsible bidders meeting specifications as set forth in the letter attached hereto and made a part hereof.

*See next seventeen (17) pages for copy of letter and tabulation!

ALFRED F. WNEK SUPERINTENDENT

OFFICE: 683-4775

TOWN OF CHEEK TOWAGA ERIE COUNTY, NEW YORK

OFFICE OF SUPERINTENDENT OF HIGHWAYS 3145 UNION ROAD CHEEKTOWAGA, NEW YORK 14227

September 26, 1977

HONORABLE KENNETH MEYERS, SUPERVISOR HONORABLE MEMBERS OF THE TOWN BOARD TOWN OF CHEEKTOWAGA, NEW YORK 14227

Gentlemen:

Award of tire bids Re:

On September 19, 1977 bids were opened and read at the Town Board meeting for new tires, recapped tires, and tubes for the Town of Cheektowaga Highway Department.

The results were tabulated and a copy of the prices are attached hereto.

Therefore, I recommend awarding the contracts to the lowest responsible bidders as shown on the attached tabulated copies.

I trust this meets with your kind approval.

Respectfully yours,

Town of Cheekton aga

WNEK.

Item No. 2 Decision on Amendment to the Traffic Ordinance - Art. VIII: "Stop & Yield Intersections" (N. Meadowbrook Pkwy. & Bismarck St.).

Motion by Councilman Burst, seconded by Councilman Johnson

WHEREAS, this Town Board duly held a Public Hearing on the 3rd day of October, 1977 to consider the advisability of adoption of proposed amendments to the Traffic Ordinance of the Town of Cheektowaga which was adopted on July 17, 1967, said Hearing being held in accordance with Notice thereof which was duly published as required by law, at which Hearing an opportunity to be heard was afforded all persons interested in the subject thereof.

NOW, THEREFORE, BE IT RESOLVED as follows:

Section 1.

That this Town Board determine that it is in the public interest to adopt the following amendments to the Traffic Ordinance of the Town of Cheektowaga, County of Erie and State of New York, and said amendments are herewith adopted and enacted:

ARTICLE VIII

Stop and Yield Intersections

Street	Direction	Entrance Street	<u>Traffic</u> <u>Stops</u>	Sign Location
NO. MEADOWBROOK PARKWAY	North-South	BISMARCK STREET	Northbound	S.E.Corner
BISMARCK STREET	East-West	NO. MEADOWBROOK PARKWAY	Eastbound	S.W.Corner

Section 2. Time to take effect.

- (a) These amendments shall take effect immediately except those parts, if any, which are subject to approval under Section 1684 of the Vehicle and Traffic Law of the State of New York.
- (b) Any part or parts of these amendments which are subject to approval under Section 1684 of the Vehicle and Traffic Law of the State of New York shall take effect from and after the day on which approval in writing is received from the New York State Traffic Commission.

Item No. 2 Cont'd.

Section 3. Territorial application.

These amendments shall apply to all of the Town of Cheektowaga, Erie County, New York, outside of the villages of Depew and Sloan.

Section 4. Publication and Posting.

That these amendments to the Traffic Ordinance shall be entered in the minutes of this Town Board and shall be published in the CHEEKTOWAGA TIMES, a newspaper published in this Town, and a printed copy thereof shall be posted on the signboard maintained by the Town Clerk pursuant to Subdivision 6 of Section 30 of the Town Law of the State of New York, and affidavit of such publication and posting shall be filed with the Town Clerk and the Town Clerk shall likewise enter in the Ordinance Book a copy of this amendment specifying the date of adoption thereof.

By order of the Town Board of the Towns of Cheektowage, Eric County, New York.

RICHARD M. MOLESKI Town Clerk
BATED: October 17, 1977

Item No. 10 Motion by Councilman Dux, seconded by Supervisor Meyers

WHEREAS, the U.S. Department of Commerce Economic Development Administration has informed the Town of Cheektowaga on August 31, 1977 that it was successful in its application for E.D.A. Funds in the amount of \$344,000 for Alterations and Additions to the Town Hall, and

WHEREAS, E.D.A. requirements state that construction must start within 90 days of the date of the award, NOW, THEREFORE, BE IT

RESOLVED that the Town Clerk be and hereby is directed to publish a Notice to Bidders for the construction work of Alterations and Additions to the Town Hall, Town of Cheektowaga. Said notice to bidders will include general construction, plumbing, heating, ventilating and air conditioning, and electric. Information for bidders and specifications may be obtained from the office of the Town Clerk upon deposit of \$25.00, said notice to be published in the CHEEKTOWAGA TIMES, BUFFALO EVENING NEWS and COURIER EXPRESS, and BE IT FURTHER

RESOLVED that the Town Board will meet at 7:00 P.M., Eastern Standard Time on November 7, 1977, for the purpose of properly opening and reading the sealed bids.

NOTICE TO BIDDERS

NOTICE IS HEREBY GIVEN that pursuant to a resolution of the Town Board of the Town of Cheektowaga, in Erie County, New York, sealed proposals shall be received and considered by said Town Board on the 7th day of November, 1977 at 7:00 P.M., Eastern Standard Time, at a meeting of the Board in the Council Chambers of the Town Hall, corner of Broadway and Union Road, Cheektowaga, together with labor, for the General Construction Work, Heating and Ventilating Work, Plumbing Work and Electric Work for Alterations and Additions to the Town Hall, Cheektowaga, New York, in accordance with the working drawings and specifications prepared by Donald T. Maharan Associates, P.C., 505 Delaware Avenue, Buffalo, New York. One copy of each of said working drawings and specifications may be obtained upon deposit of \$25.00. Any bidder upon returning such copy in good condition, within thirty days following the award of the contract, or the rejection of the bid of such bidder, will be refunded \$25.00. Deposit will be forfeited by non-bidders, but documents must be returned to architect's office.

Each proposal must be accompanied by a certified check in the sum of Ten Per Centum (10%) of the amount of the bid payable to the order of the Town of Cheektowaga, or a bond with sufficient sureties to be approved by the Town of Cheektowaga, in the sum of Ten Per Centum (10%) of the bid, conditioned that it is the bid accepted, the bidder will enter into a contract for the same, and that he will execute such further security as may be required for the faithful performance of the contract.

Attention of the bidders is particularly called to the requirements as to the conditions of employment to be observed, and the minimum wage rates to be paid under the contract.

No bidder may withdraw his bid within forth-five (45) days after the actual date of the opening thereof.

The Town Board reserves the right to waive any informalities in, or to reject any or all bids, if in its judgement it shall deem it to be in the best interests of the Town of Cheektowaga so to do and as permitted by law.

In order to be considered, all bids must be filed with the undersigned Town Clerk prior to the time of opening thereof.

BY ORDER OF THE TOWN BOARD OF THE TOWN OF CHEEKTOWAGA, ERIE COUNTY, NEW YORK.

CHESTER L. BRYAN, P.E. TOWN ENGINEER 716—683-2200

October 14, 1977

TO THE SUPERVISOR AND HONORABLE TOWN BOARD MEMBERS TOWN OF CHEEKTOWAGA

RE: Nandale - Veterans Storm Sewer Project

Gentlemen:

Following is the summary of bids that were received and opened at the October 3, 1977 regular Town Board Meeting. These are bids for the construction of the Nandale - Veterans Storm Sewer Project.

Engineer's Estimate	\$65,323.00
Firstrhyme Construction, Inc.	41,810.00
Wagner Excavating, Inc.	42,403.30
Delaware-American	45,054.00
Marin Concrete Company, Inc.	45,658.60
John R. Schuler, Inc.	57,825.00
M. C. Morgan Contractors, Inc.	62,166.00

These bids were reviewed by the consulting firm of Nussbaumer & Clarke, Inc., which firm prepared the specifications. The recommendation is that the contract be awarded to the lowest bidder, First-rhyme Construction Corporation, Inc., 133 Ransom Road, Lancaster, New York 14086 for the submission of the lowest bid in the amount of \$41,810.00, said bid meeting the requirements of the specifications.

Firstrhyme Construction Corporation, Inc. has successfully performed storm and sanitary sewer construction for various local municipalities and agencies in the past. The type of construction work has been similar to that which is required for this project.

Very truly yours,

Item No. 18 Motion by Councilman Swiatek, seconded by Councilman Dux

WHEREAS, the children of our Community are entitled to the fun and excitement associated with "Beggar's Night", including going from door to door in their immediate neighborhoods with their happy challenges or trick-or-treat; and

WHEREAS, the increasing possibility of accidents is an ever present threat; and

WHEREAS, it would appear that parents generally favor the early evening hours, since it tends to limit participation to the younger children, for whom the observence was originally intended and thereby discourages interference and disruption by the very small percentage of older children, who under cover of darkness and with their identities concealed by masks and costumes, might otherwise spoil the fun for the smaller children, NOW, THEREFORE, BE IT

RESOLVED that Sunday, October 30, 1977, shall be known as "Beggar's Night" in the Town of Cheektowaga, and that the Town Board ask both children and their parents to cooperate in limiting the time of "trick-or-treating" activities to the period between 6:00 P.M., and 9:00 P.M. We further ask that, whenever possible, parents of the very young insure that they or other responsible adults accompany them, and we further encourage all householders, whenever they are able to do so, to cooperate in making this a happy occasion for all youngsters by keeping their porch or exterior lights on.

Item No. 37 Adoption of Housing Code

Motion by Councilman Johnson, seconded by Councilman Wasielewski

WHEREAS, uniform and adequate housing standards and regulations are essential to correct substandard housing conditions and to ensure a desirable living environment in the community, and

WHEREAS, the Town Law of the State of New York grants authority to the Town Board, after a public hearing, to enact a housing code, regulating and establishing, amongst other things, minimum standards governing the condition, occupancy, and maintenance of housing, and

WHEREAS, if the Town Board enacts a housing code, loan applications, pursuant to the Department of Housing and Urban Development's 312 loan program, can be processed, and

WHEREAS, the Town Board duly called a public hearing to consider the advisability of adopting said housing code and gave due notice thereof as required by law, and

WHEREAS, a public hearing on said proposed housing code was duly held by this Town Board at the Cheektowaga Town Hall, corner of Broadway and Union Road, Cheektowaga, New York on the 3rd day of October, 1977 at 7:00 o'clock p.m., Eastern Daylight Saving Time; and at which hearing all parties in interest and citizens had an opportunity to be heard, and were heard, and

WHEREAS, it is in the public interest to adopt the following housing code of the Town of Cheektowaga, New York, as set forth below,

NOW, THEREFORE, BE IT RESOLVED that the Housing Code of the Town of Cheektowaga, New York be and the same hereby is adopted as follows:

* See next 53 pages for Housing Code

b—This Chapter shall not apply to fallout shelters constructed or installed to provide safety and security to occupants in accordance with specifications and standards contained in regulations or orders issued by the New York State Civil Defense Commission, or other analogous or successor body.

1-106 APPLICATION

The provisions of this Chapter shall supplement State and local laws, ordinances, codes, or regulations. Where a provision of this Chapter is found to be in conflict with a provision of a State or local law, ordinance, code, or regulation, the more restrictive provision shall prevail when legally permissible.

1-107 TOWN BUILDING CODE

Installations, alterations, and repairs to residential premises, which are required to correct violations of the provisions of this Chapter, and materials, assemblies, and equipment utilized in connection therewith, shall be safe to persons and property. Conformity of such work, materials, assemblies, or equipment with applicable requirements of the Town Building Code and generally accepted standards shall satisfy this requirement.

1-108 PARTIAL INVALIDITY

If a term, part, provision, section, subdivision, or paragraph of this Chapter shall be adjudged unconstitutional, invalid, or ineffective, in whole or in part, such determination shall not be deemed to affect, impair, or invalidate the remainder of the terms, parts, provisions, sections, subdivisions, or paragraphs.

1-109 ABBREVIATIONS AND DEFINITIONS

1-109.1 General

a—Abbreviations, terms, phrases, words, and their derivatives used in this Chapter shall have the meanings stated in this section. Terms and words not defined shall have their ordinarily accepted meanings or such as the context may imply.

b—Words used in the singular include the plural, and the plural include the singular. Words used in the masculine gender include the feminine and neuter genders.

1-109.2 Abbreviations

Btu British thermal unit

C. Centigrade

cfm Cubic feet per minute

F. Fahrenheit

ft Foot or feet

gal Gallon or gallons

gpm Gallons per minute

in. Inch or inches

psf Pounds per square foot.

psi Pounds per square inch

1-109.3 Definitions

accessory structure. A structure used or occupied as an adjunct of, or in conjunction with, the use or occupancy of premises, or building or buildings thereon, and which is located on the premises or adjacent thereto.

accessory use. A use or occupancy of premises in conjunction with, or for the service of, the residential use. Such accessory use may be located within a residential building or on the same or adjoining premises and may include, but not be limited to: a—offices for the building management; b—public dining rooms, banquet rooms, public kitchens, and ballrooms; c—recreation and play rooms; d—laundries for the use of occupants, provided by or in connection with the management and operation of a residential building; e—maintenance and work shops, storage rooms for linen, bedding, furniture, supplies, and occupants' equipment and effects; f—stores, rooms, or space for the sale or display of merchandise; g—garages used for the storage of motor vehicles.

ampacity. Current-carrying capacity expressed in amperes.

apartment. A dwelling unit in a multiple dwelling or mixed occupancy building.

apartment hotel. A building containing primarily apartments rented, either furnished or unfurnished, with maid, telephone, desk, linen, or other services provided to the occupants. See https://doi.org/10.1007/journal.com/hotel/building.

apartment house. A building containing primarily apartments. See apartment hotel, multiple dwelling.

approved. Adjudged satisfactory, by the administrative officer pursuant to the regulations of this Chapter, by an authority designated by law or this Chapter, or, when used in connection with materials, appliances, equipment, or devices, by a testing agency recognized under the Town Building Code.

<u>basement</u>. That space of a building that is partly below grade, which has one-half or more of its height, measured from floor to ceiling, above the average finished grade.

bathroom. Enclosed space containing one or more bathtubs, showers, or both, and which may also contain water closets, lavatories, or fixtures serving similar purposes. See toilet room.

boarding house. See lodging house.

boatel. See hotel.

building. A structure wholly or partially enclosed within exterior walls, or within exterior and party walls, and a roof. The term, building, shall be construed as if followed by the phrase "or part thereof", unless otherwise indicated by the text.

cellar. That space of a building that is partly or entirely below grade, which has more than one-half of its height, measured from floor to ceiling, below the average finished grade.

central dining room. A room where meals are furnished or served.

central kitchen. A kitchen serving a central dining room.

club. See dormitory.

combustible. Material or combination of materials which will ignite and support combustion when heated at any temperature up to 1382°F. (750°C.), during an exposure for 5 minutes.

communal dining room. A room designed and equipped for eating purposes for occupants.

communal kitchen. A kitchen available for common use of occupants.

convalescent home. A facility regulated by the State, and operated for the purpose of providing therein lodging, board, and bedside care or hygienic attention, but not including medical or nursing care, to sick, infirm, disabled, or convalescent persons.

dormitory. A building containing dormitory units, lodging units, or apartments for the use of students, employees, or guests. See multiple dwelling.

dormitory unit. A room designed to be used for sleeping purposes only, by four or more occupants.

dwelling, one-family. A building containing only one dwelling unit, and occupied by only one family.

dwelling, two-family. A building containing only two dwelling units, and occupied by only two families.

dwelling unit. A complete self-contained residential unit, with living, sleeping, cooking, and sanitary facilities within the unit, for use by one family.

exit. A way of departure from the interior of a building or structure to the exterior, at a street, or to a yard, court, or passage-way leading to a public open area, including doorways, passageways, hallways, corridors, stairways, ramps, fire escapes, and all other elements necessary for egress or escape.

fallout shelter. A building, structure, or other real property, or an area or portion thereof, constructed, altered, or improved to afford protection against radioactive fallout.

family. A single person; or two or more persons related by blood or marriage, and maintaining a common household with not more than two boarders, roomers, or lodgers; or, a group of not more than four persons, not necessarily related by blood or marriage, and maintaining a common household.

The term, family, does not include live-in household employees.

fire-resistance rating. Time in hours, or parts thereof, that a material, construction, or assembly will withstand fire exposure, as determined in a fire test made in conformity with generally accepted standards, or as determined by extension or interpretation of information derived therefrom.

flame-resistant material. Material which is flame resistant by nature or has been made flame resistant, in conformity with generally accepted standards.

flame-spread rating. The measurement of flame spread on the surface of materials or their assemblies, as determined by tests conducted in conformity with a generally accepted standard.

fraternity house. See dormitory.

generally accepted standard. A specification, code, rule, guide, or procedure in the field of construction or related thereto, recognized and accepted as authoritative under the Town Building Code listed and published as of December 21, 1942, as amended.

grade:

finished. Natural surface of the ground, or surface of ground after completion of any change in contour.

average finished. The average elevation of the finished grade adjoining a building wall. Where two or more building walls are involved, the average shall be computed on the following basis: multiply the length of each building wall by the average elevation along the respective wall and add the products obtained to form a total; divide this total by the sum of the lengths of the building walls.

ground cover.

- (a) Vegetative. Lawn, turf, or vegetative growth other than weeds, thistles, allergenics, drug derivatives, or similar plants.
- (b) Mechanical. Crushed stone or other mechanically-applied materials which stabilize ground surface.

habitable space. Space used for living, sleeping, eating, or cooking. Kitchenettes shall not be deemed to be habitable space. See non-habitable space, public space, and exit.

hotel. A building containing primarily hotel units, for the purpose of furnishing lodging, with or without meals, for transient occupancy; and with management maintaining a register, and providing daily housekeeping and other incidental services, including desk, telephone, or bellboy services. See <u>apartment</u> hotel, <u>multiple</u> dwelling.

hotel unit. A room or group of rooms forming a single unit, used or intended to be used for living and sleeping purposes, with or without sanitary facilities, and having no cooking facilities. See dwelling unit.

infestation. The presence, within a building or structure, or on premises, of insects, rodents, vermin, or other pests.

interior finish. Material applied directly to walls or ceilings for acoustical correction, surface insulation, decorative treatment, or similar purposes, including, but not limited to, veneer, wainscotting, and paneling. Surface finishes of wallpaper or other materials not more than 1/28-inch thick having no greater fire hazard than wall-paper, shall not be deemed to be interior finish.

interior trim. Material generally not exceeding 12 inches in width, around openings or on wall or ceiling; including casings, stools, aprons, baseboards, chair rails, picture molds, cornice moldings, and moldings applied for decoration.

<u>kitchen</u>. Space, sixty square feet or more in floor area, designed and equipped for the purpose of cooking and preparation of food. See <u>central kitchen</u>, <u>communal kitchen</u>.

<u>kitchenette</u>. Space, less than sixty square feet in floor area, designed and equipped for the purpose of cooking and preparation of food.

lodging house. A building containing primarily lodging units, with or without meals provided as a condition of occupancy. See <u>multiple</u> <u>dwelling</u>.

<u>lodging unit</u>. A room or group of rooms forming a single unit, used or intended to be used for living and sleeping purposes, with or without sanitary facilities, and having no cooking facilities. See <u>dwelling unit</u>.

migrant. A seasonal laborer who moves from area to area for work purposes in agriculture, horticulture, or food processing.

migrant housing premises. Property used, or intended to be used, as residential accommodations and related facilities for migrants.

mixed occupancy building. A building occupied in part for residential use and in part for some other nonaccessory use. See <u>multiple</u> dwelling.

mobile housing premises. Property, including improvements and facilities, designed to accommodate mobile homes and recreational vehicles, including such units located thereon.

motel. See hotel.

multiple dwelling. Any of the following:

(a) A building designed or occupied for residential purposes by more than two families; or

(b) A series of attached, detached, or semi-detached buildings, which are provided as a group collectively with essential services and utilities, and which are located on a lot, plot, or parcel of land, under common ownership; or

(c) The residential part of a mixed occupancy building. Regardless of the foregoing, any residential building, other than a one- or two-family dwelling on a single zoning lot, shall be deemed to be a multiple dwelling.

municipality. A city, town, or village.

noncombustible. Material or combination of materials which will not ignite and support combustion when heated at any temperature up to 1382°F. (750°C.), during an exposure for 5 minutes.

nonhabitable space. Space used for and including but not limited to, kitchenettes, pantries, bath, toilet, laundry, rest, dressing, locker, storage, utility, heater, and boiler rooms, and other spaces for service and maintenance of the building or structure. See habitable space, public space, and exit.

nursing home. A facility regulated by the State, providing therein nursing care to sick, invalid, infirm, disabled, or convalescent persons, in addition to lodging and board.

old-age home. A facility regulated by the State, and operated for the purpose of providing therein care to adult persons who, though not requiring medical or nursing care, are in such condition by reason of age as to require, in addition to lodging and board, personal services to assure their safety and comfort.

occupant. The person in occupancy, or in possession, or in control of premises, or using premises.

owner. The person exercising dominion or control over, or vested with title in, premises; a proprietor (legal owner, joint owner, part owner, record owner, equitable owner, reputed owner, or their successors in interest); or the respective agent of any of them.

plumbing system. The water supply system, drainage system, vent system, fixtures and traps, including their respective connections, devices, and appurtenances within property lines.

potable water. Water approved for drinking, culinary, and domestic purposes.

<u>public space</u>. Space within a building for public use, such as lobbies, lounges, reception, ball, meeting, lecture, and recreation rooms, banquet and dining rooms including appurtenant kitchens, and swimming pools.

property. Land, including buildings, structures, facilities, and improvements, used, or intended to be used, as residential accommodations or facilities.

residential premises. Property used, or intended to be used, for dwelling or related purposes.

rooming house. See lodging house.

<u>sewage</u>. Liquid waste containing animal or vegetable matter in suspension or solution and which may include industrial wastes and liquids containing chemicals.

shall. As used in this Chapter, is always to be construed as mandatory.

shower room. See bathroom.

sorority house. See dormitory.

story. Portion of a building which is between one floor level and the next higher floor level or the roof. If a mezzanine floor area exceeds one third of the floor immediately below, it shall be deemed to be a story. A basement shall be deemed to be a story when its ceiling is 6 or more feet above the average finished grade. A cellar shall not be deemed to be a story. An attic shall not be deemed to be a story, if unfinished and not used for human occupancy.

structure. An assembly of materials, forming a construction framed of component structural parts for occupancy or use, including buildings.

toilet room. Enclosed space, containing one or more water closets, which may also contain one or more lavatories, urinals, and other plumbing fixtures. See bathroom.

Town Building Code. Rules and regulations relating to building construction, as promulgated by the Town Building Code, and which collectively are known as the Town Building Code, as in force and effect on December 21, 1942, as amended.

ventilation. Supply to and removal of air from a space by natural
or mechanical means:

natural. Ventilation by opening to outer air through windows, skylights, doors, louvers, or stacks with or without wind-driven devices.

mechanical. Ventilation by power-driven devices.

Part 2

General Provisions

1-201 GENERAL REQUIREMENTS

Buildings used or occupied for residential use, as defined and classified in this Chapter, shall conform to the use, occupancy, size, light, ventilation, vertical travel, exit and egress requirements, to provide for a safe and healthful environment.

1-202 OCCUPANCY CLASSIFICATION OF BUILDINGS

Buildings, for the purpose of this Chapter, shall be classified in respect to their uses or occupancies, as follows:

One- and Two-Family Dwellings

Multiple Dwellings-

Apartments houses, apartment hotels,

Hotels, motels, boatels,

Lodging houses, rooming houses, boarding houses, Clubs, dormitories, fraternity and sorority houses.

Mixed Occupancy Buildings-

Residential and accessory use parts shall be classified

as multiple dwellings.

Non-residential parts shall be classified in accordance with their occupancy and use under the Town Building Code. Components of such parts including, but not limited to, structural elements, mechanical and electical service equipment, and fire protection equipment shall be subject to applicable provisions of this Chapter and generally accepted standards of engineering and fire protection practice, so as to ensure the health, safety, and welfare of the residential occupants of the building.

Accessory Structures.

MAXIMUM OCCUPANCY

1-203

a—In dwelling units—the maximum number of occupants of each such respective unit shall be limited to a number determined on the basis of the floor area of each habitable room, other than kitchens, as follows:

One occupant per habitable room having a floor area of at least 80 but less than 120 square feet;

Two occupants per habitable room having a floor area of at least 120 but less than 180 square feet; and

Three occupants per habitable room having a floor area of 180, or more, square feet.

b—In hotel units and lodging units—the maximum number of occupants shall be limited to the number determined on the same basis as for dwelling units.

c-In dormitory units-the maximum number of occupants shall be

limited to a number determined by dividing the floor area of the unit by 50 square feet. In no case shall the floor area of a dormitory unit be less than 200 square feet.

d—The maximum number of occupants permitted in hotel units, lodging units, or dormitory units shall be posted in a conspicuous place in each such unit.

e—Communal dining rooms and central dining rooms shall contain at least 15 square feet of floor area per occupant. The maximum number of occupants permitted, at any particular time, shall be posted in a conspicuous place in each unit.

f—Communal dining space in communal kitchens shall be exclusive of clear working space, at least 4 feet in front of kitchen equipment, and comply with the requirements for communal dining rooms.

1-204 PROHIBITED USES

a—It shall be prohibited to use for sleeping purposes any kitchen, nonhabitable space, or public space.

b—It shall be prohibited to prepare meals in hotel units, lodging units, and dormitory units.

c—It shall be prohibited to use any cellar space as habitable space.
d—It shall be prohibited, in dwelling units, hotel units, lodging

units, and dormitory units, to conduct a home occupation:

(1) for the teaching of more than four pupils simultaneously,
or in the case of musical instruction, of more than a single pupil at a time; or

(2) to which, is devoted, more than 25 per cent of the total floor area of the unit, and in no event more than 500 square feet of floor area; or

(3) which produces offensive noise, vibration, smoke, dust or other particulate matter, odorous matter, heat, humidity, glare, or other objectionable effects.

e—It shall be prohibited to occupy or use for residential purposes the residential part of a mixed occupancy building, if the nonresidential part of such building is classified for use as a high hazard occupancy, or if the non-residential use is obnoxious or offensive to residential occupancy or use.

1-205 HABITABLE SPACE

1-205.1 Size

a—Habitable space shall have a minimum height of 7 feet 6 inches, measured from floor to ceiling. In habitable space with a sloping ceiling, the required minimum ceiling height of 7 feet 6 inches shall be provided in at least 50 per cent of the floor area, and the area where the ceiling height is less than 5 feet shall not be included in computing required floor area.

b—A dwelling unit shall contain at least one habitable room having a minimum of 150 square feet of floor area, with a minimum horizontal dimension of 10 feet.

c—Kitchens shall have a minimum of 60 square feet of floor area, and other habitable spaces shall contain not less than 80 square feet of floor area, with a minimum horizontal dimension of 7 feet. d—Alcoves, except cooking spaces or foyers, to be deemed part of a habitable room shall conform with the following:

- (1) An alcove less than 60 square feet in area shall be deemed part of the habitable room which it abuts, provided, the dividing partition between the alcove and the room has an opening of at least 80 per cent of the wall area of such partition, measured on the alcove side, which wall area may not be less than 40 square feet, and the depth of such alcove does not exceed half its width.
- (2) The floor area of the alcove shall be added to the floor area of the habitable room, for the purpose of complying with the light and ventilation requirements of section 1-205.3
- (3) An alcove with an area of 60 square feet or more, but less than 80 square feet, shall be deemed part of the habitable room which it abuts, provided, it meets the requirements of subparagraph (1) and is separately lighted and ventilated, as required for habitable space in section 1-205.3.

1.205.2 Location in Respect to Grade Level Habitable space located partially below grade shall conform to the definition of a basement, with the floor level of such space not more than 4 feet below the average finished grade.

1-205.3 Light and Ventilation
a—Habitable space, exclusive of kitchens, shall have natural light provided by means of one or more windows, skylights, transparent or translucent panels, or any combination thereof, that face directly on open space. The amount of light shall be equivalent to that transmitted through clear glass equal in area to not less than 10 per cent of the floor area of the habitable space. In computing the amount of light transmitted, only window or panel areas 6 inches or more above the adjoining finished grade shall be included in such calculation. b—Habitable space shall be provided with electric light appropriate

for the intended use.

c—Habitable space, exclusive of kitchens, shall have natural ventilation provided by means of openable parts of windows or other openings in exterior walls that face directly on open space, or through openable parts of skylights. Such openable parts shall have a total clear ventilation area equal to not less than 5 per cent of the floor area of the habitable space. In computing the total clear ventilation area, only openable parts, of windows or other openings, 6 inches or more above the adjoining finished grade shall be included in such calculation.

d—Habitable space may also be provided with mechanical ventilation in addition to natural ventilation, but not in substitution thereof, except: kitchens may be provided with natural ventilation, conforming with paragraph c of this section, or with mechanical ventilation exhausting not less than 150 cfm.

1-205.4 Open Space

a—Open space shall be of sufficient area, to permit required natural light and ventilation for habitable space.

b—Windows, panels, and openings required to provide natural light or ventilation shall face directly on open space conforming to the following:

(1) Where such open space is bounded on two sides by walls, with two open ends, and the vertical dimension of the lower wall is 30 feet or less, the horizontal dimension between walls shall be at least 8 feet. For each foot that the vertical dimension of the lower wall exceeds 30 feet, the horizontal dimension between walls, above the 30 foot level, shall be increased by at least 3 inches.

Vertical dimension shall be measured from the floor level of the story containing required windows, panels, or openings to the top of the lower wall. Horizontal dimension shall be measured, at the same floor level, from the wall containing such windows, panels, or openings to the facing wall.

- (2) Where such open space is bounded on three sides by walls, in addition to the requirements of subparagraph (1), the horizontal dimension from the open end of the open space to the wall opposite the open end shall not exceed 4 times the horizontal dimension between the facing walls.
- (3) Where such open space is bounded on four sides by walls, in addition to the requirements of subparagraph (1), the horizontal dimension between any two facing walls shall not exceed 2 times the horizontal dimension between the other two facing walls.

1-205.5 <u>Miscellaneous Requirements</u>

a—Dwelling units shall be separate and apart from each other. Sleeping rooms shall not be used as the only means of access to other sleeping rooms or habitable spaces.

b—Hotel units, lodging units, and dormitory units shall be designed to provide privacy, and be separate from other adjoining spaces.

c—Communal kitchens and communal dining rooms shall be accessible only from a common hall or passageway.

1-206 PUBLIC SPACE

1-206.1 Height

Public space shall have a minimum height of 7 feet 6 inches, measured from floor to ceiling.

1-206.2 Light and Ventilation

a—Public lobbies and lounges shall be provided with electric light conforming to the requirements of section 1-210.5. b—Public reception, ball, meeting, lecture, and recreation rooms, and similar public spaces, shall be provided with electric light appropriate for the intended use.

c—Public spaces shall be provided with either natural ventilation, conforming to the requirements for habitable space, or with mechanical ventilation conforming to the requirements of table 1-512.7e.

1-207 NONHABITABLE SPACE

1-207.1 Height

In multiple dwellings—nonhabitable space, except crawl spaces and attics, shall have a minimum height of 7 feet, measured from floor to ceiling.

1-207.2 <u>Toilet Rooms and Bathrooms</u>

a-Toilet rooms and bathrooms shall be designed and arranged to provide privacy.

b—Toilet rooms and bathrooms shall not be used as a passageway to a hall, or other spaces, or to the exterior.

c—A toilet room or bathroom in a dwelling unit shall be accessible from any sleeping room without passing through another sleeping room. d—Toilet rooms and bathrooms serving hotel units, lodging units, or dormitory units, unless located within such respective units, or directly connected thereto, shall be provided on the same story with such units, and be accessible only from a common hall or passageway. e—Toilet rooms for employees in multiple dwellings shall be separate for each sex where there are 5 or more employees, shall be readily accessible to such employees, and shall not open directly into any public kitchen or other public space used for the cooking or preparation of food.

f—The entrance to every toilet room with facilities to serve more than one person at a time, and opening into a public space or passageway, shall be provided with a vestibule or fixed partition to screen the interior from view. The door of every such toilet room, with multiple facilities, shall have an effective self-closing device. Doors of toilet rooms, with facilities to serve one person at a time, shall be provided with an interior door lock.

g—In one— and two-family dwellings—bathrooms and toilet rooms shall be provided with floors of moisture—resistant material.

h—In multiple dwellings—floors of bathrooms, toilet rooms, and similar spaces shall be waterproof; such waterproofing shall extend 6 inches or more above floors, except at doors. Walls shall be constructed or covered with moisture-resistant material.

1-207.3 Light and Ventilation

a—Kitchenettes, bathrooms, and toilet rooms shall be provided with electric light of sufficient intensity and so distributed as to permit the maintenance of sanitary conditions, and the safe use of the space and the appliances, equipment, and fixtures.

b—In one- and two-family dwellings—kitchenettes, bathrooms, and toilet rooms shall be provided with ventilation in accordance with either of the following:

Natural ventilation by openings which comply with the requirements of section 1-205.3c, except that minimum openings shall be 3 square feet for kitchenettes, and l_2^k square feet for bathrooms and toilet rooms; or

Mechanical ventilation exhausting not less than 150 cfm for kitchenettes, and not less than 25 cfm for bathrooms and toilet rooms.

c— In multiple dwellings—kitchenettes, bathrooms, and toilet rooms shall be provided with ventilation in accordance with either of the following:

Natural ventilation by openings which comply with the requirements of section 1-203.3c, except that minimum openings shall be 3 square feet for kitchenettes, and bathrooms and toilet rooms designed for private use, and 1 square foot per water closet or urinal, or 3 square feet, whichever is greater, for bathroom and toilet rooms designed for public use; or Mechanical ventilation exhausting not less than 150 cfm for kitchenettes, 25 cfm for bathrooms and toilet rooms designed for private use, and 40 cfm, per water closet or urinal, for bathrooms and toilet rooms designed for public use.

d-Stairs shall be provided with electric light to allow safe ascent and descent.

e-Laundry rooms, furnace rooms, and similar nonhabitable spaces shall be provided with electric light appropriate for the intended use of such rooms.

f—Spaces in multiple dwellings which contain central heat producing equipment, incinerator, or air conditioning equipment, shall be ventilated directly to the outer air.

g—Shower rooms, locker rooms, dressing rooms, and laundry rooms shall be provided with either natural ventilation, conforming to the requirements for habitable space, or with mechanical ventilation conforming to the requirements of table 1-512.7e.

h—Garages within or accessory to multiple dwellings shall be provided with electric light appropriate for the intended use of such spaces. i—Garage areas above grade, in excess of 1,000 square feet, and all garage areas below grade shall be provided with mechanical ventilation, in conformity with table 1-512.7e.

1-208 ELEVATORS AND ESCALATORS

Elevators and escalators shall be maintained in good and safe operating condition, and adequately lighted at all times.

1-209 RAILINGS AND PARAPET WALLS

a—Railings or parapet walls shall be provided at open sides of balconies, mezzanines, porches, accessible roofs, exit passageways, areaways, motor vehicle parking decks and ramps, and around floor openings.

b—Railings or parapet walls shall be at least 3 feet 6 inches in height and designed to resist a lateral load, at the top, of at least

50 pounds per linear foot. Fixed openings in railings or parapet. walls shall not exceed 6 inches in one dimension. c-Wheel bumper blocks shall be provided at perimeter and around floor openings of open motor vehicle parking decks and ramps. Wheel bumper blocks shall be continuous, at least 8 inches in height, fastened to the floor, and designed to resist a minimum linear load of 300 pounds per foot.

1-210 EXITS

1-210.1 **General**

a-Safe, continuous, and unobstructed exit shall be provided from the interior of a building or structure to the exterior, at a street, or to a yard, court, or passageway leading to a public open area. b-Exits shall be arranged, constructed, proportioned, and maintained so that occupants may escape safely from the building or structure in case of emergency. Width of exits shall conform to generally accepted standards.

c-Exits from dwelling units, hotel units, lodging units, and dormitory units shall not lead through other such units, or through toilet rooms or bathrooms.

1-210.2 One- and Two-Family Dwellings

a—A fixed stairway shall be provided between stories, and between the first story and a basement or cellar. b-In two-family dwellings three stories or less in height, and in

one-family dwellings, in addition to the primary exit there shall be provided an emergency exit from each story. Such emergency exit may be similar to the primary exit, or a fire escape, or an opening, such as a window or door, having at least 4 square feet of openable area with a minimum dimension of 18 inches, and with the bottom of the opening not more than 3 feet 6 inches above the floor.

c-In two-family dwellings more than three stories in height, exits

shall comply with any of the following:

(1) One interior stairway enclosed in construction having at least a 3/4 hour fire-resistance rating with openings in such enclosure protected by self-closing doors; or

Two interior stairways with all doors opening upon such stairways equipped with a self-closing device; or

One interior stairway with all doors opening upon such stairway equipped with a self-closing device, and one exterior stairway or fire escape providing exit from each dwelling unit on any story; or

One interior stairway equipped with an automatic sprinkler system, with all doors opening upon such stairway equipped

with a self-closing device.

1-210.3 Multiple Dwellings

a-In multiple dwellings two stories or less in height, in addition to the primary exit from each dwelling unit, hotel unit, lodging unit, or dormitory unit, there shall be provided an emergency exit from each such unit, conforming with the requirements of section 1-210.2b.

b-In multiple dwellings three stories or more in height, there shall be provided from each story at least two exits accessible to each dwelling unit, hotel unit, lodging unit, or dormitory unit. primary exit shall be an interior public hall, stairway, lobby, vestibule, or any combination thereof. The secondary exit shall be another interior public hall, stairway, lobby, or vestibule, or any combination thereof, or a fire escape. Where the secondary exit is through the same public hall which provides access to the primary exit, the primary exit shall be separated from such public hall by construction having a fire-resistance rating of at least 3/4 hour. c—Public halls, stairways, lobbies, and vestibules serving as exits shall be enclosed with construction having a fire-resistance rating of at least 3/4 hour. Wood wainscotting in exits is prohibited. Combustible interior trim in exits is permitted only in buildings three stories or less in height. Openings, other than doors, in interior walls or partitions of exits shall be sealed, so as to maintain the required fire-resistance rating of the wall or partition. d—Doors from dwelling units, hotel units, lodging units, or dormitory units opening upon a public hall, and doors in stairway enclosures shall be self-closing. Doors from units opening upon public halls and doors in stairway enclosures shall have a fire-resistance rating of at least 3/4 hour.

e—Basement and cellar stairways shall be separated from stairways leading to or from upper stories, at the grade level story, by construction having a fire-resistance rating of at least 3/4 hour, with doors that are self-closing and have a fire-resistance rating of at least 3/4 hour.

1-210.4 Height

In multiple dwellings—passageways, corridors, hallways, and vestibules shall have a minimum height of 7 feet 6 inches, measured from floor to ceiling. In stairways, headroom over landing floors and tread nosings shall have a minimum heigh of 7 feet.

1-210.5 Light and Ventilation

a—In multiple dwellings—exits, including vestibules, stairways, passageways, corridors, and hallways, but excluding fire escapes, shall be lighted with natural or electric light at all times, so as to afford safe passage. Electric light shall conform to the following:

(1) A sufficient number of fixtures shall be provided so that the distance between fixtures is not more than 30 feet and so that no wall is more than 15 feet from a fixture.

(2) Incandescent lighting—not less than 1/4 watt per square foot of floor area, except that each fixture shall have a lamp or lamps with a total of not less than 25 watts.

(3) Fluorescent lighting—not less than 1/10 watt per square foot of floor area, except that each fixture shall have a lamp or lamps of a total of not less than 15 watts.

(4) Where under these formulas the calculated wattage does not correspond to that of a standard lamp, the next larger size shall be used.

b—In multiple dwellings—stairways, passageways, corridors, and hallways shall be provided with ventilation in accordance with either of the following:

Natural ventilation obtained by means of opening to the outer air, or by means of ducts connected to wind or gravity operated ventilators; or Mechanical ventilation conforming to the requirements of table 1-512.7e.

1-210.6 Stairways

a—Stairway treads, risers, and landings shall be arranged, constructed, proportioned, and maintained to provide safe ascent and descent.

b—Guard rails or balustrades, at least 33 inches in height above nosings and 36 inches in height above landings, shall be provided at open portions of stairways.

c—Handrails shall be provided on at least one side of stairways. d—Where stairways provide access to roofs by means of scuttles or bulkhead doors, such scuttles or doors shall be readily openable from the interior without the use of tools or keys.

1-210.7 Fire Escapes

a—Fire escapes which serve as a secondary means of egress shall be of material having the properties of ferrous metal, other than cast iron, and conform to generally accepted standards. Fire escapes shall be maintained free of encumbrances.

b—Access to fire escapes shall be through openable unobstructed doors, or windows conforming to the requirements of windows for emergency exit in section 1-210.2b.

c—In buildings more than three stories in height, fire escapes shall continue to the roof, except when the slope of the roof exceeds 15 degrees.

d—The lowest balcony shall be provided with a drop ladder or counterbalanced stair, if it is more than 5 feet above the ground.

1-211 EXTERIOR LIGHTING

1-211.1 <u>Multiple Dwelling Premises</u>

a—Exterior artificial lighting shall be provided at night to illuminate facilities used by pedestrians, including walks, driveways, parking spaces, and entranceways to buildings.

b-Exterior artificial lighting shall be of an approved type as to location and safety of installation.

c—Exterior artificial lighting at or near front entranceways shall consist of at least one fixture with a lamp or lamps having a cumulative wattage of at least 50 watts, for a building with a frontage up to 25 feet. Where the frontage is in excess of 25 feet, at least two fixtures with lamps having a cumulative wattage of at least 100 watts shall be provided.

Part 3

Structural Requirements

1-301 GENERAL REQUIREMENTS

a—Buildings and structures shall be structurally sound. Structural elements which conform to loading criteria specified in the Town Building Code, and stress limitations specified in generally accepted standards, shall be deemed structurally sound. b—Buildings and structures shall be maintained weather-resistant and in good condition.

1-302 EXTERIOR PROTECTION

a—Exterior walls, including foundations, shall be maintained so that ground and surface water does not penetrate into basements and cellars.

b-Exterior doors, windows, skylights, and similar openings shall be maintained weathertight.

c—Exterior stairs, porches, entrance platforms, fire escapes, and the railings thereon, shall be maintained in a safe and sound condition.

d-Roofs shall be maintained in a watertight condition.

1-303 INTERIOR PROTECTION

a-Structural members shall be protected and maintained to resist and prevent deterioration.

b-Unheated attics, spaces below flat roofs, and crawl spaces shall be ventilated, to minimize deterioration.

c—Chimneys and flues shall be maintained safe, sound, and smoketight. d—Ceilings, walls, floors, and stairways shall be maintained in a safe and sound condition.

e-Toilet room, bathroom, and laundry room shall be maintained in a watertight condition.

Part 4

Fire-Safety Requirements

1-401 GENERAL REQUIREMENTS

Buildings and structures shall be constructed and maintained to prevent and avoid fire hazards, and in a manner conducive to fire safety.

1-402 PROHIBITED ACCUMULATIONS AND STORAGE

a—No highly flammable or explosive matter, such as paints, volatile oils, and cleaning fluids, or combustible refuse, such as waste paper boxes, and rags, shall be accumulated or stored on residential premises, except in spaces in conformance with section 1-404d. b—Nothing shall be placed, accumulated, or stored on residential premises which obstructs egress from stairways, passageways, doors, windows, fire escapes, or other means of exit, or interferes with the use of fire-fighting equipment or performance by fire-fighting personnel.

1-403 PREVENTION OF EXTERIOR FIRE SPREAD

Distance separations between buildings, between buildings and structures, and between buildings, structures, and property lines shall conform to requirements of law or regulation of any governmental body having jurisdiction.

1-404 PREVENTION OF INTERIOR FIRE SPREAD

a—Floors, walls, ceilings, soffits, and other components required to provide a fire-resistive enclosure or separation, and construction required to protect structural members, shall be maintained so that the respective fire-resistance rating of the enclosure, separation, or construction is preserved.

b—In buildings of mixed occupancy—nonresidential space shall be separated from residential space by fire separations having a fire-resistance rating of at least 1 hour.

c—In multiple dwellings—floor construction above a cellar or basement shall have a fire-resistance rating of at least 1 hour, except such requirement shall not apply where the cellar or basement is completely protected by an automatic sprinkler system.

d—In multiple dwellings—spaces used as carpenter, repair, or paint shops, and spaces where flammable or combustible materials are stored, shall be enclosed by construction having a fire-resistance rating of at least 1 hour.

e—In multiple dwellings—central kitchens shall be separated from central dining rooms by construction having a fire-resistance rating of at least 1 hour.

f—Self-closing devices of exit doors shall be maintained in good operating condition. Only approved-type magnetic hold-open devices connected to fire protection systems may be used to hold open exit doors, except that no devices or objects may be used to hold open exit doors in stairway enclosures at floor landings.

g—Vending machines and other equipment or materials shall not be located in lobbies, corridors, or passageways if it constitutes a fire hazard or interferes with the exit facilities.

h—A garage within, or attached to, a building containing residential occupancy shall be separated from the residential portion of the building by construction capable of preventing the passage of fumes and vapors and having a fire-resistance rating as follows: for one-and two-family dwellings, at least 1/2 hour; for multiple dwellings, at least 1 hour.

i—Interior finish in enclosed exits shall have a flame-spread rating of not more than 75.

j-Draperies and decorative materials located in enclosed exits or public spaces shall be noncombustible or flame-resistant.

1-405 FIREPLACES

a-Fireplaces, and other construction and devices intended for use similar to a fireplace, shall be stable and structurally safe and connected to approved chimneys.

b—Fireplaces and similar construction and devices shall be installed and maintained so that when in use adjacent combustible materials or construction will not be heated to a temperature exceeding 175°F., nor ignited by sparks or embers from the fire.

1-406 FIRE PROTECTION EQUIPMENT

a—Fire protection equipment shall be provided in readily accessible locations, and clearly visible, as follows:

- (1) In boiler or furnace rooms having fuel-burning equipment with a capacity of up to 1,000,000 Btu per hour of individual or combined rating, at least one approved multipurpose dry chemical type portable fire extinguisher; in boiler or furnace rooms with fuel-burning equipment having a capacity in excess of 1,000,000 Btu per hour, at least two such portable fire extinguishers.
- (2) In dormitory units, one approved Class A type portable fire extinguisher for each multiple of 1,250 square feet of floor area, or fraction thereof, in excess of 1,250 square feet of floor area.
- (3) In central kitchens, one approved multi-purpose dry chemical type portable fire extinguisher for each multiple of 1,000 square feet of floor area, or fraction thereof.

- (4) In public spaces, one approved Class A type portable fire extinguisher for each multiple of 2,500 square feet of floor area, or fraction thereof, in excess of 2,500 square feet of floor area.
- (5) In garages serving multiple dwellings, one approved multipurpose dry chemical type portable fire extinguisher for each multiple of 2,500 square feet of floor area, or fraction thereof.

b—Where an approved automatic fire extinguishing system is provided, portable fire extinguishers are not required.

Part 5

Equipment Requirements

1-501 GENERAL REQUIREMENTS

a-Plumbing, heating, electrical, ventilating, air conditioning, refrigerating, cooking, and fire protection equipment, elevators, dumbwaiters, escalators, and other mechanical additions, installations or systems for the use of buildings and structures shall be installed, located, and maintained so that such equipment and systems will operate satisfactorily, and not be a danger to safety, health or welfare.

b-X-ray equipment used for medical, dental or other professional purposes, and shielding of the space where such equipment is used, shall be approved by the health authority having jurisdiction as conforming to the standards established by such authority.

1-502 PLUMBING

1-502.1 General

Plumbing systems shall be maintained in good, safe, sanitary, and serviceable condition.

1-502.2 Water Supply

a-Potable water from an approved source shall be available at all times. The domestic water supply system of the building shall be connected to such approved source, shall not be subject to contamination, and shall not be connected to unsafe water supplies. b-The source of water supply for a one- or two-family dwelling shall be a public water supply system, when such system is within 100 feet of the premises on which the building is located, measured along a street, alley, or right of way, and a connection may lawfully be made thereto.

c-The source of water supply for a multiple dwelling shall be a public water supply system, when such system is within 500 feet of the premises on which the building is located, measured along a street, alley, or right of way, and a connection may lawfully be made thereto. d-Water supply systems shall be installed and maintained to provide at all times a supply of water to plumbing fixtures, devices and appurtenances in sufficient volume and at pressures adequate to enable them to function satisfactorily.

e-Hot water supply systems shall be provided with safety devices designed to relieve hazardous pressures and excessive temperatures.

1-502.3 Sewage Drainage

a-Plumbing fixtures shall drain to a sewage system connected to a public sewer or approved system of sewage disposal.

b-The means of sewage disposal for a one- or two-family dwelling shall be a public sanitary or combined sewer system, when it is within 100 feet of the premises on which the building is located, measured along a street, alley, or right of way, and a connection may lawfully be made thereto.

c-The means of sewage disposal for a multiple dwelling shall be a public sanitary or combined sewer system when it is within 500 feet of the premises on which the building is located, measured along a street, alley, or right of way, and a connection may lawfully be made thereto.

d-No sewage from a plumbing system shall be discharged into the waters of the State of New York (as defined in State law), unless specifically approved by the authority having jurisdiction, under and in accordance with State law.

e-Adequate cleanouts shall be provided and maintained so that the pipes may be readily cleaned.

1-502.4 Storm Drainage

a-An approved system of storm water disposal shall be provided for the safe and efficient drainage of roofs and paved areas, yards and courts and other open areas on the premises.

b-The means for storm water disposal for a one- or two-family dwelling shall be a public storm or combined sewer system, when it is within 100 feet of the premises on which the building is located, measured along a street, alley, or right of way, and a connection may lawfully be made thereto.

c-The means for storm water disposal for a multiple dwelling shall be a public storm or combined sewer system, when it is within 500 feet of the premises on which the building is located, measured along a street, alley, or right of way, and a connection may lawfully be made thereto.

d-No storm water shall be drained into sewers intended for sewage only nor be discharged onto public sidewalks.

1-502.5 Plumbing Facilities

a-Buildings and structures shall be provided with plumbing systems designed to dispose of the sewage from all fixtures and to furnish cold water to every water closet and urinal, and hot and cold water to every sink, lavatory, bathtub, and shower, required therein. b-In one- or two-family dwellings, not wholly owner occupied, and in all multiple dwellings - hot water shall be furnished within a temperature range of 130° F. to 140° F. from 6:00 a.m. to midnight. c-There shall be provided within each dwelling unit, plumbing fixtures consisting of at least:

One kitchen sink,
One water closet,
One bathtub or shower, and
One lavatory.

d-In multiple dwellings - each communal kitchen shall contain at least one kitchen sink, as provided in table 1-510.3.

e-In multiple dwellings - where hotel units or lodging units are not provided with sanitary facilities therein, for each multiple of six male or six female occupants to be accommodated, or fractions thereof, there shall be provided, in separate rooms for each sex, plumbing fixtures consisting of at least:

One water closet, One bathtub or shower, and One lavatory.

f-In multiple dwellings - where sleeping accommodations are arranged as dormitory units, for each multiple of ten male or eight female occupants to be accommodated, or fractions thereof, shall be provided in separate rooms for each sex, plumbing fixtures consisting of at least:

One water closet, One bathtub or shower, and One lavatory.

g-Urinals may be substituted in a men's toilet room for not more than one third of the required number of water closets. h-Privies are prohibited on residential premises.

1-502.6 Plumbing Fixtures

a-Plumbing fixtures shall be made of smooth nonabsorbent material, and free from concealed fouling surfaces.

b-Plumbing fixtures shall be spaced to be readily accessible for their intended use.

c-Plumbing fixtures shall be located in spaces that are accessible, lighted, and ventilated.

1-502.7 Swimming Pools

a-Swimming pools shall be designed and maintained in accordance with generally accepted standards.

b-Drains shall be provided, so that the pool can be safely and adequately drained.

c-Filtering, sterilizing, and auxiliary equipment shall be adequate to maintain the sanitary quality of water during each period the pool is in use. Equipment containing gases or disinfectants capable of giving off irritating, toxic, or flammable fumes shall be located in ventilated rooms.

d-The installation shall be designed and maintained to prevent dirt, sand, or other foreign matter from entering the bathing area.
e-An approved enclosure, at least 4 feet in height, shall be provided around outdoor swimming pools, so that such pools are inaccessible to small children. The enclosure may surround either the pool area or the property.

1-502.8 Water Supply Tanks

a-Water supply tanks shall be maintained watertight, verminproof, rodentproof, and resistant to corrosion.

b-Supports for tanks shall be of noncombustible construction.

c-Tanks and their supports shall not be used to support equipment or structures other than for tank use, except where specially designed for such other use.

d-Means for emptying water supply tanks shall be maintained in proper working condition.

e-Potable water supply tanks for domestic supply and standpipe or automatic sprinkler systems shall be maintained to furnish water in sufficient quantity and pressure for such systems.

1-503 FUEL GAS

1-503.1 General

a-Fuel gas piping systems shall be installed and maintained gas-tight, safe, and operative under conditions of use.

b-Fuel gas piping systems shall provide a supply of gas sufficient to

b-Fuel gas piping systems shall provide a supply of gas sufficient to meet the maximum expected demand of gas-burning equipment and appliances connected thereto.

1-503.2 Shutoff Valves

a-In one- or two-family dwellings — gas piping systems shall have at least one accessible valve for shutting off all gas supply, except that systems supplied with gas at pressure exceeding 1 psi gage shall have at least two accessible valves for shutting off all gas supply. Where two valves are required, one valve shall be located outside at a safe distance from the building, and shall be suitably protected against unauthorized use, and the other shall be located ahead of the meter and as close as practicable to the point of service entrance. b-In multiple dwellings — gas piping systems supplied from utility mains shall have at least two accessible valves for shutting off all gas supply. One valve shall be located outside and at a safe distance from the building, and shall be suitably protected against unauthorized use, and the other shall be located ahead of the meter and as close as practicable to the point of service entrance.

c-An easily accessible shutoff valve, or cock, shall be provided in the piping in close proximity to, and ahead of every gas appliance, or outlet for a gas connection.

1-503.3 Service Equipment for Gas Supplied from Utility Mains

a-Gas meters shall be located in spaces that are dry, ventilated, and accessible. Gas meters shall be located near the point of entry of the gas service, and remote from open flame, heat producing equipment, or other heat sources.

b-Gas services, gas meters, and gas pressure regulators shall be located so that they are protected from damage and tampering by unauthorized personnel.

1-503.4 High Pressure Gas

Any service connection supplying gas at a pressure in excess of 1 psi gage shall be provided with a device to reduce such pressure to not more than 1 psi gage prior to entering the meter.

1-503.5 Liquefied Petroleum Gas

a-Liquefied petroleum gas in liquid form shall not be stored in buildings.

b-Liquefied petroleum gas shall not be vaporized by devices utilizing open flame or open electrical coil.

c-Where two or more containers are installed, connection shall be arranged so that containers can be replaced without shutting off the flow of gas to equipment.

d-Containers shall be protected against physical damage, and located so as not to be a hazard to the premises served. Nonportable containers shall rest on stable noncombustible supports.

e-Liquefied petroleum gas shall be odorized, so that the presence of gas will be recognizable by a distinctive odor.

f-Systems shall be provided with safety devices to relieve excessive pressures to the outer air, at a safe distance from building openings. g-Systems supplied from containers not exceeding 125 gallons of capacity shall have at least one accessible valve for shutting off the gas. Such valve shall be located outside the building.

h-Systems supplied from containers exceeding 125 gallons of capacity shall have at least two accessible valves for shutting off the main gas supply. Shutoff valves shall be located in conformity with the requirements of section 1-503.2a and b.

1-504 FUEL OIL

1-504.1 General

Fuel oil shall be received, stored, and conveyed by means of fixed liquidtight equipment.

1-504.2 Storage Tanks

a-Fuel oil storage tanks shall rest on noncombustible supports. b-Tanks subject to damage by vehicles shall be protected against such damage.

c-Tanks shall be installed and maintained so as not to be a hazard to the premises served.

1-504.3 Storage Tanks Inside Buildings

a-Fuel oil storage tanks inside buildings shall be provided with liquid-level indicating devices of fixed vapor-tight construction. b-The maximum capacity of an individual fuel oil storage tank unenclosed inside a building shall be 550 gallons, and such tank shall be not less than 5 feet horizontally from any fuel-burning equipment. c-Unenclosed fuel oil storage tanks shall not be located in garages exceeding 1000 square feet in area.

1-504.4 Piping

a-Automatically operated boilers and furnaces using fuel oil shall be provided with remote control to stop the flow of oil during fire or other emergency. Such control shall be located outside the boiler room, or inside the boiler room at the entrance.

b-Filling, emptying, and venting of tanks shall be by means of fixed piping. Pipes to underground tanks shall be pitched toward tanks. Terminals of fill and vent pipes shall be located outside buildings at a safe distance from building openings. c-Pipes for fuel oil entering buildings shall be protected from damage by settlement or corrosion.

1-505 PROHIBITED FUEL

Gasoline shall be prohibited as fuel for heating and cooking.

1-506 HEATING

1-506.1 General

a-Buildings and structures intended or used for residential occupancy, during the period set forth in paragraph b of this section, shall be provided with heating equipment, of an approved fixed type, capable of producing and providing an indoor temperature of 70°F. measured at a distance of 3 feet and more from exterior walls, and at a level of 5 feet above the floor.

b-In one- and two-family dwellings, not wholly owner occupied, and in all multiple dwellings, heat shall be provided whenever occupied during the period from to (See table 1-506.1b). Temperatures shall be maintained in habitable spaces, kitchenettes, toilet rooms, and bathrooms, as follows:

- (1) From 6:00 a.m. to 11:00 p.m., not less than 66° F. when the outside temperature falls below 55° F.; and
- (2) From 11:00 p.m. to 6:00 a.m., not less than 55° F. when the outside temperature falls below 40° F.

TABLE 1-506.1b -- HEATING PERIODS

Column I	Column II	Column III
From October first to May thirty-first	From September fifteenth to May thirty-first	From September first to June fifteenth
Counties having less than 5700 ¹ annual heating degree days:	Counties having 5700-8000 annual heating degree days:	Counties having more than 8000 lannual heating degree days:
New York Bronx Kings Queens Richmond Nassau Suffolk	All counties except those listed in Columns I and III	Clinton Essex Franklin Hamilton Herkimer St. Lawrence

Based on 1931-1960 data compiled by Weather Bureau stations in New York State and published by the United States Weather Bureau. Figures are approximate for counties listed. For certain county areas which do not conform to annual heating degree days shown in column, consult nearest Weather Bureau station and adjust heating period accordingly.

Annual heating degree days, is defined as: the yearly total of the daily difference between 65°F. and the mean outdoor temperature below 65°F., during the period from July 1st through June 30th of the following year.

1-506.2 Air Pollution

Contaminants emitted into the atmosphere from fuel-burning equipment shall not violate air pollution control regulations promulgated pursuant to State law, nor that of any other governmental authority having jurisdiction.

1-506.3 Warm Air Heating

Ducts and air handling equipment used for heating shall conform to the requirements of sections 1-512.5, 1-512.6 and 1-512.7c.

1-506.4 Prohibited Heat Producing Equipment

a-Portable heating equipment using kerosene or other flammable liquids shall be prohibited.

b-Unvented fuel-burning space heaters shall be prohibited c-Fuel-burning heat producing equipment shall not be located in exits. d-Fuel-burning water heaters shall not be located in sleeping rooms, bathrooms, or toilet rooms.

1-506.5 Fuel Supply Connection

Fuel-burning equipment shall be permanently fastened and connected in place. Fuel supply connection to such equipment shall be made with pipe or tubing of solid metal, or approved appliance connector.

1-506.6 Installation and Clearance

Where heat producing or cooking equipment is installed on, or adjacent to, combustible materials, the location, insulation, clearance, and the control of the equipment shall be such that the temperature on the surface of the combustible materials will not exceed 175°F.

1-506.7 Air Supply

a-Fuel-burning heating equipment and the enclosure in which it is located shall be provided with a supply of air adequate both, for complete combustion at the rated gross output of the equipment, and for the ventilation of the enclosure.

b-Rooms containing fuel-burning equipment shall have such air supply provided by one or more openings to the exterior, or by fixed openings to interior spaces which open to the exterior.

1-506.8 Removal of Products of Combustion

a-Equipment for burning solid or liquid fuel shall be connected to suitable chimneys or flues, and shall not be connected to gasvents.

b-Gas fired equipment shall be connected to a suitable chimney, flue, or gasvent. Where a gasvent is used a permanent sign stating the type of heating equipment which may be connected to the gasvent shall be provided, and located where the gasvent passes through the wall or ceiling.

1-506.9 Safety Devices

a-Equipment capable of developing hazardous pressures or temperatures shall be provided with devices to relieve safely such pressures and temperatures. b- Controls for the safe operation of automatically operated heat producing equipment shall be provided to function as follows:

When failure or interruption of flame or ignition occurs, the fuel supply shall be cut off.

When a predetermined temperature or pressure is exceeded, the input of additional heat shall be prevented or reduced to a safe rate.

When the water level in a steam boiler drops below a predetermined level, the fuel supply shall be cut off.

When failure or interruption of pilot light or main burner of liquefied petroleum gas equipment occurs, the fuel supply to each pilot light and main burner shall be cut off.

c-Fuel-burning space heaters located in bathrooms or toilet rooms less than 100 square feet in area, or in sleeping rooms, shall be provided with controls to cut off the fuel supply upon the failure or interruption of the flame or ignition, or whenever a predetermined temperature or pressure is exceeded.

1-506.10 Expansion Tanks

Hot water heating systems shall be provided with expansion tanks.

1-506.11 Heating of Garages

a-Fuel-burning equipment for garages shall be located in heater rooms, except that equipment burning gas or

liquid fuel, located in the vehicle storage space, shall be permitted in stories at or above grade where elevated as follows:

Suspended heaters shall be at least 8 feet above the floor level. Ploor mounted heaters shall be installed on a noncombustible platform not less than 18 inches above the floor level, and shall be protected against physical damage.

b-Garages heated by recirculated air shall be provided with a mechanical means of air handling designed to introduce a sufficient quantity of fresh air to prevent the accumulation of vapors or gases near the floor. Recirculated air shall not be taken from stories below grade level. For stories above grade level, openings for return air shall be at least 18 inches above floors.

1-507 CHIMNEYS, FLUES, AND GASVENTS

1-507.1 <u>General</u>

a-Chimneys, smokestacks, flues, gasvents, smoke pipes, and connectors shall be structurally safe, durable, smoketight, and noncombustible. Supports shall be structurally safe and of noncombustible construction. b-Such facilities shall effectively convey the products of combustion to the outer air.

c-Masonry chimneys shall have noncombusitble foundations.

d-Chimneys and metal smokestacks shall have sufficient clearance from building construction, in accordance with generally accepted standards. e-No flue shall have smoke pipe or gasvent connections in more than one story of a building.

f-Fireplaces and fuel-burning equipment located in different dwelling units shall not be connected to the same flue.

g-A single-wall metal smoke pipe or connector shall not pass through a floor, attic, inside wall, partition, or concealed space.

h-A single-wall metal smoke pipe or connector passing through an exterior wall or a roof shall be guarded at the point of passage by a suitable metal collar.

i-Incinerator flues equipped with service openings shall not be used as flues for other fuel-burning equipment.

j-Chimneys and flues connected to equipment burning solid or liquid fuel shall have a suitable soot pocket and cleanout door at the base.

1-507.2 Draft

Chimneys, flues, and gasvents shall be installed and maintained to provide sufficient draft.

1-507.3 Fire Safety

Chimneys, flues, and gasvents shall be installed and maitained so that the surface temperature of adjacent combustible construction does not exceed 175° F.

1-507.4 Spark Arresters

A chimney or flue connected to an incinerator, and a chimney or flue

which emits sparks, shall be provided with a spark arrester of non-combustible construction. Spark arresters shall have sufficient total clear area to permit unrestricted passage of flue gases. Openings in spark arresters shall be of such size as to prevent passage of embers and to minimize clogging by soot.

1-508 <u>INCINERATORS</u>

1-508.1 General

a-Contaminants emitted into the atmosphere from incinerators shall not violate air pollution control regulations promulgated pursuant to State law, nor that of any other governmental authority having jurisdiction.

b-Incinerators shall be of adequate capacity for the intended use. c-Flue-fed incinerators shall be provided with piping and equipment for burning auxiliary fuel in sufficient quantity to assure complete combustion of refuse.

d-A flue serving an incinerator shall be provided with a substantially constructed spark arrester.

e-Incinerators shall be connected to a suitable noncombustible chimney, smokestack, or flue.

f-Incinerator flues used also for dropping refuse shall be vertical, of noncombustible construction, shall have a smooth finish on the inside, and shall be arranged to provide free passage of refuse without clogging.

1-508.2 Service Openings

a-Service openings shall be readily accessible to the building occupants.

b-Service openings shall be equipped with metal, self-closing charging devices. An incinerator flue used also for dropping refuse shall have charging devices constructed so that openings to the flue are closed while the charging devices are in the open position. No part of the charging devices shall project into a refuse chute or incinerator flue. c-Durable signs, with plainly legible letters, shall be conspicuously posted at service openings, stating:

THROWING LIGHTED MATCHES, CIGARS OR CIGARETTES, CARPET SWEEPINGS, NAPHTHALENE, CAMPHOR BALLS OR FLAKES, FLOOR SCRAPINGS, OIL SOAKED RAGS, PAINT CANS, AEROSOL CONTAINERS, OR ANY OTHER FLAMMABLE OR HIGHLY COMBUSTIBLE OR EXPLOSIVE SUBSTANCE INTO INCINERATOR CHUTES IS UNLAWFUL AND SUBJECTS THE OFFENDER TO A PENALTY.

1-508.3 Incinerator Rooms and Refuse Rooms

In incinerator rooms and refuse rooms, openings for charging refuse directly into incinerators shall be provided with charging doors, designed to minimize the heat transmitted to the incinerator or refuse rooms, and equipped with locks or safety devices to prevent tampering by unauthorized persons.

1-509 ELECTRICAL

1-509.1 General

a-Electrical system shall be properly installed, connected to an approved source of supply, and maintained free of hazards.

b-Electrical wiring and equipment shall be firmly secured to the surface on which it is mounted.

c-Electrical wiring and equipment in damp or wet locations, or exposed to explosive or flammable gases, or excessive temperatures, shall be of an approved type for the purpose and location.

d-Electrical wiring and equipment shall be protected against excessive current by approved, properly rated overcurrent protection devices. Overcurrent protection devices, of ratings higher than the ampacities of the conductors to be protected, shall not be used, except where expressly permitted by generally accepted standards. Where a circuit has been overfused, the Edison-base plug fuse shall be replaced with a Type S plug fuse, of the proper rating, with a suitable fuse adapter. e-Electrical service equipment and overcurrent protection devices shall be installed in a readily accessible location, and access to such location shall be kept unobstructed.

f-Electrical equipment shall be grounded, or otherwise protected by insulation, isolation, or guarding.

g-Parts of electrical equipment, which in ordinary operation produce arcs or sparks, shall be enclosed, unless separated and isolated from combustible material.

h-Flexible cord shall not be: run through holes in walls, ceilings, or floors; or run through doorways, windows, or similar openings; or attached to building surfaces; or concealed behind building walls, or above ceilings, or under floors or floor coverings.

Facilities 1-509.2 a-A dwelli

a-A dwelling unit shall be supplied with at least one 15-ampere lighting branch circuit for each multiple of 400 square feet of floor area, or fraction thereof.

b-Hotel units, lodging units, and dormitory units shall be supplied with at least one 15-ampere lighting branch circuit for each multiple of 600 square feet of cumulative floor area, or fraction thereof. c-Habitable spaces, except kitchens, shall be provided with at least one receptacle outlet for each multiple of 20 feet, or fraction thereof, or the total distance around the room, measured horizontally along the wall at the floor line. An electric light outlet and fixture may be substituted for only one receptacle outlet.

d-Kitchens and kitchenettes shall be provided with at least two receptacle outlets served by at least one 15-ampere small appliance branch circuit. In addition, one electric light outlet and fixture shall be provided.

e-Bathrooms, toilet rooms, and laundry rooms shall be provided with at least one electric light outlet and fixture, and one receptacle outlet. Furnace rooms, storage rooms, work shops, and similar service rooms shall be provided with at least one electric light outlet and fixture. f-Light switches or other devices, for controlling lights which illuminate entrances, shall be provided at points of entrance to dwelling units, hotel units, lodging units, and dormitory units.

1-509.3 Exit and Directional Signs

a-Exits in multiple dwellings shall be provided with exit and directional signs, visible from the approach to the exits, except that such signs shall not be required in an apartment house, or in those portions of a multiple dwelling where exit from dwelling units, hotel units, lodging units, or dormitory units is directly to the outside. b-Directional signs shall be provided at locations from which the exit doorway is not readily discernible.

c-Signs shall be worded in plainly legible block letters with the word EXIT for exit signs and the words TO EXIT with a suitable pointer or arrow indicating the direction of exit, for directional

d-Any door, passageway, stair, or other means of communication that is not an exit, or that is not a way to an exit, but is so located as to be mistaken for an exit, shall be identified with a sign reading NOT AN EXIT, or identified by a sign indicating its use or purpose, or provided with a directional sign.

e-Letters for signs shall be conspicuous, readily discernible, and at least 8 inches high, except that for internally illuminated signs the height of such letters shall be at least 41 inches.

f-Signs shall be illuminated either externally or internally by electric lights, and be kept illuminated at all times when the building is occupied. Such electric lights shall be supplied with current from a separate circuit, or circuits which supply no other outlets.

1-509.4 Overhead Conductors

a-Overhead electrical conductors, rated 600 volts or less, shall clear on-premises areas as follows:

Location	Clearance
Above streets, driveways, parking spaces, and other use areas where motor vehicles are permitted	18 feet
Above areas accessible to pedestrians only	10 feet
Above buildings and structures	8 feet
Horizontal clearance from any window, door, porch, balcony, or other similar point of access	6 feet
Horizontal clearance from the periphery of any swimming pool	15 feet

b-Metal fences, enclosures, or railings which enclose a swimming pool, and which could become energized through accidental contact with overhead electrical conductors, shall be properly grounded.

1-510 COOKING AND REFRIGERATION

1-510.1 General

a-There shall be provided within each dwelling unit approved-type cooking and approved-type refrigeration equipment located in a kitchen or kitchenette.

b-Approved-type cooking and refrigeration equipment shall be of the stationary type.

c-Electrical cooking and refrigeration equipment shall be properly connected to the electrical system.

d-Gas-burning cooking and refrigeration equipment shall be connected to the gas supply system with pipe or tubing of solid metal, or approved appliance connectors.

e-Cooking and refrigeration equipment shall be maintained in good operating condition.

1-510.2 Ranges and Gas Refrigerators

a-Ranges shall be installed with clearance for ventilation.

b-Water-cooled gas refrigerators shall be prohibited.

c-Air-cooled gas refrigerators shall be installed and maintained so that the burner operates properly, there is no emission of excessive heat or odors, there is no discharge of carbon monoxide, the flue is not internally clogged, the flue outlet is free of obstructions, and the refrigerator is not otherwise defective.

d-Air-cooled gas refrigerators shall be equipped with:

- An integral flue which is resistant to the corrosive action of flue gases;
- (2) A dust-incinerating gas burner, gas pressure regulator, gas supply filter, and thermostat; and
- (3) A device to automatically shut off the gas supply to the burner when the pilot flame is extinguished.

1-510.3 <u>Communal Kitchens</u>

feet.

a-Communal kitchens shall be provided with kitchen equipment complying with the requirements of table 1-510.3.
b-Clear working space in front of such equipment shall be at least 4

TABLE 1-510.3 -- COMMUNAL KITCHEN EQUIPMENT REQUIREMENTS

Number of occupants served

Equipment	12 and less	13 or more		
Sink	24-inch front	additional 24-inch unit for each multiple of six occupants, or fraction thereof.		
Range	4-burners	additional 4-burner unit for each multiple of six occupants, or fraction thereof.		
Oven ¹	6 cubic feet	additional 6-cubic foot unit for each multiple of six occupants, or fraction thereof.		
Refrigerator	12 cubic feet	additional 1 cubic foot per occupant.		
Storage Cabinets	42 cubic feet	additional 12 cubic feet per occupant.		
1 May be separate un	it or part of rang	ge unit.		
AIR CONDITIONING AND DWELLINGS	AIR CONDITIONING AND MECHANICAL VENTILATION IN ONE- AND TWO-FAMILY DWELLINGS			
Air conditioning and mechanical ventilation equipment and systems shall conform to the requirements of section 1-512, except that concealed spaces within the structure may be used for return air, in accordance with generally accepted standards.				
AIR CONDITIONING AND MECHANICAL VENTILATION IN MULTIPLE DWELLINGS				
Refrigeration a-Mechanical refrigeration equipment shall be installed and maintained so as not to be a hazard from excessive pressure or refrigerant leakage. b-Refrigerating equipment shall not be located in exits, except that self-contained refrigerating units may be permitted in lobbies, corridors or passageways, provided that they do not obstruct or diminish the width of exits, as provided in section 1-404g.				

1-511

1-512

1-512.1

1-512.2

Refrigerants and nonflammable.

b-The amount of refrigerant contained in each direct refrigerating system shall not exceed the amount that in case of leakage may be contained safely, in accordance with generally accepted standards, in the space in which the equipment is located, or in the spaces in which the refrigerant would be dissipated.

c-Systems containing refrigerants exceeding the limit stated in paragraph b shall be of the indirect type.

1-512.3 Safety Controls

Refrigerating equipment shall be provided with devices to relieve excessive pressures safely.

1-512.4 Cooling Towers

Cooling towers shall be installed and maintained so that when in operation, noise, fog, or water spray will not cause a nuisance.

1-512.5 Mechanical Ventilating Systems

a-Ventilating systems shall be installed and maintained so that the rapid spread of heat, flame, or smoke through the system will be prevented.

b-Shafts, other than those designed for ventilating purposes, stairways, passageways, exits, hoistways, or attics, shall not be used as plenum chambers.

c-Ducts shall be securely fastened in place and appropriately firestopped.

d-Ducts and other air handling equipment shall be of noncombustible material.

e-Filters shall be installed and maintained so as not to constitute a fire or smoke hazard.

f-Ducts passing through or located within combustible construction shall be separated from such construction by a clearance of at least 1 inch or by a noncombustible insulating material at least 1 inch thick.

g-Ducts passing through fire walls shall be equipped with a fire damper or shutter on each side of the fire wall. Ducts passing through other fire separations shall be equipped with a single fire damper or shutter.

h-Air required for ventilation shall be taken from the exterior or shall be quality-controlled, including an amount of exterior air equal to not less than one air change per hour.

i-Exhaust air from a dwelling unit, or a space whose contents may emit odors, fumes, or vapors, shall not be circulated to another dwelling unit or to other spaces within the building.

1-512.6 Air Intake and Exhaust Openings

a-Air intake openings shall be installed, located, and maintained to prevent the possibliity of fire, smoke, fumes, or foreign matter being drawn into the system.

b-Air exhaust openings shall be installed, located, and maintained so that exhaust air will not constitute a hazard or nuisance. c-Ventilating systems shall be provided with adequate openings for

incoming and outgoing air to obtain the required circulation. Intake openings shall provide for air to be received from an uncontaminated source.

d-Where openings for mechanical exhaust are located in spaces that also contain fuel-burning equipment, there shall be provided fixed intake openings from the exterior to supply sufficient air so that the fuel-burning equipment is not adversely affected.

1-512.7 <u>Ventilation Requirements</u>

a-Enclosures or spaces, where heat, gases, vapors, or odors accumulate and may become a hazard or nuisance shall be provided with mechanical ventilation to remove such excess.

b-Cooking equipment in central kitchens shall be provided with mechanical exhaust systems which are not connected with any other exhaust system. Such systems shall be provided with equipment or filters to prevent the entry of flammable materials into ducts. Openings shall be provided to permit easy inspection and cleaning. System shall be installed and maintained so that in the event of fire the danger of spread to other parts of the building is minimized.

C-Mechanical ventilating systems shall be installed and maintained so

c-Mechanical ventilating systems shall be installed and maintained so that the temperature and velocity of the air coming into contact with occupants does not constitute a health hazard.

d-Required mechanical ventilation shall be provided in accordance with table 1-512.7e.

TABLE 1-512.7e -- MECHANICAL VENTILATION REQUIREMENTS

Space Minimum Ventilation Shower rooms, locker rooms, dressing 6 air changes per hour 2 air changes per hour Lounges, reception rooms, dining rooms, meeting rooms 4 air changes per hour Workshops, service rooms, paint storage rooms, utility service rooms. l air change per hour 2 air changes per hour 4 air changes per hour Hoods for cooking equipment in central kitchens........ 100 cfm per square foot of hood Central dining rooms. 4 air changes per hour Garage areas: above grade exceeding 1000 sq. ft. 4 air changes per hour below grade 6 air changes per hour Passageways, hallways, corridors and stairways: hair change per hour below grade l air change per hour

1-512.8 Safety Controls

a-Manually operated controls shall be provided to stop the operation of all central fan equipment. Such controls shall be conspicuously identified and in readily accessible locations outside the fan room. b-Every system using recirculated air and serving more than one story of a building shall be provided with controls arranged so that under an abnormal rise in temperature of the air in the system the fans causing normal circulation shall stop and require manual restart.

1-513 FIRE PROTECTION IN MULTIPLE DWELLINGS

1-513.1 <u>General</u>

a-Fire protection equipment, including fire alarm, fire detecting, watchman, sprinkler, and standpipe systems and portable fire extinguishers, shall be maintained in proper operating condition at all times.

b-Sprinkler and standpipe systems shall have an adequate water supply available at all times.

c-Fire department connections shall be conspicuously identified and maintained readily accessible for fire department use.

1-513.2 Fire Alarm and Fire Detecting Systems

Fire alarm and fire detecting systems shall be suitable for their respective purposes. Equipment and devices, comprising such systems, shall be of the approved type, and conform to generally accepted standards.

1-513.3 Sprinkler Systems

a-Sprinkler systems shall be maintained in good condition, free from mechanical injury. Sprinkler heads shall be maintained clean, free of corrosion and paint, and not bent or damaged.

b-Valves controlling water supply to sprinklers shall be secured in the open position.

c-Supports for piping and equipment shall be structurally sound. d-Portions of the system subject to freezing shall be appropriately protected.

e-Storage of materials shall not interfere with the effective discharge of water from the sprinkler heads.

f-Water supply for the sprinklers shall be adequate to effectively extinguish the fire or confine it without spread.

1-513.4 Standpipe Systems

a-Gate valves at hose stations shall be maintained tight against leaks. b-Hose shall be in proper position ready for operation, dry, and free of deterioration.

c-Hose stations shall be conspicuously identified, located for easy accessibility, and installed to provide for the quick and easy use of equipment. Cabinets shall have keyless doors.

d-Valves in the water supply pipe for the standpipe system shall be open at all times.

1-513.5 Portable Fire Extinguishers

a-Portable fire extinguishers shall be of the following types: approved multi-purpose dry chemical type, classified for use on Class A (combustible), Class B (flammable liquids), and Class C (electrical) fires; approved water-type, classified for use on Class A fires. Extinguishers shall have at least a 2-unit rating, in accordance with generally accepted standards.

b-Portable fire extinguishers shall be maintained in an efficient and

safe operating condition.

c-Portable fire extinguishers shall be in their designated location and clearly visible, except that they may be located in an enclosure or recess conspicuously identified as containing a fire extinguisher.

1-514 ELEVATORS, DUMBWAITERS, AND ESCALATORS IN MULTIPLE DWELLINGS

a-Elevators, dumbwaiters, and escalators, shall be designed, installed and maintained to safely sustain the loads to which they are subject, to operate properly and to be free of physical and fire hazards. b-Elevator and power operated dumbwaiter cars shall be provided with durable signs, in conspicuous locations within such cars, on which the rated capacity, in pounds, is stated. Signs in passenger elevators shall also state the total number of passengers permitted determined by dividing the rated capacity by 150.

c-Elevator cars shall be provided with approved means for transmitting a signal outside the hoistway in case of emergency, in accordance with

generally accepted standards.

d-Hoistways and pits shall be maintained free of rubbish or other debris.

e-Machine rooms shall be maintained free of oil and grease, including oily and greasy clothes, rags, and other such materials, and shall not be used for storage of articles or materials unnecessary for the maintenance of the elevator or dumbwaiter. Flammable liquids shall not be kept in such rooms.

f-Safety devices and electrical protective devices shall be operative at all times, except during tests, inspections or repairs.

PART 6

PROPERTY MAINTENANCE REQUIREMENTS

1-601 GENERAL REQUIREMENTS

a-Residential premises shall be maintained in a clean, safe, and sanitary condition.

b-Areas devoted to the common use of occupants and users shall be kept broom clean at all times.

1-602 OPEN AREAS

a-Surface and subsurface water shall be appropriately drained to protect buildings and structures, and to prevent ponding.

b-Fences, walls, and other minor constructions shall be maintained in safe, good, and substantial condition.

c-Steps, walks, driveways, parking spaces, and similar paved areas shall be maintained to afford safe and convenient passage.

d-Yards, courts, and vacant lots shall be kept clean and free of hazards.

e-Ground cover shall be properly established to prevent undue soil erosion, due to the elements.

f-Heavy undergrowth and accumulations of plant growth which are noxious or detrimental to health or safety shall be eliminated. g-Open fires shall not be permitted, unless authorized and approved pursuant to local law and in conformity with State air pollution control regulations.

1-603 BUILDINGS AND STRUCTURES

a-Exterior surfaces shall be maintained in good condition. Surfaces, not inherently resistant to deterioration, shall be treated with a protective coating of paint, or other suitable preservative. b-Floors, walls, including windows and doors, ceilings, and other interior surfaces shall be maintained in good, clean, sanitary condition. Peeling paint, cracked or loose plaster, decayed wood, and other defective surface conditions shall be eliminated. c-Paint containing more than one percent of metallic lead, based on the total non-volatile content of the paint, shall not be used to paint any interior wall, ceiling, window, door, or other interior surface. Where such paint on interior surfaces is peeling, or otherwise presents a health hazard, it shall be promptly removed and the surface safely and appropriately refinished or resurfaced.

1-604 INFESTATION AND SCREENING

a-Grounds, buildings, and structures shall be maintained free of insect, vermin, and rodent harborage and infestation. b-Where rodent infestation exists, windows and other openings in basements and cellars shall be screened to prevent entrance of rodents c-From May 1st to October 1st, entrances to residential buildings and structures shall be provided with self-closing doors, devices, or screens, and windows and other openings used for ventilation shall be appropriately screened, except that screens shall not be required in the upper stories of multiple dwellings which are free of mosquitoes, flies, and other flying insects.

1-605 GARBAGE AND REFUSE

a-Adequate sanitary facilities and methods shall be used for the collection, storage, handling, and disposal of garbage and refuse. Storage containers shall be of an approved flame-resistant waterproof type.

b-The accumulation or storage of garbage or refuse in public halls or stairways shall be prohibited.

1-606 JUNK

a-Refrigerators, and similar equipment with locking mechanisms, shall not be discarded, abandoned, or stored on premises accessible to children, without first removing the locking devices or the hinges of the doors.

b-Junked vehicles, equipment, and materials shall not be stored in open areas of premises.

1-607 DOMESTIC ANIMALS AND PETS

Domestic animals and pets shall be kept in an appropriate manner, so as not to constitute a hazard or nuisance, and under control.

CHAPTER II

ADMINISTRATION AND COMPLIANCE

Part 1

General Provisions

2-101 <u>TITLE</u>

This Chapter shall be known and referred to as "Administration and Compliance Provisions."

2-102 PURPOSE

The purpose of this Chapter is to provide the basic method for uniform administration of, and compliance with, applicable Housing Standards, and to establish the responsibilities of those concerned therewith.

2-103 EFFECTIVE DATE

(See Chapter I, 1-103)

2-104 APPLICABILITY

a-This Chapter shall apply to the provisions and to premises within the scope of Chapter I.

b-Notwithstanding any of the requirements of Chapter I, premises, buildings, or structures which do not conform thereto, in whole or in part, on the effective date, and which require substantial alterations or installations to satisfy any such requirements, although in violation thereof, a reasonable period of time shall be provided, up to one year after the effective date, within which premises, buildings, or structures are to be made to conform, except, if a building or structure is found to be dangerous and unsafe, in which event, prompt compliance with the requirements herein provided shall be undertaken and carred out.

2-105 PARTIAL INVALIDITY

If a term, part, provision, section, subdivision, or paragraph of this Chapter shall be held unconstitutional, invalid, or ineffective, in whole or in part, such determination shall not be deemed to affect, impair, or invalidate the remaining terms, parts, provisions, sections, subdivisions, and paragraphs.

2-106 DEFINITIONS

As used in this Chapter, the following terms shall mean:

agent. The designated representative of an owner, lessor, operator, occupant, or person, as filed with the Agency.

lessor. The grantor of a lease interest in premises.

occupant. The person in occupancy, or in possession, or in control of premises, or using premises.

operator. The person engaged in the activity of renting or providing space or premises for occupancy or use by others.

<u>owner</u>. The person exercising dominion or control over, or vested with title in, premises; a proprietor (legal owner, joint owner, part owner, record owner, equitable owner, reputed owner, or their successors in interest); or the respective agent of any of them.

person. The owner, lessor, operator, or occupant of premises, or any firm or corporation, directly or indirectly in control of premises.

premises. Land (improved or unimproved), place, property, buildings, structures, equipment, facilities, and improvements, if any.

PART 2

ADMINISTRATION

2-201 ADMINISTRATIVE AGENCY

a-There shall be established, or designated by local law, an official or agency to administer and secure compliance with the Housing Standards. Such official or agency is hereinafter referred to as "Agency.b-The Agency shall have a chief officer and such assistants and inspectors as may be necessary to carry out effectively the powers and duties of the Agency.

c-Personnel of the Agency shall be qualified and appointed as prescribed by local law, and shall be furnished with appropriate official badges or identification cards, or both.

d-Personnel of the Agency shall be free from personal liability for acts done in good faith in the performance of official duties.

2-202 POWERS AND DUTIES

a-The Agency shall be charged with the duty of administering the Housing Standards and securing compliance therewith, and shall be empowered to adopt rules and regulations necessary for securing such compliance and for its own organization and internal management. Such rules and regulations shall not be in conflict with the Housing Standards or with any provision of law.

b-The Agency shall be empowered to request, and shall receive, so far

b-The Agency shall be empowered to request, and shall receive, so far as may be necessary in the discharge of its duties, the cooperation of other officials or agencies of the municipality.

c-The Agency shall be empowered to require the registration of premises and to issue certificates of compliance with respect to the use and occupancy of premises, or issue temporary certificates, limited to premises or parts thereof before or during the performance of any work to eliminate or correct violations or deficiencies, for an initial period of 90 days, and renewable for additional 90-day periods.

d-The Agency shall be empowered to require independent inspections and tests of equipment and systems used in connection with premises.

e-The Agency shall be empowered to conduct surveys to determine the condition of premises, extent of deterioration, lack or adequacy of facilities, adequacy of maintenance, existence of unsafe and unsanitary conditions, extent of overcrowding, land use, and other relevant factors affecting safety, health, or welfare.

f-It shall be the duty of the chief officer:

 to cause inspections to be made of premises within the scope of the Housing Standards;

(2) to cause an investigation of complaints of alleged violations of the Housing Standards;

(3) to issue written orders for the elimination or removal of conditions affecting or found to exist in, on, or about

premises in violation of the Housing Standards, and, where appropriate, order the cessation of an unlawful use or nuisance, or the vacation, demolition, or repair of premises found dangerous or unsafe, and, to state in the violation order a reasonable time limit for compliance therewith, and the time within which an appeal may be taken;

- (4) to request the chief legal officer of the municipality to take appropriate legal action upon failure to comply with a violation order or orders;
- (5) to assist and cooperate with the Board of Appeals;
- (6) to keep official records of Agency actions and activities;
- (7) to cause studies to be made of housing and environmental conditions for the purpose of community improvement;
- (8) to cooperate with other public and private agencies engaged in the study and improvement of housing and environmental conditions; and
- (9) to publish an annual report including a summary of actions, activities, results, accomplishments, studies, as well as current and proposed programs.

2-203 INDEPENDENT INSPECTIONS

a-As scheduled by the Agency, owners and lessors of premises shall be responsible for the inspection and testing of plumbing, heating, gas, and electrical equipment and systems, sprinkler, standpipe, firedetecting, and fire alarm systems, and elevators, dumbwaiters, and escalators used in connection with such premises.

b-Inspections and tests shall be made by qualified persons who, because of experience or education, are recognized as competent by the Agency.

c-If any equipment or system is found to be defective or not in proper operating condition upon inspection or test, the owner or lessor shall promptly remedy such defect or condition.

d-Reports of inspections and tests, signed by the tester and a witness, together with a statement of any remedial measures to be taken, shall be filed with the Agency within ten days after each inspection and test. A duplicate of the report shall be kept on the premises, available for examination by the Agency or its representatives. e-Reports of inspections and tests shall not be used in or as the basis of prosecution for the existence of a defect or improper condition on the date of inspection.

2-204 INSPECTION

a-The Agency and its representatives shall be authorized, in the performance of their duties, to conduct inspections of premises, or parts of premises, at such times and in such manner as the Agency may find convenient or necessary, with the consent of the person in possession or occupancy.

b-If admission is refused or cannot be obtained from the person in possession or occupancy, the Agency or its representatives shall be

authorized to obtain a warrant to make an inspection, provided reasonable or probable cause is shown.

c-In case of an emergency, the Agency or its representatives may, without a warrant, enter any premises, or parts of premises, to inspect the same, at any time, without the permission of the person in possession or occupancy.

2-205 VIOLATIONS

a-Whenever the Agency finds that there has been a violation of the Housing Standards, the Agency shall issue a violation order to the person or persons responsible. The Agency shall also issue a violation order to the person or persons responsible for failure to register premises, for failure to file or maintain reports, or for the furnishing of a false statement, or for interference with an inspector lawfully authorized to enter premises, or when a building or structure has been found to be or is deemed to be dangerous or unsafe hereunder. The order shall:

- (1) be in writing;
- (2) identify the premises;
- (3) specify the violation and remedial action to be taken;
- (4) provide a reasonable time limit for compliance;
- (5) state the time within which an appeal may be taken; and
- (6) if the violation constitutes a public nuisance or renders the premises dangerous or unsafe, include, in the order, a statement that if the violation is not remedied within the time limit specified in the order, the Agency may remedy the violation.

b-A violation order may be served as follows:

- (1) by personal service, or
- (2) by mailing, by registered or certified mail, to the person whose name has been filed with the Agency, in accordance with this Chapter, to his address as therewith filed, or to the occupant, of a copy of such order, or
- (3) if no person has filed with the Agency the name and address of the owner, lessor, or their respective agent, upon whom an order may be served, by posting a copy thereof in a conspicuous place on the premises and by mailing another copy thereof to the premises, on the same day as posted, enclosed in a postpaid wrapper addressed to the owner, lessor, or their respective agent.

c-In case the owner, lessor, occupant, or the agent of any of them, shall fail, neglect, or refuse to remove, eliminate, or abate the violation within the time specified, the Agency shall request the chief legal officer of the municipality to take appropriate legal action.

d-If the violation constitutes a public nuisance or renders the premises dangerous or unsafe, and the violation order has been served, but the violation has not been remedied within the time limit specified in such violation order, the Agency may remedy the violation, after obtaining a court order, without being required to give notice of the

application for such order authorizing the Agency to enter the premises and remedy such violation, after the expiration of five days from the date of service of the court order. Unless the court otherwise directs in such order, it shall be served in the same manner as provided, in paragraph b of this section, for the service of a violation order.

2-206 UNSAFE BUILDINGS AND STRUCTURES

a-A building or structure, or part of a building or structure, including any service equipment therein or attached thereto, or any facilities which are a part thereof, that is dangerous or unsafe, structurally or as a fire hazard or otherwise, or is dangerous or detrimental to health or life, shall be demolished and removed or made safe and secure.

b-A vacant building or structure not continuously guarded or boarded up, which is not safe and secure from unauthorized entry or use, shall be deemed dangerous or unsafe and a fire hazard, or dangerous or detrimental to health or life.

c-A vacant building or structure boarded up for a period of one year shall, at the expiration of such period, in the absence of competent and relevant evidence being furnished to the contrary, be presumed to be a fire hazard, and dangerous and unsafe.

d-When, in the opinion of the agency, there is imminent danger of the failure or collapse of a building or structure, or any part thereof, which endangers life or property, or when a building or structure or part thereof has fallen or collapsed and renders occupancy of the premises dangerous or unsafe, the Agency shall have the right to require the occupants to vacate the same forthwith and order the demolition of the building or structure, or any part thereof. In such cases, the Agency shall immediately cause a notice to be posted conspicuously at or about such premises, reading substantially as follows:

"THESE PREMISES ARE DANGEROUS AND UNSAFE AND THEIR USE OR OCCUPANCY IS PROHIBITED"

and thereafter no person shall enter upon such premises except for the purpose of making required repairs or of demolishing the unsafe building or structure, or part thereof, or for the purpose of inspection in connection therewith.

c-Unsafe buildings or structures shall be removed in accordance with and pursuant to the provisions of the State and local law.

2-207 RECOVERY OF COSTS

Cost incurred by the Agency in eliminating or removing nuisances and dangerous or unsafe conditions shall be paid for by the municipal fiscal officer out of the municipal treasury upon certification of the Agency. Such costs shall be charged against the premises, and shall constitute a lien thereon in favor of the municipality and the amount of such costs shall be entered on the tax rolls as being due and payable. Interest, at the rate of 12 per cent per annum, shall be

payable thereon and shall accrue from the date of the payment thereof by the municipality. Such costs may also be recovered in any other lawful manner.

2-208 RECORDS

The Agency shall keep official records of, but not limited to: registrations and reports filed, certificates issued, complaints received, inspections made, violations found, orders issued, and actions taken. Such records shall be public records, open to inspection during business hours. Copies or transcripts of such records shall be furnished upon written application and payment of any and all lawful fees.

2-209 PENALTIES

a-Failure to comply with a violation order, within the time limit stated therein, shall constitute an offense. A person convicted of an offense shall be punished by a fine not to exceed five hundred dollars or by imprisonment for a period not to exceed one year, or both. Each and every day of such failure to comply with a violation order, after such time limit, may constitute a separate offense for which the aforesaid penalties maybe cumulatively imposed. b-The penalties heretofore prescribed shall not be imposed upon a person who by operation of the law acquires premises containing violations for which a violation order has been issued, for a period of six months after the date of such acquisition of the premises. Nevertheless, the penalties provided shall attach and apply, either upon the expiration date of such six month period, or upon transfer of title to the premises before the expiration of such period, whichever first occurs.

COMPLIANCE

2-301 RESPONSIBILITIES OF OWNERS

a-Owners and lessors of premises shall be responsible for compliance with the Housing Standards and this Chapter, and shall remain responsible therefor reguardless of the fact that this Chapter may also place certain responsibilities on operators and occupants, and reguardless of any agreement between or among owners, lessors, operators, and occupants as to which party shall be responsible, except as provided in paragraph b of this section.

b-Owners and lessors of premises shall be responsible for proper maintenance, condition, and operation of service facilities. Owners and lessors shall be responsible for providing adequate heat and hot water, unless otherwise provided in written agreement with occupants. c-Owners and lessors of premises shall be responsible for independent inspections and tests of equipment and systems used in connection with such premises, and for filing and maintaining reports thereof. d-Owners and lessors of premises shall be responsible for posting of printed statements of the maximum number of occupants permitted in designated parts of premises.

e-Owners and lessors of premises shall be responsible for the removal of garbage, refuse and junk, to assure that the premises are maintained in safe, clean, healthful, and sanitary condition, and shall provide adequate private carting for such removal. Any municipal collection, which may be provided, shall be supplemented by private carting service when necessary.

2-302 RESPONSIBILITIES OF OPERATORS

Operators of premises shall be responsible for compliance with the provisions of this Chapter and the Housing Standards in regard to the following:

- (1) limiting occupancy to the maximum number of persons permitted and prohibiting unlawful uses;
- (2) posting required statements of the maximum number of occupants permitted;
- (3) maintenance of the premises in a clean, safe, and sanitary condition;
- (4) maintenance and operation of service facilities in good order and condition;
- (5) maintenance of plumbing, heating, and electrical equipment and systems, appliances, fixtures, as well as other building equipment and facilities, in appropriate, good operative, clean, and sanitary condition;
- (6) maintenance of walls, floors, and ceilings in a clean and sanitary condition;

(7) keeping exits free and clear;

- (8) disposing of garbage, refuse and junk in a safe and sanitary manner, and keeping the premises free and clear therefrom, and broom clean;
- (9) exterminating of insects, vermin, rodents, pest, and elimination of harborage; and
- (10) hanging and removing of screens.

2-303 RESPONSIBILITIES OF OCCUPANTS

a-Occupants shall be responsible for compliance with the provisions of this Chapter and, with respect to premises occupied, the Housing Standards in regard to the following:

- (1) occupancy limitations and its lawfully permitted use;
- (2) maintenance in a clean, safe, and sanitary condition;
- (3) maintenance of plumbing, cooking, and refrigeration equipment, appliances, fixtures, and facilities, in a clean and sanitary condition, and providing reasonable care in the operation and use thereof;
- (4) keeping exits free and clear;
- (5) disposing of garbage and refuse into provided facilities in a sanitary manner and keeping the premises free and clear therefrom;
- (6) extermination of insects, vermin, rodents, pests, and elimination of harborage; and
- (7) keeping domestic animals and pets in an appropriate manner and under control.

PART 4

APPEALS

2-401 BOARD OF APPEALS

a-There shall be established, or designated by local law, a Board of Appeals, hereinafter referred to as "Board." The number of members, terms of office, manner of appointment, and designation or election of a chief officer shall be fixed by local law.

b-The Board shall be empowered to adopt rules of procedure for the conduct of its business, provided such rules are not inconsistent with provisions of law or this Chapter.

c-The Board shall be empowered to charge and collect reasonable fees and to make rules and regulations with respect thereto.
d-The Board shall have the following powers and duties:

- (1) Determinations. The Board shall decide matters involving determinations of the Agency with respect to this Chapter and the Housing Standards, or rules or regulations of the Agency.
- (2) Interpretations. The Board shall decide questions involving the interpretation of this Chapter and the provisions of Housing Standards, as well as of the rules or regulations of the Agency.
- (3) Variances. The Board may grant variances where the strict application of the provisions of this Chapter or the Housing Standards, or rules or regulations of the Agency, would result in practical difficulty or unnecessary hardship, provided the intent of the provisions of this Chapter or of the Housing Standards, or rules or regulations, is carried out, with respect to the protection of safety, health, or welfare.

2-402 PROCEDURE

a-An appeal from an order, determination, or regulation of the Agency shall be taken to the Board.

b-Such appeal shall be filed, on forms provided by the Board and made available at the Agency, simultaneously with the Agency and the Board, within the time limit established by the Agency. Compliance with a violation order shall not be required while an appeal is pending, unless the premises are dangerous or unsafe, in which event adequate protective measures shall be taken.

c-The Board, following receipt of an appeal, shall obtain from the Agency copies or transcripts of the record of the matter at issue.

2-403 HEARINGS

a-The Board shall set a time and place for hearing the appeal, and shall give the petitioner, the Agency, and such other interested

persons as may have filed a written request to be heard, written notice thereof by mail at least ten days prior thereto.

b-The Board, at the hearing, shall grant the petitioner, the Agency or its representatives, and any interested persons the opportunity to testify. The Board, in addition, may subpoen witnesses, records, and such other information as may be relevant to the matter at issue.

c-The Board may issue a subpoena requiring the attendance of a person to give testimony, or a subpoena duces tecum requiring the production of books, papers, and other things. A subpoena shall be served, and attendance or production may be compelled, as provided by law.

d-The Board may conduct its hearings without regard to legal rules of evidence.

2-404 DECISIONS

a-Upon a determination of an appeal by the Board, the violation shall be corrected within the time limit provided for in the violation order, unless such violation order is reversed by the Board, or the Board changes or modifies such period of time within which to comply therewith.

b-Decisions of the Board shall be in writing, and copies of the decision shall be sent to the petitioner and the Agency.

2-405 RECORDS

Rules and regulations of the Board as well as its actions and decisions on matters that come before it for review shall be filed and maintained at the office of the Agency, and such records shall be public records open to inspection during business hours.

Item No. 37 cont'd

BE IT FURTHER RESOLVED that a copy of this resolution be entered in the minutes of the meeting of the Town Board of the Town of Cheektowaga held on the 17th day of October, 1977; and that a certified copy thereof be published in the CHEEKTOWAGA TIMES, a newspaper published in the Town of Cheektowaga and having a general circulation therein.

That the Town Clerk post or cause to be posted on the signboard maintained by him at the entrance of the Town Clerk's Office a certified copy of this resolution, and affidavits of publication and posting thereof shall be filed with the Town Clerk.

The aforementioned Housing Code of the Town of Cheektowaga, New York shall take effect ten (10) days after such publication and posting, but such Housing Code shall take effect from the date of its service as against a person served personally with a copy thereof certified by the Town Clerk under the corporate seal of the Town and showing the date of their passage and entry into the minutes.

EXTRACTS FROM MENUTES OF CHEEKTOWAGA TOWN BOARD

At a regular meeting of the Town Board of the Town of Checktowaga, Erie County, New York held at the Town Hall, corner of Broadway and Union Roads, in said Town on the 17th day of October, 1977 at 7:00 o'clock p.m. Eastern Daylight Saving Time there were:

PRESENT: Supervisor Kenneth J. Meyers

Councilmen: Frank E. Swiatek Raymond J. Wasielewski Thomas M. Johnson, Jr. Frank J. Dux George Kaczmarek James R. Burst ABSENT: 0

Motion by Councilman Johnson Seconded by Councilman Wasielewski WHEREAS, uniform and adequate housing standards and regulations are essential to correct substandard housing conditions and to ensure a desirable living environment in the

community; and WHEREAS, the Town Law of the State of New York grants authority to the Town Board, after a public hearing, to enact a housing code, regulating and establishing, amongst other things, minimum standards governing the condition, occupancy, and maintenance of housing; and

WHEREAS, if the Town Board enacts a housing code, loan applica-tions, pursuant to the Department of Housing and Urban Development's 312 loan program, can be processed,

WHEREAS, the Town Board duly called a public hearing to consider the advisability of adopting said housing code and gave due notice thereof as required by law, and

WHEREAS, a public hearing on said proposed housing code was duly held by this Town Board at the Cheektowaga Town Hall, corner of Broadway and Union Road, Cheektowaga, New York on the 3rd day of October, 1977 at 7:00 o'clock p.m. Eastern Daylight Saving Time; and at which hearing all parties in interest and citizens had an opportunity to be heard, and were heard, and

WHEREAS, it is in the public interest to adopt the following housing code of the Town of Checktowaga, New York, as set forth below,

NOW, THEREFORE, BE IT RE-SOLVED, that the Housing Code of the Town of Cheektowaga, New York be and the same hereby is adopted as follows: HOUSING CODE

CHAPTER 1 RESIDENTIAL PREMISES Part 1

General Provisions

TITLE 1-101 This Chapter shall be known and referred to as "Housing Standard for

Residential Premises ' 1-102 PURPORE

This Chapter provides basic and uniform standards, in terms of performance objectives imple by specific requirements, governing the facilities and the condition occupancy, and maintenance of residential premises, to safeguard the safety, health, and welfare of the occupants and users thereof. EFFECTIVE DATE

Upon adoption by the Town Board, this Chapter shall take effect ten (10) days after its publication as required by the laws of the State of New York, except that this Chapter shall take effect from the date of its service as against a person served personally with a copy thereof, certified by the Town Clerk under the ornorate seal of the Town, showing the date of its passage and entry in the

1-104 SCOPE

This Chapter shall apply to existing and to future residential premises, as follows:

a) Lots, plots, or parcels of land, which are vacant and which are located in districts zoned for resi-

dential use; b) Lots, plots, or percels of land, on which buildings devoted to residential use or occupancy, mixedoccupancy buildings, or accessory structures are located;

c) Buildings devoted to residential use or occupancy, including one-and two-family dwellings and multiple dwellings, mixed occupancy buildings, and accessory structures.

1-165 NON-APPLICABILITY

This Chapter shall not apply to mobile housing premises or migrant housing premises, or to nursing, convalencent, and old-age homes, or similar institutional occupancies.

b-This Chapter shall not apply to fallout shelters constructed or installed to provide safety and security to occupants in accordance with specifications and standards contain regulations or orders issued by the New York State Civil Defense Commission, or other analogous or successor body.

20

1-106 APPLICATION

The provisions of this Chanter shall sunnlement State and local laws. ordinances, codes, or regulations. Where a provision of this Chapter is found to be in conflict with a provision of a State of local law, ordinance, code, or regulation, the more restrictive provision shall prevail when legally permissible.

1-107 TOWN BUILDING CODE

Installations, alterations, and repairs to residential premises, which are required to correct violations of the provisions of this Chapter, and materials, assemblies, and equipment utilized in connection therewith, shall be safe to persons and property. Conformity of such work, materials. assemblies, or equipment with applicable requirements of the Town Building Code and generally accepted standards shall satisfy this require-

PARTIAL INVALIDITY

If a term, part, provision, section. subdivision, or paragraph of this Chapter shall be adjudged unconstitutional, invalid, or ineffective, in whole or in part, such determination shall not be deemed to affect, impair, or invalidate the remainder of the terms, parts, provisions, sections, subdivisions, or paragraphs.

ABBREVIATIONS AND. DEFINITIONS

hotel unit. A room or group of rooms forming a single unit, used or intended to be used for living and sleeping purposes, with or without sanitary facilities, and having no cooking facilities. See dwelling unit.

infestation. The presence, within building or structure, or on premises, of insects, rodents, vermin, or other pests.

inferior finish. Material applied directly to walls or ceilings for acoustical correction, surface insulation, decorative treatment, or similar purposes, including, but not limited to, eneer, wainscotting, and paneling. Surface finishes of wallpaper or other materials not more than 1-28-inch thick having no greater fire hazard than wallpaper, shall not be deemed to be interior finish.

interior trim. Material generally not exceeding 12 inches in width, around openings or on wall or ceiling: including casings, stools, aprons, baseboards, chair rails, picture molds, cornice moldings, and moldings applied for decoration.

kitchen. Space, sixty square feet or more in floor area, designed and equipped for the purpose of cooking and preparation of food. See central kitchen, communal kitchen.

kitchenette. Space, less than sixty square feet in floor area, designed and equipped for the purpose of cooking and preparation of food.

ledging house. A building con taining primarily lodging units, with or without meals provided as a condition of occupancy. See multiple

lodging unit. A room or group of rooms forming a single unit, used or intended to be used for living and sleeping purposes, with or without sanitary facilities, and having no cooking facilities. See dwelling unit.

migrant. A seasonal laborer who moves from area to area for work purposes in agricultural, horticulture; or food processing

migrant housing premises. Property used, or intended to be used, as residential accommodations and related facilities for migrants.

mixed occupancy building. A building occupied in part for residential use and in part for some other nonaccessory use. See multiple dwell-

mobile housing premises. Property, including improvements and facilities, designed to accommodate mobile homes and recreational vehicles, including such units located

metel. See hetel. multiple dwelling. Any of the following:

(a) A building designed or occupied for residential purposes by more than two families; or

(b) A series of attached, detached, or semi-detached buildings, which are provided as a group collectively sential services and utilities, and which are located on a lot, plot, or parcel of land, under common owner-

(c) The residential part of a mixed occupancy building. Regardless of the foregoing, any residential ng, other than a one- or two-family dwelling on a single soning lot, shall be deemed to be a multiple dwelling.

micipality. A city, town, or village.

ncombustible. Material combination of materials which will not ignite and support combustion when heated at any temperature up to 1382 degrees F. (750 degrees C.), during an exposure for 5 minutes.

shabitable space. Space used for and including but not limited to, kitchenettes, pantries, bath, toilet, laundry, rest, dressing, locker, storage, utility, heater, and boiler rooms, and other spaces for service and maintenance of the building or structure. See habitable space, public

nursing home. A facility regulated by the State, providing therein nursing care to sick, invalid, infirm, disabled, or convalencent persons, in addition to lodging and board.

old-age home. A facility regulated by the State, and operated for the purpose of providing therein care to adult persons who, though not requiring medical or nursing care, are in such condition by reason of age as to require, in addition to lodging and board, personal services to assure their safety and comfort.

occupant. The person in occupancy, or in possession, or in control of premises, or using premises.

owner. The person exercising dominion or control over, or vested with title in, premises; a proprietor (legal owner, joint owner, part owner, record owner, equitable owner, reputed owner, or their successors in interest); or the respective agent of any of them.

plumbing system. The water supply system, drainage system, vent system, fixtures and traps, including their respective connections, devices. and appurtenances within property

potable water. Water approved for drinking, culinary, and domestic purposes.

public space. Space within a building for public use, such as lobbies, lounges, reception, ball, meeting, lecture, and recreation rooms, banquet and dining rooms including appurtenant kitchens, and swimming pools.

property. Land, including buildings, structures, facilities, and improvements, used, or intended to be used, as residential accommodations or facilities.

residential premises..Property used, or intended to be used, for dwelling or related purposes.

rooming house. See ledging house. Sewage. Liquid waste containing animal or vegetable matter in suspension or solutions and which may include industrial wastes and liquids containing chemicals.

shall. As used in this Chapter, is always to be construed as mandatory. shower room. See bathroom.

serority house. See dermitery. story. Portion of a building which is between one floor level and the next higher floor level or the roof. If a mezzanine floor area exceeds one third of the floor immediately below. it shall be deemed to be a story. A basement shall be deemed to be a story when its ceiling is 6 or more fact above the average finished grade. A cellar shall not be deemed to be a story. An attic shall not be deemed to be a story, if unfinished and not used for human occupancy.

structure. An assembly of materials, forming a construction framed of component structural parts for occupancy or use, including buildings.

tellet reem. Enclosed space, containing one or more water clo which may also contain one or more lavatories, urinals, and other plumbing fixtures. See hathroom.

Town Building Code. Rules and regulations relating to building construction, as promulgated by the Town Building Code, and which collectively are known as the Town Building Code, as in force and effect on December 21, 1942, as amended.

ventilation. Supply to and removel of air from a space by matural or mechanical means: natural. Ventilation by opening

to eater air through windows, sky lights, doors, louvers, or stacks with or without wind driven de mechanical. Ventilation power-driven devices.

Part 2

General Provid 1-201 GENERAL REQUIREMENTS ildings used or occupied fo ridential use, as defin classified in this Chapter, shall conform to the use, occup enty, size, light, ventilation, vertical travel, exit and extess require ents, to p for a safe and healthful environment.

1-202 OCCUPANCY CLASSIFICA-TION OF BUILDINGS Buildings, for the purpose of this

Chapter, shall be classified in respect to their uses or occupanices, as follows:

One- and Two-Family Dwellings Multiple Dwellings -Apertments houses, apartment Hotels, motels, boatels

Lodging houses, rooming es, boarding houses, Chabs, dormitories, fraternity and sorority houses.

Mixed Occupancy Buildings --Residential and accessory use parts shall be classified as multiple dwellings.

Non-residential parts shall be classified in accordance with their occupancy and use under the Town Building Code.

Components of such parts including, but not limited to, struc-tural elements, mechanical and electrical service equipment, and fire protection equipment shall be subject to applicable provisions of this Chapter and generally accepted standards of engineering and fire protection practice, so as to ensure the health, safety, and welfare of the residential occupants of the building.

Accessery Structures.

1-368 MAXIMUM OCCUPANCY

a-In dwelling units-the maximum number of occupants of each such respective unit shall be limited to a number determined on the basis of the floor area of each habitable room, other than kitchens, as follows:

One occupant per habitable room having a floor area of at least 80 but less than 120 square feet;

Two occupants per habitable room having a floor area of at least 120 but less than 180 square feet; and

Three occupants per habitable room having a floor area of 180, or more, square feet.

b-In botel units and lodging units

the maximum number of occupants
shall be limited to the number
determined on the same basis as for
dwelling units.

c-In dormitory units -- the maximum number of occupants shall be limited to a number determined by dividing the floor area of the unit by 50 square feet. In no case shall the floor area of a dormitory unit be less than 200 square feet.

d-The maximum number of occupants permitted in hotel units, lodging units, or dormitory units shall be posted in a conspicuous place in each such unit.

e-Communal dining rooms and central dining rooms shall contain at least 15 square feet of floor area per occupant. The maximum number of occupants permitted, at any particular time, shall be posted in a conspicuous place in each unit.

f-Communal dining space in communal kitchens shall be exclusive of clear working space, at least 4 feet in front of kitchen equipment, and comply with the requirements for communal dining rooms.

1-204 PROHIBÍTED USES

a—It shall be prohibited to use for sleeping purposes any kitchen, nonhabitable space, or public space.

b--It shall be prohibited to prepare meals in hotel units, lodging units, and dormitory units.

c-It shall be prohibited to use any cellar space as habitable space.

d-It shall be prohibited, in dwelling units, botel units, lodging units, and dormitory units, to conduct a home occupation;

(1) for the teaching of more than four pupils simultaneously, or in the case of musical instruction, of more than a single pupil at a time; or(2) to which, is devoted, more

(2) to which, is devoted, more than 25 per cent of the total floor area of the unit, and in no event more than 500 square feet of floor area; or

(3) which produces offensive noise, vibration, smoke, dust or other particulate matter, odorous matter, heat, humidity, glare, or other objectionable effects.

e—It shall be prohibited to occupy or use for residential purposes the residential part of a mixed occupancy building, if the non-residential part of such building is classified for use as a high hazard occupancy, or if the non-residential use is chaoxious or offensive to residential occupancy or

1-205 HABITABLE SPACE

1-205.1 Size

a.-Habitable space shall have a minimum height of ? feet 6 inches, measured from floor to ceiling. In habitable space with a sloping cailing, the required minimum ceiling height of ? feet 6 inches shall be provided in at least 50 per cent of the floor area, and the area where the ceiling height is less than 5 feet shall not be included in computing required floor area.

b-A dwelling unit shall contain at least one habitable room having a minimum of 150 square feet of floor area, with a minimum horizontal dimension of 10 feet.

c-Kitchens shall have a minimum of 60 square feet of floor area, and other habitable spaces shall contain not less than 80 square feet of floor area, with a minimum horizontal dimension of 7 feet.

d-Alcoves, except cooking spaces or foyers, to be deemed part of a habitable room shall conform with the following:

(1) An alcove less than 60 square feet in area shall be deemed part of the habitable room which it abuts, provided, the dividing partition between the alcove and the room has an opening of at least 80 per cent of the wall area of such partition, measured on the alcove side, which wall area may not be less than 40 square feet, and the depth of such alcove does not exceed half its width.

(2) The floor area of the alcove shall be added to the floor area of the habitable room, for the purpose of complying with the light and ventila-

tion requirements of section 1-205.3
(3) An alcove with an area of 60 square feet or more, but less than 80 square feet, shall be deemed part of

the habitable room which it abuts, provided, it meets the requirements of subparagraph (1) and is separately lighted and ventilated, as required for habitable space in section 1-205.3.

1-205.2 Location in Respect to Grade

Habitable space located partially below grade shall conform to the definition of a basement, with the floor level of such space not more than 4 feet below the average finished grade.

1-205.3 Light and Ventilation

a-Habitable space, exclusive of kitchens, shall have natural light provided by means of one or more windows, skylights, transparent or translucent panels, or any combination thereof, that face directly on open space. The amount of light shall be equivalent to that transmitted through clear glass equal in area to not less than 10 per cent of the floor area of the habitable space. In computing the amount of light transmitted, only window or panel areas 6 inches or more above the adjoining finished grade shall be included in such calculation.

b-Habitable space shall be provided with electric light appropriate for the intended use.

c-Habitable space, exclusive of kitchens, shall have natural ventilation provided by means of openable parts of windows or other openings in exterior walls that face directly on open space, or through openable parts of skylights. Such openable parts ahall have a total clear ventilation area equal to not less than 5 per cent of the floor area of the habitable space. In computing the total clear ventilation area, only openable parts, of windows or other openings, 6 inches or more above the adjoining finished grade shall be included in such calculation.

d-Habitable space may also be provided with mechanical ventilation in addition to natural ventilation, but not in substitution thereof, except: kitchens may be provided with natural ventilation, conforming with paragraph c of this section, or with mechanical ventilation exhausting not less than 150 cfm.

1-205.4 Open Space

a-Open space shall be of sufficient area, to permit required natural light and ventilation for habitable space.

b-Windows, panels, and openings required to provide natural light or ventilation shall face directly on open space conforming to the following:

(1) Where such open space is bounded on two sides by walls, with two open ends, and the vertical dimension of the lower wall is 30 feet or less, the horizontal dimension between walls shall be at least 8 feet. For each foot that the vertical dimension of the lower wall exceeds 30 feet, the horizontal dimension between walls, above the 30 foot level, shall be increased by at least 3 inches.

Vertical dimension shall be measured from the floor level of the story containing required windows, pakels, or openings to the top of the lower wall. Horizontal dimension shall be measured, at the same floor level, from the wall containing such windows, panels, or openings to the facing wall

facing wall.

(2) Where such open space is bounded on three sides by walls, in addition to the requirements of subparagraph (1), the horizontal dimension from the open end of the open space to the wall opposite the open end shall not exceed 4 times the horizontal dimension between the facing walls.

(3) Where such open space is bounded on four sides by walls, in addition to the requirements of subparagraph (1), the horizontal dimension between any two facing walls shall not exceed 2 times the horizontal dimension between the other two facing walls.

1-205.5 Miscellanceus Requirements a-Dwelling units shall be separate and apart from each other. Sleeping rooms shall not be used as the only means of access to other sleeping rooms or habitable spaces.

b-Hotel units, lodging units, and dormitory units shall be designed to provide privacy, and be separate from other adjoining spaces.

other adjoining spaces.

c.-Communal kitchens and communal dining rooms shall be accessible only from a common hall or passageway.

1-206 PUBLIC SPACE

1-206.1 Height

Public space shall have a minimum height of 7 feet 6 inches, measured from floor to ceiling.

1-206.2 Light and Ventilation a-Public lobbies and lounges shall be provided with electric light

shall be provided with electric light conforming to the requirements of section 1-210.5. b-Public reception, ball; meeting, lecture, and recreation rooms, and similar public spaces, shall be provided with electric light appropriate for the intended use.

c-Public spaces shall be provided with either natural ventilation, conforming to the requirements for habitable space, or with mechanical ventilation conforming to the requirements of table 1-512.7e.

1-207 NONHABITABLE SPACE

1-207.1 Height

In multiple dwellings-nonhabitable space, except crawl spaces and attics, shall have a minimum height of 7 feet, measured from floor to ceiling.

1-207.2 Toilet Rooms and Bathrooms a-Toilet rooms and bathrooms shall be designed and arranged to provide privacy.

b-Toilet rooms and bathrooms shall not be used as a passageway to a hall, or other spaces, or to the exterior.

c-A toilet room or bathroom in a dwelling unit shall be accessible from any sleeping room without passing through another sleeping room.

d-Toilet rooms and bathrooms serving hotel units, lodging units, or dormitory units, unless located within such respective units, or directly connected thereto, shall be provided on the same story with such units, and be accessible only from a common hall or passage way.

e-Toilet rooms for employees in multiple dwellings shall be separate for each sex where there are 5 or more employees, shall be readily accessible to such employees, and shall not open directly into any public kitchen or other public space used fo the cooking or preparation of food.

f--The entrance to every toilet room with facilities to serve more than one person at a time, and opening into a public space or passageway, shall be provided with a vestibule or fixed partition to screen the interior from view. The door of every such toilet room, with multiple facilities, shall have an effective self-closing device. Doors of toilet rooms, with facilities to serve one person at a time, shall be provided with an interior door look

g-in one- and two-family dwellings-bathrooms and toilet rooms shall be provided with floors of moistureresistant material.

h-In multiple dwellings - floors of bathrooms, toilet rooms, and similar spaces shall be waterproof; such waterproofing shall extend 6 inches or more above floors, except at doors. Walls shall be constructed or covered with moisture-resistant material.

1-207.3 Light and Ventilation

a-Kitchenettes, bathrooms, and toilet rooms shall be provided with electric light of sufficient intensity and so distributed as to permit the maintenance of sanitary conditions, and the safe use of the space and the appliances, equipment, and fixtures.

by in one and two-family dwellings kitchenettes, bathrooms, and tollet woms shall be provided with ventilation in accordance with either of the following:

Natural ventilation by openings which comply with the requirements of section 1-205.3c, except that minimum openings shall be 3 square feet for kitchenettes, and 1.5 square feet for bathrooms and teilet rooms;

Mechanical ventilation exhausting not less than 150 cfm for kitchenettes, and not less than 25 cfm for bathrooms and toilet rooms.

c-In multiple dwellings-kitchenettes, bathrooms, and toilet rooms shall be provided with ventilation in accordance with either of the follow-

Natural ventilation by openings which comply with the requirements of section 1-203.3c, except that minimum openings shall be 3 square feet for kitcheneties, and bathrooms and toilet rooms designed for private use, and 1 square foot per water closet or urinal, or 3 square feet, whichever is greater, for bathroom and toilet rooms designed for public use; or

Mechanical ventilation exhausting not less than 150 cfm for kitchenettes, 25 cfm for bathrooms and toilet rooms designed for private use, and 40 cfm, per water closet or urinal, for bathrooms and toilet rooms designed for public use.

d-Stairs shall be provided with electric light to allow safe ascent and descent

e-Laundry rooms, furnace rooms, and similar nonhabitable spaces shall be provided with electric light appropriate for the intended use of such rooms.

f-Spaces in multiple dwellings which contain central heat producing equipment, incinerator, or air conditioning equipment, shall be ventilated directly to the outer air.

g-Shower rooms, locker rooms, dressing rooms, and laundry rooms shall be provided with either ristural ventilation, conforming to the requirements for habitable space, or with mechanical ventilation conforming to the requirements of table 1-512.7e.

h-Garages within or accessory to multiple dwellings shall be provided with electric light appropriate for the intended use of such spaces.

i-Garage areas above grade, in excess of 1,000 square feet, and all garage areas below grade shall be provided with mechanical ventilation, in conformity with table 1-512.7e.

1-208 ELEVATORS AND ESCALA-

Elevators and escalators shall be maintained in good and safe operating condition, and adequately lighted at all times

1-209 RAILINGS AND PARAPET

a-Railings or parapet walls shall be provided at open sides of halconies, mezzanines, porches, accessible roofs, exit passageways, areaways, motor vehicle parking decks and

ramps, and around floor openings.

b-Railings or parapet walls shall be at least 3 feet 6 inches in height and designed to resist a lateral load, at the top, of at least 50 pounds per linear foot. Fixed openings in railings or parapet walls shall not exceed 6 inches in one dimension.

c-Wheel bumper blocks shall be provided at perimeter and around floor openings of open motor vehicle parking decks and ramps. Wheel bumper blocks shall be continuous, at least 8 inches in height, fastened to the floor, and designed to resist a minimum linear load of 300 pounds per foot.

1-210 EXITS

1-210.1 General

a-Safe, continuous, and unobstructed exit shall be provided from the interior of a building or structure to the exterior, at a street, or to a yard, court, or passageway leading to a public open area.

b-Exits shall be arranged, constructed, proportioned, and maintained so that occupants may escape safely from the building or structure in case of emergency. Width of exits shall conform to generally accepted standards.

c-Exits from dwelling units, hotelunits, lodging units, and dormitory units shall not lead through other such units, or through toilet rooms or bathrooms.

1-210.2 One- and Two-Family Dwellings

a-A fixed stairway shall be provided between stories, and between the first story and a basement

or cellar.

b-In two-family dwellings three stories or less in height, and in one-family dwellings, in addition to the primary exit there shall be provided an emergency exit from each story. Such emergency exit may be similar to the primary exit, or a fire escape, or an opening, such as a window or door, having at least 4 square feet of openable area with a minimum dimension of 18 inches, and with the bottom of the opening not more than 3 feet 6 inches above the floor.

c-In two-family dwellings more than three stories in height, exits shall

comply with any of the following:

(1) One interior stairway enclosed in construction having at least a 3-4 hour fire-resistance rating with openings in such enclosure protected by self-closing doors; or

(2) Two interior stairways with all doors opening upon such stairways equipped with a self-closing device; or

(3) One interior stairway with all doors opening upon such stairway equipped with a self-closing device, and one exterior stairway or fire escape providing exit from each dwelling unit on any story; or

(4) One interior stairway equipped with an automatic sprinkler system, with all doors opening upon such stairway equipped with a self-closing device.

1-210.3 Multiple Dwellings

a-In multiple dwellings two stories or less in height, in addition to the primary exit from each dwelling unit, hotel unit, lodging unit, or dormitory unit, there shall be provided an emergency exit from each such unit, conforming with the requirements of section 1-210.2b.

b-In multiple dwellings three stories or more in height, there shall be provided from each story at least two exits accessible to each dwelling unit, hotel unit, lodging unit, or dormitory unit. The primary exit shall be an interior public hall, stairway, lobby, vestibule, or any combination

thereof. The secondary enit shell be another interior public hall, stairway, lobby, or vastibule, or any bombination thereof, or a fire escape. Where the secondary exit is through the same public hall which provides access to the primary exit, the primary exit shall be separated from such public hall by construction having a fireresistance rating of at least 3-4 hour.

c-Public halls, stairways, lobbies, and vestibules serving as exits shall be enclosed with construction having a fire-resistance rating of at least 3-4 hour. Wood wainscotting in exits is prohibited. Combustible interior trim in exits is permitted only in buildings three stories or less in height. Openings, other than doors, in interior walls or partitions of exits shall be sealed, so as to maintain the required fire-resistance rating of the wall or partition.

d-Doors from dwelling units, hotel units, lodging units, or dormitory units opening upon a public hall, and doors in stairway enclosures shall be self-closing. Doors from units opening upon public halls and doors in stairway enclosures shall have a fire-resistance rating of at least 3-4 hour.

e-Basement and cellar stairways shall be separated from stairways leading to or from upper stories, at the grade level story, by construction having a fire-resistance rating of at least 3-4 hour, with doors that are self-closing and have a fire-resistance rating of at least 3-4 hour.

1-210.4 Height

In multiple dwellings — passageways, corridors, hallways, and vestibules shall have a minimum height of 7 feet 6 inches, measured from floor to ceiling. In stair — headroom over landing floors at a tread nosings shall have a minimum height of 7 feet.

1-210.5 Light and Ventilation

a-In multiple dwellings - exits, including vestibules, stairways, passageways, corridors, and hallways, but excluding fire escapes, shall be lighted with natural or electric light at all times, so as to afford safe passage. Electric light shall conform to the following:

(1) A sufficient number of fixtures shall be provided so that the distance between fixtures is not more than 30 feet and so that no wall is more than 15 feet from a fixture.

(2) Incandescent lighting — not less than 1-4 watt per square foot of floor area, except that each fixture shall have a lamp or lamps with a total of not less than 25 watts.

(3) Fluorescent lighting — not less than 1-10 watt per square foot of floor area, except that each fixture shall have a lampor lamps of a total of not less than 15 watts.

not less than 15 watts.

(4) Where under these formulas the calculated wattage does not correspond to that of a standard lamp, the next larger size shall be used.

b-In multiple dwellings - stairways, passageways, corridors, and hallways shall be provided with ventilation in accordance with either of the following:

Natural ventilation obtained by means of opening to the outer air, or by means of ducts connected to wind or gravity operated ventilators; or

Mechanical ventilation conforming to the requirements of table 1-512.7e.

1-210.6 Stairways

a-Stairway treads, risers, and landings shall be arranged, constructed, proportioned, and maintained to provide safe ascent and decemb

b-Guard rails or balustrades, at least 33 inches in height above nosings and 36 inches in height above landings, shall be provided at open portions of stairways.

c-Handrails shall be provided on at least one side of stairways.

d-Where stairways provide access to roofs by means of scuttles or bulkhead doors, such scuttles or doors shall be readily openable from the interior without the use of tools or keys.

1-210.7 Fire Escapes

a-Fire escapes which serve as a secondary means of egress shall be of material having the properties of ferrous metal, other than cast iron, and conform to generally accepted standards. Fire escapes shall be maintained free of encumbrances.

b-Access to fire escapes shall be through openable unobstructed doors, or windows conforming to the requirements of windows for emergency exit in section 1-210.2b.

c-In buildings more than three stories in height, fire escapes shall continue to the roof, except when the slope of the roof exceeds 15 degrees.

d-The lowest balcony shall be

d-The lowest balcony shall be provided with a drop ladder or counter-balance stair, if it is more than 5 feet above the ground.

October 27, 1977 CHEEKTOWAGA TIMES 21

1-211.1 Multiple Dwelling Premises a-Exterior artificial lighting shall be provided at night to illuminate facilities used by pedestrians, including walks, driveways, parking spaces,

and entranceways to buildings. b-Exterior artificial lighting shall be of an approved type as to location and safety of installation.

e-Exterior artificial lighting at or near front entranceways shall consist of at least one fixture with a lamp or lamps having a cumulative wattage of at least 50 watts, for a building with a frontage up to 25 feet. Where the frontage is in excess of 25 feet, at least two fixtures with lamps having a cumulative wattage of at least 100 watts shall be provided.

Part 3 Structural Regulrements

1-301 GENERAL REQUIREMENTS a-Buildings and structures shall be structurally sound. Structural elements which conform to loading criteria specified in the Town Buildin Code, and stress limitations specified in generally accepted standards, shall be deemed structurally sound.

b-Buildings and structures shall be maintained weather-resistant and in good condition.

1-302 EXTERIOR PROTECTION a-Exterior walls, including foun-dations, shall be maintained so that ground and surface water does not

penetrate into basements and cellars. b--Exterior doors, windows, skylights, and similar openings shall be maintained weathertight.

c-Exterior stairs, porches, en-trance platforms, fire escapes, and the railings thereon, shall be maintained in a safe and sound condition.

d-Roofs shall be maintained in a watertight condition.

1-305 INTERIOR PROTECTION a-Structural member shall be protected and maintained to resist and prevent deterioration.

b-Unheated attics, spaces below flat roofs, and crawl spaces shall be ventilated, to minimize deterioration. e-Chimneys and flues shall be

maintained safe, sound, and smoketight. d-Ceilings, walls, floors, and stairways shall be maintained in a

safe and sound condition. e-Toiles room, bathroom, and laundry room shall be maintained in a watertight condition.

Part 4Fire-Safety Requiremen

1-401 GENERAL REQUIREMENTS Buildings and structures shall be constructed and maintained to pre-vent and avoid fire hexards, and in a manner conducive to fire safety.

1-402 PROHIBITED ACCUMULA-TIONS AND STORAGE

a-No highly flammable of ex sive matter, such as paints, volatile oils, and cleaning fluids, or combustible refuse, such as waste paper, boxes, and rags, shall be accumulated or stored on residential premises. except in spaces in conformance with section 1-494d.

b-Nothing shall be placed, accumulated, or stored on residential premises which obstructs egress from stairways, pessageways, doors, windows, fire escapes, or other means of exit, or interferes with the use of fire-fighting equipment or performance by fire-fighting personnel.

1-403 PREVENTION OF EX-TERIOR FIRE SPREAD

Distance separations between buildings, between buildings and structures, and between buildings, structures, and property lines shall conform to requirements of law or regulation of any governmental body having jurisdiction.

1-404 PREVENTION OF INTERIOR FIRE SPREAD

a-Floors, walls, ceilings, soffits, and other components required to provide a fire-resistive enclosure or separation, and construction required to protect structural members, shall be maintained so that the respective fire-resistance rating of the enclosure, separation, or construction is preserved.

b-in buildings of mixed occu-pancy-nonresidential space shall be separated from residential space by fire separations having a fire-resis tance rating of at least 1 hour.

c-In multiple dwellings - floor construction above a cellar or becoment shall have a fire-resistance rating of at least 1 hour, except such requirement shall not apply where the cellar or besement is completely protected by an automatic sprinkler system.

d-In multiple dwellings - spaces used as carpenter, repair, or paint shops, and spaces where flammable mbustible materials are stored, shall be enclosed by construction having a fire-resistance rating of at least 1 hour.

e--In multiple dwellings - central kitchens shall be separated from central dining rooms by construction having a fire-resistance rating of at

f-Self-closing devices of exit doors shall be maintained in good operating condition. Only approvedtype magnetic hold-open devices connected to fire protection systems may be used to hold open exit doors, except that no devices or objects may be used to hold open exit doors in stairway enclosures at floor landings.

g-Vending machines and other equipment or materials shall not be located in lobbies, corridors, or passageways if it constitutes a fire premises on which the building is ocated, measured along a stree,

h-A garage within, or attached to a building containing residential occupancy shall be separated from the residential portion of the building by construction capable of preventing the passage of fumes and vapors and having a fire-resistance rating as follows: for one and two-family dwellings, at least 1-2 hour; for multiple dwellings, at least 1 hour.

i-Interior finish in enclosed exits shall have a flame-spread rating of not more than 75.

j-Draperies and decorative materials located in enclosed exits or public spaces shall be noncombustible or flame-resistant.

1-405 FIREPLACES.

a-Fireplaces, and other construction and devices intended for use similar to a fireplace, shall be stable and structurally safe and connected to approved chimneys.

b-Fireplaces and similar construction and devices shall be installed and maintained so that when in use adjacent combustible materials or construction will not be heated to a temperature exceeding 175 degrees F., nor ignited by sparks or embers from the fire.

1-406 FIRE PROTECTION EQUIP-

a-Fire protection equipment shall be provided in readily accessible locations, and clearly visible, as

(1) In boller or furnace rooms having fuel-burning equipment with a capacity of up to 1,000,000 Btu per hour of individual or combined rating, at least one approved multi-purpose dry chemical type portable fire extinguisher; in boiler or furnace rooms with fuel-burning equipment having a capacity in excess of 1,000,000 Btu per hour, at least two such portable fire extinguishers.

(2) In dormitory units approved Class A type portable fire extinguisher for each multiple of 1,250 squre feet of floor area, or fraction thereof, in excess of 1,250 square feet of floor area.

(3) In central kitchens, one approved multi-purpose dry chemical type portable fire extinguisher for ich multiple of 1,000 square feet of floor area, or fraction thereof.

(4) In public spaces, one approved Class A type portable fire extinguisher for each multiple of 2,500 square feet of floor area, or fraction in excess of 2,500 squ of floor area.

(5) In garages serving multiple dwellings, one approved multi- purpose dry chemical type portable fire extinguisher for each multiple of 2,500 source feet of floor area, or fraction thereof.

b-Where an approved automatic fire extinguishing system is provided, portable fire extinguishers are not

Part 5 **Equipment Requirements**

1-501 GENERAL REQUIREMENTS

a-Phumbing, heating, electrical, ventilating, air conditioning, refrigerating, cooking, and fire protection equipment, elevators, dumbwaiters, escalators, and other mechanical additions, installations or systems for the use of buildings and structures shall be installed, located, and

maintained so that such equipment and systems will operate satisfactorily, and not be a danger to ealth or welfare. safety, h b-X-ray equipment used for medical, dental or other professional

purposes, and shielding of the space where such equipment is used, shall be approved by the health authority having jurisdiction as conforming to the standards established by such authority.

1-502 PLUMBING

1-502.1 General Plumbing systems shall be maintained in good, safe, sanitary, and serviceable condition.

1-502.2 Water Supply a-Potable water from an approved source shall be available at all times. The domestic water supply system shall be available at all times. The domestic water supply system of the building shall be connected to such approved source, shall not be subject to contamination, and shall not be connected to unsafe water supplies.

b-The source of water supply for a one- or two-family dwelling shall be a public water supply system, when such system is within 100 feet of the premises on which the building is located, measured along a street, alley, or right of way, and connection may lawfully be made thereto.

c-The source of water supply for a multiple dwelling shall be a public water supply system, when such system is within 500 feet of the premises on which the building is located, measured along a street, alley, or right of way, and a ection may lawfully be made thereto.

d-Water supply systems shall be installed and maintained to provide at all times a supply of water to plumbing fixtures, devices and appurtenances in sufficient volume and at pressures adequate to enable them to function satisfactorily.

e-Hot water supply systems shall be provided with safety devices designed to relieve hazardous pressures and excessive temperatures.

1-502.3 Sewage Drainage

a-Plumbing fixtures shall drain to a sewage system connected to a public sewer or approved system of sewage disposal.

b-The means of sewage disposal for a one- or two-family dwelling shall be a public sanitary or combined sewer system, when it is within 100 feet of the premises on which the building is located, measured along a street, alley, or right of way, and a connection may lawfully be made

c-The means of sewage disposal for a multiple dwelling shall be a public sanitary or comb system when it is within 500 feet of the premises on which the building is located measured along a street, alley, or right of way, and a connection may lawfully be made

d-No sewage from a plumbing system shall be discharged into the waters of the State of New York (as defined in State law), unless specifi-cally approved by the authority having jurisdiction, under, and, in accordance with State law.

e-Adequate cleanouts shall be provided and maintained so that the pipes may be readily cleaned.

4. 236-1-502.4 Storm Drainage a-An approved system of storm-water disposal shall be provided for the safe and efficient drainage of roofs and paved areas, yards and courts

and other open areas on the premises. b-The means for storm water disposal for a one- or two-family dwelling shall be a public storm or combined sewer system, when it is within 100 feet of the premises on which the building is located, measured along a street, alley, or right of way, and connection may lawfully be mayle thereto.

c-The means for storm water disposal for a multiple dwelling shall be a public storm or combined sewer system, when it is within 500 feet of the premises on which the building is ocated, measured along a street, alley, or right of way, and a connection may lawfully be made thereto.

d-No storm water shall be drained into sewers intended for sewage only nor be discharged onto public sidewalks.

1-502.5 Plumbing Facilities

a-Buildings and structures shall be provided with plumbing systems designed to dispose of the sewage from all fixtures and to furnish cold water to every water closet and urinal, and hot and cold water to every sink, lavatory, bathtub, and shower, required therein

b-In one- or two-family dwellings not wholly owner occupied, and in all multiple dwellings - hot water shall be furnished within a temperature range of 130 degrees F. to 140 degrees F. from 6:00 a.m. to midnight.

c-There shall be provided within each dwelling unit, plumbing fixtures consisting of at least:

One kitchen sink, One water closet.

One bathtub or shower, and One lavatory.

d-In multiple dwellings - each communal kitchen shall contain at least one kitchen sink, as provided in

table 1-510.3. e-In multiple dwellings - where hotel units or lodging units are not provided with sanitary facilities therein, for each multiple of six male or six female occupants to be accommodated, or fractions thereof, there shall be provided, in separate rooms for each sex, plumbing fixtures consisting of at least:

One water closet. One bathtub or shower, and

One lavatory.

f-In multiple dwellings - where sleeping accommodations are ared as dormitory units, for each multiple of ten male or eight female occupants to be accommodated, or fractions thereof, shall be provided in separate rooms for each sex, plumbing fixtures consisting of at least:

One water closet, One bathtub or shower, and

One lavatory.

g-Urinals may be substituted in a men's toilet room for not more than one third of the required number of water closets.

h-Privies are prohibited on residential premises.

1-502.6 Plumbing Fixtures

a-Plumbing fixtures shall be made of smooth nonabsorbent material, and free from concealed fouling surfaces.

b-Plumbing fixtures shall be paced to be readily accessible for their intended use.

c-Plumbing fixtures shall be located in spaces that are accessible, lighted, and ventilated.

1-502.7 Swimming Peels

a-Swimming pools shall be de-signed and maintained in accordance with generally accepted standards.

b-Drains shall be provided, so that the pool can be safely and adequately drained.

c-Filtering, sterilizing, and auxiliary equipment shall be adequate to maintain the sanitary quality of water during each period the pool is in use. Equipment containing gases or disinfectants capable of giving off irritating, toxic, or flammable fumes shall be located in ventilated rooms.

d-The installation shall be designed and maintained to prevent dirt, sand, or other foreign matter from

entering the bathing area. e-An approved enclosure, at least 4 feet in height, shall be provided around outdoor swimming pools, so that such pools are inaccessible to small children. The enclosure may surround either the pool area or the property.

1-502.8 Water Supply Tanks
a-Water supply tanks shall be maintained watertight, verminproof, rodentproof, and resistant to cor-

b-Supports for tanks shall be of noncombustible construction.

c-Tanks and their supp certe să not be used to support equipment or structures other than for tank use, except where specially designed for such other use.

d-Means for emptying water supply tanks shall be maintained in

proper working condition. e-Potable water supply tanks for domestic supply and standpipe or automatic sprinkler systems shall be maintained to furnish water in sufficient quantity and pressure for such systems.

1-503 FIREL GAS

1-503.1 General

a-Fuel gas piping systems shall be installed and maintained gas-tight, safe, and operative under conditions

b-Fuel gas piping systems shall provide a supply of gas sufficient to meet the maximum expected demand of gas-burning equipment and appli-ances connected thereto.

1-503.2 Shutoff Valves a-In one- or two-family dwellings

gas piping systems shall have at ast one accessible valve for shutting off all gas supply, except that systems supplied with gas at pressure exceeding 1 psi gage shall have at least two accessible valves for shutting off all gas supply. Where two valves are required, one valve shall be located outside at a safe distance from the building, and shall be suitably protected against unauthorized use, and the other shall be located ahead of the meter and as close as practicable to the point of service entrance. b-in multiple dwellings - gas

piping systems supplied from utility mains shall have at least two accessible valves for shutting off all gas supply. One valve shall be located outside and at a safe distance from the building, and shall be suitably protected against unauthorized use, and the other shall be located ahead of the meter and as close as practicable

the point of service entrance. c-An easily accessible shutoff valve, or cock, shall be provided in the piping in close proximity to, and ahead of every gas appliance, or outlet for a gas connection.

1-503:3 Service Equipment for Gas Supplied from Utility Mains

a-Gas meters shall be located in spaces that are dry, ventilated, and accessible. Gas meters shall be located near the point of entry of the gas service, and remote from open flame, heat producing equipment, or other heat sources.

b-Gas services, gas meters, and gas pressure regulators shall be located so that they are protected from damage and tampering by un-authorized personnel.

1-503.4 High Pressure Gas

Any service connection supplying gas at a pressure in excess of 1 psi gage shall be provided with a device to reduce such pressure to not more than 1-2 psi gage prior to entering the

1-503.5 Liquefied Petroleum Gas a--Liquefied petroleum gas liquid form shall not be stored in herildings.

b-Liquefied petroleum gas shall not be vaporized by devices utilizing open flame or open electrical coil.

c-Where two or more containers are installed, connection shall be arranged so that containers can be replaced without shutting off the flow

of gas to equipment. d-Containers shall be protected against physical damage, and located so as not to be a hazard to the premises served. Nonportable containers shall rest on stable noncom-

bustible supports. e-Liquefied petroleum gas shall be odorized, so that the presence of gas will be recognizable by a distinctive odor.

f-Systems shall be provided with safety devices to relieve excessive sures to the outer air, at a safe

distance from building openings. g-Systems supplied from con-tainers not exceeding 125 gallons of capacity shall have at least one accessible valve for shutting off the gas. Such valve shall be located outside the building.

h-Systems supplied from containers exceeding 125 gallons of capacity shall have at least two accessible valves for shutting off the main gas supply. Shatoff valves whall be located in conformity with the requirements of section 1-503.2a and b.

1-504 FUEL OIL

1-504.1 General Fuel oil shall be received, stored, and conveyed by means of fixed liquidtight equipment.

a-Fuel oil storage tanks shall rest

on noncombustible supports.
b-Tanks subject to damage by vehicles shall be protected against such damage.

c-Tanks shall be installed and maintained so as not to be a hazard to the premises served.

1-504.3 Storage Tanks Inside Buildings

a-Fuel oil storage tanks inside buildings shall be provided with liquid-level indicating devices of fixed vapor-tight construction.

b-The maximum capacity of an individual fuel oil storage tank un-enclosed inside a building shall be 550 gallons, and such tank shall be not less than 5 feet horizontally from any fuel-burning equipment.

c-Unenclosed fuel oil storage tanks shall not be located in garages exceeding 1000 square feet in area.

1-504.4 Piping a--Automatically operated boilers and furnaces using fuel oil shall be provided with remote control to stop the flow of oil during fire or other emergency. Such control shall be located outside the boiler room, or inside the boiler room at the entrance.

b-Filling, emptying, and venting of tanks shall be by means of fixed piping. Pipes to underground tanks shall be pitched toward tanks. Terminals of fill and vent pipes shall be located outside buildings at a safe distance from building openings.

c-Pipes for fuel oil entering buildings shall be protected from damage by settlement or corrosion.

1-506 PROHIBITED FUEL

Gasoline shall be prohibited as fuel for heating and cooking.

1-506 HEATING 1-566.1 General

a-Buildings and structures in-tended or used for residential occupancy, during the period set forth in paragraph b of this section, shall be

payrided with heating equipment, of an approved fixed type, capable of producing and providing an indoor temperature of 70 degrees F. measured at a distance of 3 feet and more from exterior walls, and at a level of 5 feet above the floor.

b-In one- and two-family dwellings, not wholly owner occupied, and in all multiple dwellings, heat shall be provided whenever occupied during the period from to (See table

1-506.1b). Temperatures shall be maintained in habitable spaces, kitchenettes, toilet rooms, and bathrooms, as follows:

(1) From 6:00 a.m. to 11:00 p.m., not less than 66 degrees F. when the outside temperature falls below 55 degrees F.; and

(2) From 11:00 p.m. to 6:00 a.m., not less than 55 degrees F. when the outside temperature falls below 40

sher first to May thirty-first

Counties having less than 5700 1 annual heating degree days:

New York Bronx Kings Queens Richmond Suffolk

Westchester IRased on 1931-1966 data compiled by Weather Bureau stations in New York State and published by the United States Weather Bureau. Figures are approximate for counties listed. For certain county areas which do not conform to annual heating degree days shown in column, consult nearest

Weather Bureau station and adjust

From September fifteenth to May thirty-first

Counties having 5700-8000 1 annual heating degree days:

All counties except those listed

Annual heating degree days, is defined as: the yearly total of the daily difference between 55 degrees F. and the mean outdoor temperature below 65 degrees F., during the period from July 1st through June 30th of the following year.

1-506.2 Air Pollution

Contaminants emitted into the atmosphere from fuel-burning equip-ment shall not voilate air pollution control regulations promulgated pursuant to State law, nor that of any other governmental authority having jurisdiction.

1-506.3 Warm Air Henting

Ducts and air handling equipment used for heating shall conform to the requirements of sections 1-512.5, 1-512.6 and 1-512.7c.

1-506.4 Prohibited Heat Profucing

Equipment

a-Portable heating equipment
using kername or other flammable
liquids shall be prohibited.
b-Unvented fuel-burning space
heaters shall be prohibited.

c-Fuel-burning heat producing

equipment shall not be located in

d-Fuel-burning water heaters shall not be located in sleeping rooms, bethrooms, or toilet rooms.

1-506.5 Fuel Supply Connection Fuel-burning equipment shall be permanently featened and connected

place. Fuel supply connection to ch equipment shall be made with pipe or tubing of solid metal, or approved appliance connector. 1-506.6 Installation and Clearance

Where heat producing or cool equipment is installed on, or adjacen to, combustible materials, the location, insulation, clearance, and the control of the equipment shall be such that the temperature on the surface of the combustible materials will not exceed 175 degrees F.

1-508.7 Air Supply a Fuel-burning heating equipment and the enclosure in whi located shall be provided with a supply of air adequate both, for ete combustion at the rated gross output of the equipment, and for the ventilation of the enclosure.

b-Rooms containing fuel-burning equipment shall have such air supply provided by one or more openings to the exterior, or by fixed openings to interior spaces which open to the

1.508.2 Removal of Products of Combustion

a-Equipment for burning solid or liquid fuel shall be connected to suitable chimneys or flues, and shall not be connected to gasvents.

b-Gas fired equipment shall be connected to a suitable chimney, flue, or gasvent. Where a gasvent is used a permanent sign stating the type of heating equipment which may be connected to the gasvent shall be provided, and located where the gasvent passes through the wall or ceiling.

1-506.9 Safety Devices

a-Equipment capable of developing hazardous pressures or temperatures shall be provided with devices to relieve safely such pressures and

Cohumn II

in Columns I and III

heating period accordingly.

temperatures.

b-Controls for the safe operation of automatically operated heat pro-ducing equipment shall be provided to function as follows:

When failure or interruption of flame or ignition occurs, the fuel supply shall be cut off.

When a predstermined tempera-ture or pressure is exceeded, the input of additional heat shall be prevented or reduced to a safe rate. When the water level in a steam

boiler drops below a predetermined level, the fuel supply shall be cut off. When faikure or interruption of pilet light or main burner of liquefied petroleum gas equipment occurs, the fuel supply to each pilot light and main burner shall be cut off.

e-Fuel-burning space heaters lecated in bethrooms or toilet rooms less than 100 square feet in area, or in sleeping rooms, shall be provided with controls to cut off the fuel supply upon the failure or interruption of the flame or ignition, or whenever a predetermined temperature or pressure is exceeded.

1-506.10 Expension Tanks
Hot water heating systems shall be provided with expansion tanks.

1-506.11 Heating of Garages a-Fuel-burning equipment for garages shall be located in heater rooms, except that equipment burning gas or liquid fuel, located in the vehicle storage space, shall be permitted in stories at or above grade where elevated as follows:

Suspended heaters shall be at least 8 feet above the floor level. Floor mounted heaters shall be installed on a noncombustible platform not less than 18 inches above the floor level, and shall be protected against physical damage.

b-Garages heated by recirculated air shall be provided with a mechanical means of air handling designed to introduce a sufficient quantity of fresh air to prevent the accumulation of vapors or gases near the floor. Recirculated air shall not be taken from stories below grade level. Forstories above grade level, openings for return air shall be at least 18 inches above floors.

1-507 CHIMNEYS, FLUES, AND **GASVENTS**

1-507.1 General

a-Chimneys, smokestacks, fixes, gasvents, smoke pipes, and connectors shall be structurally safe, durable, smoketight, and noncombustible. Supports shall be structurally safe and of noncombustible construction.

b-Such facilities shall effectively convey the products of combustion to the outer air.

c-Masonry chimneys shall have noncombustible foundations.

d-Chimneys and metal smokestacks shall have sufficient clearance from building construction, in accordance with generally accepted stan-

e-No flue shall have smoke pipe or gasvent connections in more than one story of a building.

f-Fireplaces and fuel-burning equipment located in different dwell ing units shall not be connected to the same flue.

g-A single-wall metal smoke pipe or connector shall not pass through a floor, attic, inside wall, partition, or concealed space.

h-A single-wall metal smoke pipe or connector passing through an exterior wall or a roof shall be guarded at the point of passage by a suitable metal collar.

i-Incinerator flues equipped with service openings shall not be used as flues for other fuel-burning equip-

j-Chimneys and flues connected to equipment burning solid or liquid fuel shall have a suitable soot pocket and cleanout door at the base.

1-507.2 Draft

Chimneys, flues, and gasvents shall be installed and maintained to provide sufficient draft.

1-507.3 Fire Safety

Chimneys, flues, and gasvents shall be installed and maintained so that the surface temperature of adjacent combustible construction does not exceed 175 degrees F.

1-507.4 Spark Arresters
A chimney or flue connected to an incinerator, and a chimney or flue which emits sparks, shall be provided with a spark arrester of non-combustible construction. Spark arresters shall have sufficient total clear area to permit unrestricted passage of flue gases. Openings in spark arresters shall be of such size as to prevent ssage of embers and to minimize clogging by soot.

1-508 INCINTERATORS

1-508.1 General

a-Contaminants emitted into the atmosphere from incinerators shall not violate air pollution control regulations promulgated pursuant to State law, nor that of any other governmental authority having jurisdiction.

b-incinerators shall be of adequate capacity for the intended use.

c-Flue fed incinerators shall be provided with piping and equipment for burning auxiliary fuel in sufficient quantity to assure complete comhantion of refuse.

d-A flue serving an incinerator shall be provided with a substantially constructed spark arrester.

e-Incinerators shall be connected to a suitable noncombustible chimney. smokestack, or flue.

f-Incinerator flues used also for dropping refuse shall be vertical, of noncombustible construction, shall have a smooth finish on the inside, and shall be arranged to provide free passage of refuse without clogging.

1-508.2 Service Openings a-Service Openings shall be

readily accessible to the building

b-Service openings shall be equipped with metal, self-closing charging devices. An incinerator flue used also for dropping refuse shall have charging devices constructed so that openings to the flue are closed while the charging devices are in the open position. No part of the charging devices shall project into a refuse choice or incinerator flue.

c-Durable signs, with plainly legible letters, shall be conspicuously

posted at service openings, stating: THROWING LIGHTED MATCHES, CIGARS OR CIGARETTES, CARPET SWEEPINGS, NAPHTHALENE, CAMPHOR BALLS OR FLAKES, FLOOR SCRAPINGS, OIL SOAKED RAGS, PAINT CANS, AEROSOL CONTAINERS, OR ANY OTHER FLAMMABLE OR HIGHLY COM-BUSTIBLE OR EXPLOSIVE SUB-STANCE INTO INCINERATOR CHUTES IS UNLAWFUL AND SUB-JECTS THE OFFENDER TO A PENALTY.

1-508.3 Incinerator Rooms and Refuse Rooms

In incinerator rooms and refuse rooms, openings for charging refuse directly into incinerators shall be provided with charging doors, designed to minimize the heat transmitted to the incinerator or refuse rooms, and equipped with locks or safety devices to prevent tampering by unauthorized persons.

1-500 ELECTRICAL

1-509.1 General

a-Electrical system shall be properly installed, connected to an approved source of supply, and maintained free of hazards.

b-Electrical wiring and equipment shall be firmly secured to the surface on which it is mounted.

e-Electrical wiring and equipment in damp or wet locations, or exposed to explosive or flammable

gases, or excessive temperatures, shall be of an approved type for the purpose and location.

d-Electrical wiring and equipment shall be protected against excessive current by approved, properly rated overcurrent protection devices. Overcurrent protection devices, of ratings higher than the ampacities of the conductors to be protected, shall not be used, except where expressly permitted by generally accepted standards. Where a circuit has been overfused, the Edison-base plug fuse shall be replaced with a Type S plug fuse, of the proper rating, with a suitable fuse adapter.

e-Electrical service equipment and overcurrent protection devices shall be installed in a readily accessible location, and access to such location shall be kept unobstructed.

f-Electrical equipment shall be grounded, or otherwise protected by insulation, isolation, or guarding.

g-Parts of electrical equipment, which in ordinary operation produce arcs or sparks, shall be enclosed, unless separated and isolated from combustible material.

h-Flexible cord shall not be: run through holes in walls, ceilings, or floors; or run through doorways, windows, or similar openings; or attached to building surfaces; or concealed behind building walls, or above ceilings, or under floors or floor coverings.

1-509.2 Facilities

a-A dwelling unit shall be symplied with at least one 15-amoure lighting branch circuit for each multiple of 400 square feet of floor area, or fraction thereof.

b-Hotel units, lodging units, and dormitory units shall be supplied with at least one 15-ampere lighting branch circuit for each multiple of 600 aquare feet of cumulative floor area. or fraction thereof.

c-Habitable spaces, except kitchens, shall be provided with at least one receptacle outlet for each multiple of 20 feet, or fraction thereof, or the total distance around the room measured horizontally along the wall at the floor line. An electric light outlet and fixture may be substituted for only one receptacle outlet.

d-Kitchens and kitcheneties shall be provided with at least two receptacle outlets served by at least one 15-ampere small appliance branch circuit. In addition, one electric light outlet and fixture shall be provided.

e-Bathrooms, toilet rooms, and laundry rooms shall be provided with at least one electric light outlet and fixture, and one receptacle outlet. Furnace rooms, storage rooms, work shops, and similar service rooms shall be provided with at least one electric light outlet and fixture.

f-Light switches or other devices. for controlling lights which illuminate entrances, shall be provided at points of entrance to dwelling units, hotel units, lodging units, and dormitory

1-800.3 Exit and Directional Signs

a-Exits in multiple dwellings shall be provided with exit and directional signs, visible from the approach to the exits, except that such signs shall not be required in an apartment house, or in those portions of a multiple dwelling where exit from dwelling units, hotel units, lodging units, or dormitory units is directly to

b-Directional signs shall be provided at locations from which the exit doorway is not readily dis-

cernible. c-Signs shall be word legible block letters with the word EXIT for exit signs and the words TO EXIT with a suitable pointer or arrow indicating the direction of exit, for

directional signs. d-Any door, passageway, stair, or other means of communication that is not an exit, or that is not a way to an exit, but is so located as to be mistaken for an exit, shall be identified with a sign reading NOT AN EXIT, or identified by a sign indicating its use or purpose, or

provided with a directional sign. e-Letters for signs shall be conspicuous, readily discernible, and at least 8 inches high, except that for internally illuminated signs the height of such letters shall be at least 4.5 inches.

f-Signs shall be illuminated either externally or internally by electric lights, and be kept illuminated at all times when the building is occupied. Such electric lights shall be supplied with current from a separate circuit, or circuits which supply no other outlets.

1-509.4 Overhead Comb a-Overhead electrical conductors, rated 600 volts or less, shall clear on-premises areas as follows:

Clearance Location Above streets, driveways, parking spaces, and other use areas where motor vehicles 18feet are permitted Above areas accessible to pedestrians only 10 feet Above buildings and structures 8 feet Horizontal clearance from any window, door, porch, balcony, or other similar point of 6 feet access Horizontal clearance from the periphery of any swimming

b-Metal fences, enclosures, or railings which enclose a swimming pool, and which could become energized through accidental contact with over-head electrical conductors, shall be properly grounded.

1-510 COOKING AND REFRIGE-RATION

1-510.1 General

a-There shall be provided within each dwelling unit approved-type cooking and approved-type refrigera-tion equipment located in a kitchen or kitchenette.

b--Approved-type cooking and refrigeration equipment shall be of the stationary type.

c-Electrical cooking and refrigeration equipment shall be properly nnected to the electrical system.

d-Gas-burning cooking and re-frigeration equipment shall be connected to the gas supply system with pipe or tubing of solid metal, or approved appliance connectors.

e-Cooking and refrigeration equipment shall be maintained in good operating condition.

1-510.2 Ranges and Gas Refrigeraters

a-Ranges shall be installed with clearance for ventilation. b-Water-cooled gas refrigerators

shall be prohibited. c-Air-cooled gas refrigerators shall be installed and maintained so that the burner operates properly, there is no emission of exces or edors, there is no discharge of carbon monoxide, the flue is not internally clogged, the flue outlet is free of obstructions, and the refrigerator is not otherwise defective.

d-Air-cooled gas refrigerators shall be equipped with:

(1) An integral flue which is resistant to the corrosive action of flue

(2) A dust-incinerating gas burner, gas pressure regulator, gas supply filter, and thermostat; and

(3) A device to automatically shut off the gas supply to the burner when the pilot flame is extinguished.

1-510.3 Communal Kitchens a-Communal kitchens shall be provided with kitchen equipme complying with the requirements of table 1-519.3.

(See Tuble Page 23)

b-Clear working space in front of such equipment shall be at least 4 feet.

1-511 AIR CONDITIONING AND MECHANICAL VENTELA-TION IN ONE- AND TWO-**FAMILY DWELLINGS**

Air conditioning and mechanical stilation equipment and systems shall conform to the requirements of section 1-512, except that concealed spaces within the structure may be used for return air, in accordance with generally accepted standards.

1-512 AIR CONDITIONING AND MECHANICAL VENTILA-TION IN MULTIPLE DWELL **INGS**

1-512.1 Refrigeration

a-Mechanical refrigeration eqvinment shall be installed and maintained so as not to be a hazard from excessive pressure or re-

frigerant leakage. b--Refrigerating equipment shall not be located in exits, except that self-contained refrigerating units may be permitted in lobbies, corridors or sageways, provided that they do not obstruct or diminish the width of exits, as provided in section 1-404g.

1-512.2 Refrigerants

a-Refrigerants shall be normally nontoxic and nonflammable.

b-The amount of refrigerant contained in each direct refrigerating system shall not exceed the amount that in case of leakage may be contained safely, in accordance with generally accepted standards, in the space in which the equipment is located, or in the space in which the refrigerant would be dissipated.

c-Systems containing refrigerants exceeding the limit stated in paragraph b shall be of the indirect

1-512.3 Safety Centrels Refrigerating equipment shall be provided with devices to relieve excessive pressures safely.

1-512.4 Cooling Towers Cooling towers shall be installed and maintained so that when in operation, noise, fog, or water spray will not cause a missance.

1-512.5 Mechanical Ventilating System

a-Ventilating systems shall be installed and maintained so that the rapid spread of heat, flame, or smoke through the system will be prevented.

b-Shafts, other than those designed for ventilating purposes, stairways, passageways, exits, hoistways, or attics, shall not be used as plenus

c-Ducts shall be securely fastened in place and appropriately fire-

d-Ducts and other air handling equipment shall be of noncombustible

e-Filters shall be installed and maintained so as not to constitute a fire or smoke hazard.

f-Ducts passing through or located within combustible construction shall be separated from such construction by a clearance of at least 1-2 inch or by a noncombustible insuling material at least 1-4 inch thick.

g-Ducts passing through fire walls shall be equipped with a fire damper or shutter on each side of the fire wall. Ducts passing through other fire separations shall be equipped with a single fire damper or shutter.

h-Air required for ventilation shall be taken from the exterior or shall be quality-controlled, including an amount of exterior air equal to not less than one air change per hour.

i-Exhaust air from a dwelling unit, or a space whose contents may emit odors, fumes, or vapors, shall not be circulated to another dwelling unit or to other spaces within the building.

1-512.6 Air Intake and Exhaust

a-Air intake openings shall be installed, located, and maintained to prevent the possibility of fire, smoke, fumes, or foreign matter being drawn into the system.

b-Air exhaust openings shall be installed, located, and maintained so that exhaust air will not constitute a hazard or nuisance.

c-Ventilating systems shall be provided with adequate openings for incoming and outgoing air to obtain the required circulation. Intake openings shall provide for air to be received from an uncontaminated

d-Where openings for mechanical exhaust are located in spaces that also contain fuel-burning equipment, there shall be provided fixed intake openings from the exterior to supply sufficient air so that the fuel-burn equipment is not adversely affected.

1-512.7 Ventilation Requirements

a-Enclosures or spaces, where eat, gases, vapors, or odors accumulate and may become a hazard or nuisance shall be provided with mechanical ventilation to remove such excess.

b-Cooking equipment in central kitchens shall be provided with mechanical exhaust systems which are not connected with any other exhaust system. Such systems shall be provided with equipment or filters to prevent the entry of flammable materials into ducts. Openings shall be provided to permit easy inspection and cleaning. System shall be installed and maintained so that in the event of fire the danger of spread to other parts of the building is minimized

c-Mechanical ventilating systems shall be installed and main tained so that the temperature and velocity of the air coming into contact with occupants does not constitute a heekh hazard.

d-Required mechanical ventilation shall be provided in accordance with table 1-512.7e.

of bood

DET OCCUPANT.

ents, or fraction

e-Fire department connections shall be conspicuously identified and maintained readily accessible for fire department use.

1-513.2 Fire Alarm and Fire Detect-

ing Systems Fire alarm and fire detecting systems shall be suitable for their respective purposes. Equipment and devices, comprising such systems. shall be of the approved type, and conform to generally accepted stan-

1-513.3 Sprinkler Systems a-Sprinkler systems shall be maintained in good condition, free from mechanical injury. Sprinkler heads shall be maintained clean, free of corrosion and paint, and not bent or

b-Valves controlling water supply to sprinklers shall be secured in the

open position. c-Supports for piping and equipment shall be structurally sound.

d-Portions of the system subject to freezing shall be appropriately protected.

e-Storage of materials shall not interfere with the effective discharge of water from the spinkler heads.

f-Water supply for the sprinklers shall be adequate to effectively extinguish the fire or confine it

1-513.4 Standpipe Systems a--Gate valves at hose stations

shall be maintained tight against leaks.

b-Hose shall be in proper position ready for operation, dry, and free of deterioration.

c-Hose stations shall be conspicuously identified, located for easy accessibility, and installed to provide for the quick and easy use of equipment. Cabinets shall have keyes doors.

d-Valves in the water supply pine for the standpipe system shall be open at all times.

1-513.5 Pertable Fire Extinguish

a-Portable fire extinguishers shall be of the following types: approved multi-purpose dry chemical type, classified for use on Class A (combustible), Class B (flammable liquids), and Class C (electrical) fires; approved water-type, classified for use on Class A fires. Extinguishers shall have at least a 2-unit rating, in accordance with generally accepted standards.

b-Portable fire extinguishers shall be maintained in an efficient and safe operating condition.

c-Portable fire entinguishers shall be in their designated location and clearly visible, except that they may be located in an enclosure or recess conspicuously identified as containing a fire extinguisher.

1-514 ELEVATORS, DUMBWAIT-ERS, AND ESCALATORS IN MULTIPLE DWELLINGS

a-Elevators, dumbwaiters, and escalators, shall be designed, installed and maintained to safely sustain the loads to which they are subject, to operate properly and to be free of physical and fire hazards.

b-Elevator and power operated dumbwaiter cars shall be provided with durable signs, in conspicuous locations within such cars, on which the rated capacity, in pounds, is stated. Signs in passenger elevators shall also state the total number of ngers permitted determined by dividing the rated capacity by 150.

c-Elevator card shall be provided with approved means for transmitting a signal outside the hoistway in case of emergency, in accordance with generally accepted standards.

d-Hoistways and pits shall be maintained free of rubbish or other debris.

e-Machine rooms shall be maintained free of oil and grease, including oily and greasy clothes, rags, and other such materials, and shall not be used for storage of articles or materials unnecessary for the maintenance of the elevator or dumbwaiter. Flammable liquids shall not be kept in such rooms.

f-Safety devices and electrical protective devices shall be operative at all times, except during tests, inspections or repairs.

PART 6 PROPERTY MAINTENANCE REQUIREMENTS

1-601 GENERAL REQUIREMENTS a-Residential premises shall be maintained in a clean, safe, and sanitary condition.

b-Areas devoted to the common use of occupants and users shall be kept broom clean at all times.

1-602 OPEN AREAS

a Surface and subsurface water shall be appropriately drained to

protect buildings and structures, and

to prevent ponding.
b-Fences, walls, and other minor constructions shall be maintained in safe, good, and substantial condition.

c-Steps, walks, driveways, parking spaces, and similar paved areas shall be maintained to afford safe and convenient passage.

d-Yards, courts, and vacant lots shall be kept clean and free of

e-Ground cover shall be properly established to prevent undue soil erosion, due to the elements.

f-Heavy undergrowth and accumulations of plant growth which are noxious or detrimental to health or safety shall be eliminated.

g-Open fires shall not be permitted, unless authorized and approved pursuant to local law and in conformity with State air pollution control regulations.

1-603 BUILDING AND STRUCTURES

-Exterior surfaces shall be maintained in good condition. Surfaces, not inherently resistant to deterioration, shall be treated with a protective coating of paint, or other suitable preservative.

b-Floors, walls, including windows and doors, ceilings, and other interior surfaces shall be maintained in good, clean, sanitary condition. Peeling paint, cracked or loose plaster, decayed wood, and other defective surface conditions shall be eliminated.

c-Paint containing more than one percent of metallic lead, based on the total non-volatile content of the paint, shall not be used to paint any interior wall, ceiling, window, door, or other interior surface. Where such paint on interior surfaces is peeling, or otherwise presents a health hazard, it shall be promptly removed and the surface safely and appropriately refinished or resurfaced.

1-604 INFESTATION AND SCREENING

a-Grounds, buildings, and structures shall be maintained free of insect, vermin, and rodest harborage and infestation.

b-Where rodent infestation exists, windows and other openings in basements and cellars shall be screened to prevent entrance of rodents.

e-From May 1st to October 1st, entrances to residential buildings and structures shall be provided with self-closing doors, devices, or screens, and windows and other openings used as and other openings used for ventilation shall be appropriately screened, except that acreens shall not be required in the upper stories of multiple dwellings which are free of mosquitoes, flies, and other flying

1405 GARBAGE AND REPUSE

a-Adequate sanitary facilities ad methods shall be used for the collection, storage, handling, and disposal of garbage and refuse. Storage containers shall be of an ammoved fiame-resistant waterproof type.

b-The accumulation or storage of garbage or refuse in public halls or stairways shall be prohibited.

1-606 JUNK

a-Refrigerators, and similar equipment with locking mechanisms, shall not be discarded, abandoned, or stored on premises accessible to children, without first removing the locking devices or the hinges of the

b-Junked vehicles, equipment, and materials shall not be stored in

· 1-607 DOMESTIC ANIMALS AND PETS

Domestic animals and pets shall be kept in an appropriate manner, so as not to constitute a hazard or nuisance, and under control.

CHAPTER II ADMINISTRATION AND COMPLIANCE

Part 1 General Provisions

2-101 TITLE

This Chapter shall be known and referred to as "Administration and Compliance Provisions."

2-102 PURPOSE

The purpose of this Chapter is to provide the basic method for uniform administration of, and compliance with, applicable Housing Standards, and to establish the responsibilities of those concerned therewith.

2-103 EFFECTIVE DATE (See Chapter I, 1-103)

2-104 APPLICABILITY

a-This Chapter shall apply to the provisions and to premises within the

acope of Chapter L b-Notwithstanding any of the requirements of Chapter I, premis buildings, or structures which do not conform thereto, in whole or in part, on the effective date, and which require substantial alterations or installations to satisfy any such requirements, although in violation thereof, a reasonable period of time shall be provided, up to one year after the effective date, within which premises, buildings, or structures are to be made to conform, except, if a building or structure is found to be dangerous and unsafe, in which event. prompt compliance with the requirements herein provided shall be undertaken and carried out.

2-106 PARTIAL INVALIDITY

If a term, part, provision, section subdivision, or paragraph of this Chapter shall be held unconstitutional, invalid, or ineffective, in whole or in part, such determination shall not be deemed to affect, impair, or invalidate the remaining terms, parts, provisions, sections, subdivisions, and paragraphs.

2-106 DEFINITIONS

As used in this Chapter, the following terms shall mean:

agent. The designated representative of an owner, lessor, opera-tor, occupant, or person, as filed with the Agency.

lessor. The grantor of a lesse interest in premises.

occupant. The person in occuancy, or in posses ion, or in control of premises, or using premises.

operator. The person engaged in the activity of renting or providing space or premises for occupancy or use by others.

owner. The person exercis deminion or control over, or veste with title in, premises; a proprietor (legal owner, joint owner, part owner, record owner, equitable owner, reputed owner, or their successors in interest); or the respective agent of any of them.

person. The owner, lessor, operator, or occupant of premises, or any firm or corporation, directly or indirectly in control of premises.

premises. Land (improved unimproved), place, property, buildings, structures, equipment, facilities, and improvements, if any.

PART2 **ADMINISTRATION**

2-201 ADMINISTRATIVE AGENCY a-There shall be established, or esignated by local law, an official or agency to administer and secure compliance with the Housing Standards. Such official or agency is hereinafter referred to as "Agency."

b-The Agency shall have a chief officer and such assistants and imspectors as may be necessary to carry out effectively the powers and

duties of the Agency. e-Personnel of the Agency shall be qualified and appointed as pre scribed by local law, and shall be furnished with appropriate official badges or identification cards, or both

d-Personnel of the Agency shall be free from personal liability for acts done in good faith in the performance of official duties.

2-202 POWERS AND DUTIES

a-The Agency shall be charged with the duty of administering the Housing Standards and securing compliance therewith and shall be wered to adopt rules and regulations necessary for securing such compliance and for its own organization and internal management. Such rules and regulations shall not be in conflict with the Housing Standards or with any provision of law. b-The Agency shall be empower-

ed to request, and shall receive, so far as may be necessary in the discharge of its duties, the cooperation of other officials or agencies of the municipality.

c-The Agency shall be empower ed to require the registration of premises and to issue certificates of compliance with respect to the use and occupancy of premises, or issue temporary certificates, limited to premises or parts thereof before or during the performance of any work to eliminate or correct violations or deficiencies, for an initial period of 90 days, and renewable for additional 90-day periods.

d-The Agency shall be empowered to require independent inspections and tests of equipment and systems used in connection with premises.

e-The Agency shall be empowered to conduct surveys to determine the condition of premises, extent of deterioration, lack or adequacy of facilities, adequacy of maintenance,

24 CHEEKTOWAGA TIMES October 27, 1977

existence d unsafe and unsanitary conditions, extent of overcrowding, land use, and other relevant factors affecting safety, health, or welfare.

f-It shall be the duty of the chief

(1) to cause inspections to be made of premises within the scope of the Housing Standards;

(2) to cause an investigation of complaints of alleged violations of the Housing Standards;

(3) to issue written orders for the elimination or removal of conditions affecting or found to exist in, on, or about premises in violation of the Housing Standards, and, where appropriate, order the cessation of an unlawful use or nuisance, or the vacation, demolition, or repair of premises found dangerous or unsafe, and, to state in the violation order a reasonable time limit for compliance therewith, and the time within which an appeal may be taken;

(4) to request the chief legal officer of the municipality to take appropriate legal action upon failure to comply with a violation order or

(5) to assist and cooperate with the Board of Appeals; (6) to keep official records of

Agency actions and activities; (7) to cause studies to be made of housing and environmental conditions for the purpose of community

improvements; (8) to cooperate with other public and private agencies engaged in the study and improvement of housing and environmental condi-

(2) to publish an annual report including a summery of actions, activities, results, accomplishments, studies, as well as current and proposed programs.

2-203 INDEPENDENT INSPEC-TIONS

a-As scheduled by the Agency, owners and lessors of premises shall be responsible for the inspection and testing of plumbing, heating, gas, and electrical equipment and systems, sprinkler, standpipe, fire-detecting, and fire alarm systems, and elevators, dumbwaiters, and escalators used in connection with such pre-

b-Inspections and tests shall be made by qualified persons who, because of experience or education, are recognized as competent by the

c-If any equipment or system is found to be defective or not in proper operating condition upon inspection or test, the owner or lessor shall promptly remedy such defect or condition.

d-Reports of inspections and tests, signed by the tester and a witness, together with a statement of any remedial measures to be taken, shall be filed with the Agency within ten days after each inspection and test. A duplicate of the report shall be kept on the premises, available for examination by the Agency or its representatives

e-Reports of inspections and tests shall not be used in or as the basis of prosecution for the existence of a defect or improper condition on the date of inspection.

2-204 INSPECTION

a-The Agency and its representatives shall be authorized, in the performance of their duties, to conduct inspections of premises, parts of premises, at such times and in such manner as the Agency may find convenient or necessary, with the consent of the person in possession or occupancy.

b-If admission is refused or cannot be obtained from the person in possession or occupancy, the Agency or its representatives shall be authorized to obtain a warrant to make an inspection, provided reason-able or probable cause is shown.

c-In case of an emergency, the Agency or its representatives may, without a warrant, enter any premises, or parts of premises, to inspect the same, at any time, without the permission of the person in possession or occupancy.

2-205 VIOLATIONS

a-Whenever the Agency finds that there has been a violation of the Housing Standards, the Agency shall issue a violation order to the person or persons responsible. The Agency shall also issue a violation order to the person or persons responsible for failure to register premises, for failure to file or maintain reports, or for the furnishing of a false statement, or for interference with an inspector lawfully authorized to enter premises. or when a building or structure has been found to be or is deemed to be dangerous or unsafe hereunder. The order shall:

(1) be in writing;

identify the premises; (3) specify the violation and

remedial action to be taken;

(4) provide a reasonable time limit for compliance; (5) state the time within which

an appeal may be taken; and (6) if the violation constitutes a public nuisance or renders the premises dangerous or unsafe, include, in the order, a statement that if the violation is not remedied within the time limit specified in the order, the Agency may remedy the violation. b-A violation order may be

served as follows:

(1) by personal service, or (2) by mailing, by registered or certified mail, to the person whose name has been filed with the Agency, in accordance with this Chapter, to his address as therewith filed, or to the occupant, of a copy of such order, or

(3) if no person has filed with the Agency the name and address of the owner, lessor, or their respective agent, upon whom an order may be served, by posting a copy thereof in a conspicuous place on the premises and by mailing another copy thereof to the premises, on the same day as posted, enclosed in a postpaid wrapper addressed to the owner, lessor, or their respective agent.

c-In case the owner, lessor, occupant, or the agent of any of them, shall fail, neglect, or refuse to remove, eliminate, or abete the violation within the time specified, the Agency shall request the chief legal officer of the municipality to take appropriate legal action.

d-If the violation constitutes a public nuisance or renders the premises dangerous er unsafe, and the violation order has been served, but the violation has not been remedied within the time limit specified in such violation order, the Agency may remedy the violation, after obtaining a court order, without being required to give notice of the application for such order authorizing the Agency to enter the premises and remedy such violation, after the expiration of five days from the date of service of the court order. Unless the court otherwise directs in such order, it shall be served in the same manner as provided, in paragraph b of this section, for the service of a violation order.

2-206 UNSAFE BUILDINGS AND STRUCTURES

a-A building or structure, or part of a building or structure, including any service equipment therein or attached thereto, or any facilities which are a part thereof, that is dangerous or unsafe, structurally or as a fire hazard or otherwise, or is dangerous or detrimental to health or life, shall be demotished and removed or made safe and secure.

b-A vacant building or structure not continuously guarded or boarded up, which is not safe and secure from unauthorized entry or use, shall be emed dangerous or unsafe and a fire hazard, or dangerous or detrimental to health or life.

c-A vacant building or structure boarded up for a period of one year shall, at the expiration of such period, in the absence of competent and relevant evidence being furnished to the contrary, be presumed to be a fire hezard, and dangerous and unsafe

d-When, in the opinion of the agency, there is imminent danger of the failure or collapse of a building or structure, or any part thereof, which endangers life or property, or when a building or structure or part thereof has fallen or collapsed and renders occupancy of the premises dangerous or unsafe, the Agency shall have the right to require the occupants to vacate the same forthwith and order the demolition of the building or structure, or any part thereof. In such cases, the Agency shall immediately cause a notice to be posted con-spicuously at or about such premises, reading substantially as follows:

THESE PREMISES ARE DANGEROUS AND UNSAFE AND THEIR USE OR OCCUPANCY IS

PROHIBITED" and thereafter no person shall enter upon such premises except for the purpose of making required repairs or of demolishing the unsafe building or structure, or part thereof, or for the purpose of inspection in connection therewith.

e-Unsafe buildings or structures shall be removed in accordance with and pursaunt to the provisions of the State and local law.

2-207 RECOVERY OF COSTS

Cost incurred by the Agency in eliminating or removing nulaances and dangerous or unsafe conditions shall be paid for by the municipal fiscal officer out of the municipal treasury upon certification of the Agency. Such costs shall be charged against the premises, and shall constitute a lien thereon in favor of the municipality and the amount of such costs shall be entered on the tax rolls

as being due and payable. Interest, at the rate of 12 per cent per annum, shall be payable thereon and shall accrue from the date of the payment thereof by the municipality. Such costs may also be recovered in any other lawful manner.

2-208 RECORDS

The Agency shall keep offical records of, but not limited to: registrations and reports filed, certificates issued, complaints received, inspections made, violations found, orders issued, and actions taken. Such records shall be public records, open to inspection during business hours. Copies or transcripts of such records shall be furnished upon written application and payment of any and all lawful fees

2-200 PENALTIES

a-Failure to comply with a violation order, within the time limit stated therein, shall constitute an offense. A person convicted of an offense shall be punished by a fine not to exceed five hundred dollars or by imprisonment for a period not to exceed one year, or both. Each and every day of such failure to comply with a violation order, after such time limit, may constitute a separate offense for which the aforesaid penalties maybe cumulatively im-

b-The penalties heretofore prescribed shall not be imposed upon a person who by operation of the law acquires premises containing violations for which a violation order has been issued, for a period of six months after the date of such acquisition of the premises. Nevertheless, the penalties provided shall attach and apply, either upon the expiration date of such six month period, or upon transfer of title to the premises before the expiration of such period, whichever first occurs.

PART3 COMPLIANCE

2-301 RESPONSIBILITIES OF OWNERS

a-Owners and lessors of premises shall be responsible for compliance with the Housing Standards and this Chapter, and shall remain respon therefor reguardless of the fact that this Chapter may also place certain responsibilities on operators and occupants, and regulardless of any agreement between or among owners, ors, operators, and occupants as to which party shall be responsible, except as provided in paragraph b of this section.

b-Owners and lessors of premises shall be responsible for proper maintenance, condition, and operation of service facilities. Owners and ors shall be responsible for providing adequate heat and hot water, unless otherwise provided in written agreement with occupants.

c-Owners and lessors of premis shall be responsible for independent inspections and tests of equipment and systems used in connection with such premises, and for filing and maintaining reports thereof.

d-Owners and lessors of premises shall be responsible for posting of printed statements of the maximum number of occupants permitted in designated parts of premises

e-Owners and lessors of premises shall be responsible for the removal of garbage, refuse and junk, to assu that the premises are maintained in safe, clean, healthful, and sanitary condition, and shall provide adequate private carting for such removal. Any municipal collection, which may be provided, shall be supple ented by private carting service when neces-

2-302 RESPONSIBILITIES OF **OPERATORS**

Operators of premises shall be responsible for compliance with the provisions of this Chapter and the Housing Standards in regard to the following:

(1) limiting occupancy to the maximum number of persons permitted and prohibiting unlawful uses;

(2) posting required statements of the maximum number of occupants permitted:

(3) maintenance of the premises in a clean, safe, and sanitary condition;

(4) maintenance and operation of service facilities in good order and condition:

(5) maintenance of plumbing heating, and electrical equipment and systems, appliances, fixtures, as well as other building equipment and facilities, in appropriate, good operative, clean, and sanitary condition;

(6) maintenance of walls, floors, and ceilings in a clean and sanitary condition:

(7) keeping exits free and clear;(8) disposing of garbage, refuse and junk in a safe and sanitary

manner, and keeping the premises free and clear therefrom, and broom clean:

(9) exterminating of insects, vermin, rodents, pest, and elimination of harborage; and

(10) hanging and removing of

2-303 RESPONSIBILITIES OF **OCCUPANTS**

a—Occupants shall be responsible for compliance with the provisions of this Chapter and, with respect to premises occupied, the Housing Standards in regard to the following: (1) occupancy limitations and

its lawfully permitted use; (2) maintenance in a clean, safe,

and sanitary condition;
(3) maintenance of plumbing. cooking, and refrigeration equipment. appliances, fixtures, and facilities, in a clean and sanitary condition, and providing reasonable care in the operation and use thereof;

(4) keeping exits free and clear: (5) disposing of garbage and refuse into provided facilities in a sanitary manner and keeping the premises free and clear therefrom;

(6) extermination of insects, vermin, rodents, pests, and elimination of harborage; and

(7) keeping domestic animals and pets in an appropriate manner and under control.

PART4 **APPEALS**

2-401 BOARD OF APPEALS

a-There shall be established, or designated by local law, a Board of Appeals, hereinafter referred to as 'Roard," The number of members. terms of office, manner of appointment, and designation or election of a chief officer shall be fixed by local

b-The Board shall be empowered to adopt rules of procedure for the conduct of its business, provided such rules are not inconsistent with provisions of law of this Chapter.

c-The Board shall be empowered to charge and collect reasonable fees and to make rules and regulations with respect thereto.

d-The Board shall have the following power and duties:

(1) Determinations. The Board shall decide matters involving determinations of the Agency with respect to this Chapter and the Housing Standards, or rules or regulations of the Agency.

(2) Interpretations. The Board shall decide questions involving the interpretation of this Chapter and the provisions of Housing Standards, as well as of the rules or regulations of

the Agency.
(3) Variances. The Board may grant variances where the strict application of the provisions of this Chapter or the Housing Standards, or rules or regulations of the Agency, would result in practical difficulty or unnecessary hardship, provided the intent of the provisions of this Chapter or of the Housing Standards, or rules or regulations, is carried out, with respect to the protection of safety, health, or welfare.

2-402 PROCEDURE

a-An appeal from an order, determination, or regulation of the Agency shall be taken to the Board.

b-Such appeal shall be filed, on forms provided by the Board and made available at the Agency, simultaneously with the Agency and the Board, within the time limit established by the Agency. Compliance with the violation order shall not be ed while an appeal is pending, unless the premises are dangerous or unsafe, in which event adequate protective measures shall be taken.

e-The Board, following receipt of an appeal, shall obtain from the Agency copies or transcripts of the record of the matter at issue.

2-403 HEARINGS

a-The Board shall set a time and place for hearing the appeal, and shall give the petitioner, the Agency, and such other interested persons as may have filed a written request to be heard, written notice thereof by mail at least ten days prior thereto.

b-The Board, at the hearing, shall grant the petitioner, the Agency or its representatives, and any interested persons the opportunity to testify. The Board, in addition, may subpoena witnesses, records, and such other information as may be relevant to the matter at issue.

c-The Board may issue a subpoena requiring the attendance of a person to give testimony, or a subposens duces tecum requiring the production of books, papers, and other things. A subpoens shall be served, and attendance or production may be compelled, as provided by law.

d-The Board may conduct its hearings without regard to legal rules of evidence.

October 27, 1977 CHEEKTY

2-404 DECISIONS

a-Upon a determination of an appeal by the Board, the violation shall be corrected within the time limit provided for in the violation order, unless such violation order is reversed by the Board, or the Board changes or modifies such period of time within which to comply there-

b-Decisions of the Board shall be in writing, and copies of the decision shall be sent to the petitioner and the

2-405 RECORDS

Rules and regulations of the Board as well as its actions and decisions on matters that come before it for review shall be filed and maintained at the office of the Agency, and such records shall be public records open to inspection during business bours.

RE IT FURTHER RESOLVED, that a copy of this resolution be entered in the minutes of the meeting of the Town Board of the Town of Cheektowaga held on the 17th day of October, 1977; and that a certified copy thereof be published in the CHEEKTOWAGA TIMES, a newspaper published in the Town of Cheektowaga and having a general circulation therein.

That the Town Clerk post or cause to be posted on the signboard maintained by him at the entrance of the Town Clerk's Office a certified copy of this resolution, and affidavits of publication and posting thereof shall be filed with the Town Clerk.

The aforementaried Housing Code of the Town of necktowaga, New York shall take effect ten (10) days after such publication and posting, but such Housing Code shall take effect from the date of its service as against a person served personally with a copy thereof certified by the Town Clerk under the corporate seal of the Town and showing the date of their passage and entry into the minutes.

Item No. 38 Authorization for R. Thurnherr to attend Police Conference in Albany

Motion by Supervisor Meyers, seconded by Councilman Wasielewski

BE IT RESOLVED that Richard E. Thurnherr, President of the Cheektowaga Police Club is authorized to use administrative leave time on the 19th and 20th of October, 1977, to attend the October Executive Board meeting of the Police Conference of New York, Inc., to be held at the Ramada Inn, 1220 Western Avenue, Albany, New York, subject, however, to the fact that this authorization is without prejudice to the Town's position in collective bargaining that there should be a limit to the number of days and the number of personnel authorized for administrative leave, and further, that such leave should only be authorized by resolution of the Town Board.

Item No. 39 Approval of application to Erie County for Economic Development Funds for Walden Avenue

Motion by Councilman Johnson, seconded by Supervisor Meyers

WHEREAS, the Town of Cheektowaga is committed to a program of commercial revitalization along Walden Avenue in the Town of Cheektowaga, and

WHEREAS, the Walden Avenue area has been previously designated as a targate area for various federal commercial & residential rehabilitation programs, and

WHEREAS, the County of Erie has set-aside approximately \$800,000 in 1976 Community Development Block Grant Funds for economic Development projects, to be utilized by Erie County Community Development Consortium members, and

WHEREAS, the firm of Stuart Alexander and Associates has prepared an application for submission to the County of Erie for a program of commercial revitalization along Walden Avenue in the amount of \$281,687.00, and

WHEREAS, said application will encourage the commercial revitalization of Walden Avenue through such planned improvements as landscaping, curb & sidewalk repairs, locations of street furniture, and signing store-front improvements, and

WHEREAS, the said application also includes provisions for alleviating traffic congestion and providing off-street parking along Walden Avenue, and

WHEREAS, implementation of the program for Walden Avenue commercial revitalization will enable the Town to coordinate the development of the proposed light industrial park on the south side of Walden Avenue with the needs and objectives of the Walden Avenue Community, and

WHEREAS, the application for funds for Walden Avenue commercial revitalization has been coordinated with and has the support of the Walden Avenue Taxpayers Association, NOW, THEREFORE, BE IT

RESOLVED that the firm of Stuart Alexander and Associates be and hereby is authorized to submit said application for Walden Avenue Commercial Revitalization to the County of Erie in the amount of \$281,687.00 on behalf of the Town of Cheektowaga, and BE IT

FURTHER RESOLVED that a certified copy of this resolution be forwarded to Mr. William Donohue, Erie County Community Development Director, 95 Franklin Street, Buffalo, New York.

II. RESOLUTIONS

Item No. 3 Decision on Rezoning - 756 Dick Road

Motion by Councilman Wasielewski, seconded by Councilman Kaczmarek

WHEREAS, Michael A. Hanna (representing the Western New York Savings Bank) has applied for a rezoning from RA-Apartment District to C-Retail Business District the property located at 756 Dick Road, Cheektowaga, New York, and being more particularly described as follows:

ALL THAT TRACT OR PARCEL OF LAND, situate in the Town of Cheektowaga, County of Erie, and State of New York,

BEING PART of Lot No. 12, Township 11, Range 7 of the Holland Land Company's Survey and being further bounded and described as follows:

COMMENCING at a point in the westerly line of Dick Road at its intersection with the northerly line of lands shown under Map Cover Number 1219 and 2109 as filed in the Erie County Clerk's Office; thence proceeding northerly along the westerly line of Dick Road 152 feet to a point; thence proceeding westerly at right angles to Dick Road 171.03 feet to a point; thence proceeding southerly 51 feet to the northerly line of Map Cover Number 1219 and 2109; thence proceeding easterly along said northerly line 210.58 feet to the point or place of beginning.

and to amend the Zoning Map and Ordinance accordingly, pursuant to section 10-00 of the Zoning Ordinance of the Town of Cheektowaga, New York, and

WHEREAS, a public hearing was held before the Cheektowaga Town Board on the 17th day of October, 1977 at 6:30 o'clock P.M., Eastern Daylight Saving Time of said day after publication of the notice as required by the provisions of the Town Ordinance and the Town Law of the State of New York and all interested parties were given an opportunity to be heard at said hearing, and

Item No. 3 cont'd

WHEREAS, the Cheektowaga Planning Board has recommended approval of this petition conditioned upon adherrance to Section 5-32 B of the Zoning Ordinance which states that in any C or M District - no open or enclosed parking space shall be permitted within 10 feet of any street line or within 10 feet or any R. District boundary and upon the condition that petitioner be required to submit to the Building Inspector a plot plan designating the parking area to insure proper and safe maneuverability as called for in Section 5-35 and Section 6-05 of the Town Zoning Ordinance, and

WHEREAS, the proposed rezoning of said premises would not interfere with the use and enjoyment of the surrounding area by the owners or occupants thereof, NOW, THEREFORE, BE IT

RESOLVED that the said rezoning is granted subject to the owner complying with Section 5-32 B of the Zoning Ordinance and the submission of a plot plan designating the parking area to the Building Inspector as called for in Section 5-35 and Section 6-05 of the Zoning Ordinance, and BE IT FURTHER

RESOLVED that the Zoning Map in the Town Clerk's be changed accordingly.

Item No. 2 Amending of resolution to rezone property at Transit & French Rds.

Motion by Supervisor Meyers, seconded by Councilman Swiatek

WHEREAS, the Town Board at its regular Town Board meeting held on February 7, 1977 adopted a resolution wherein it rezoned a parcel of property from R-Residential District to C-Retail Business District pursuant to an application filed by James V. Welch & Associates, said property being located at Transit and French Roads, Cheektowaga, New York and being more particularly described as follows:

ALL THAT TRACT AND PARCEL OF LAND situate in the Town of Cheektowaga, County of Erie, State of New York, being part of Lot 43, Township 10, Range 7 and being more particularly described as follows:

BEGINNING at a point which is the Southeast corner of Del Prince Estates as filed in the Erie County Clerk's Office under Map cover 2269. Thence Easterly, along a line parallel to and 270.60' Northerly from the South line of Lot 43, a distance of 295.58' to a point. Thence Northerly and parallel with the East line of Del Prince Estates, a distance of 440.00' to a point. Thence Westerly and parallel with the South line of Lot 43, a distance of 295.58' to a point in the East line of Del Prince Estates. Thence southerly and along that same line, a distance of 440.00; to the Point and Place of Beginning and containing 2.99 acres of land be the same more or less.

and

WHEREAS, said resolution also required that said rezoning was granted subject to the provisions of Section 10.10 (Development Plan) of the Zoning Ordinance of the Town of Cheektowaga, and

WHEREAS, since the passage of said resolution said Development Plan was submitted to the Planning Commission and accepted by the Town, and

WHEREAS, it has been recently discovered that due to error and inadvertence the proper parties required to be notified of the hearing relative to the proposed rezoning were not, in fact, notified; instead, owners of real property adjoining a different parcel were notified of the hearing, and

WHEREAS, the lack of proper notice as herein stated created a defect to the proper procedures to be followed for a public hearing relating to a rezoning of real property within the Town, NOW, THEREFORE, BE IT

Item No. 2 cont'd

RESOLVED that the said resolution of February 7, 1977 granting the rezoning from R-Residential District to C-Retail Business District of the above described property be and hereby is amended as follows:

1. That the rezoning of the above described real property granted by the resolution of February 7, 1977 be and hereby is rescinded.

2. That the Development Plan submitted and accepted by the Town remain valid except for the portion of said Development Plan which contains and includes the above described real property.

RE: Outdoor Cultural & Recreation Facility
Town Park, Cheektowaga, New York

. OCT 2 6 1977

KENNETH J. WEYERS

Dear Mr. Matecki:

After reviewing the bids received on Monday, October 24, 1977 for the Outdoor Cultural and Recreation Facility, we recommend that the Town of Cheektowaga award contracts to the low bidders for each phase of work. The total award would be for \$340,423.00 which is considerably within the budget.

The low bidders and the value of their contracts follow:

General Construction

The J. Migliore Construction Co., Inc. 949 Englewood Avenue

\$305,900.00

Buffalo, New York 14223

Plumbing Work

- Wicks & Dechert, Inc.

BUFFALO, NEW YORK 14215

The Owner and the Contractor agree as set forth below.

THE CONTRACT DOCUMENTS

The Contract Documents consist of this Agreement, Conditions of the Contract (General, Supplementary and other Conditions), Drawings, Specifications, all Addenda issued prior to execution of this Agreement and all Modifications issued subsequent thereto. These form the Contract, and all are as fully a part of the Contract as if attached to this Agreement or repeated herein. An enumeration of the Contract Documents appears in Article 7.

ARTICLE 2

THE WORK

The Contractor shall perform all the Work required by the Contract Documents for (Here insert the caption descriptive of the Work as used on other Contract Documents.)

GENERAL CONSTRUCTION WORK

ARTICLE 3

TIME OF COMMENCEMENT AND COMPLETION

The Work to be performed under this Contract shall be commenced IMMEDIATELY

and completed WITHIN THREE HUNDRED CALENDAR DAYS

(Here insert any special provisions for liquidated damages relating to failure to complete on time.)

CONTRACT SUM

The Owner shall pay the Contractor for the performance of the Work, subject to additions and deductions by Change Order as provided in the Conditions of the Contract, in current funds, the Contract Sum of

THREE HUNDRED FIVE THOUSAND NINE HUNDRED DOLLARS

(State here the lump sum amount, unit prices, or both, as desired.)

(\$305,900.00)

* SEE SHEET 3A. FOR UNIT PRICES

ARTICLE 5

PROGRESS PAYMENTS

Based upon Applications for Payment submitted to the Architect by the Contractor and Certificates for Payment issued by the Architect, the Owner shall make progress payments on account of the Contract Sum to the Contractor as provided in the Conditions of the Contract as follows:

On or about the FIFTEENTH (15th) day of each month NINETY (90) per cent of the proportion of the Contract Sum properly allocable to labor, materials and equipment incorporated in the Work and NINETY (90) per cent of the portion of the Contract Sum properly allocable to materials and equipment suitably stored at the site or at some other location agreed upon in writing by the parties, up to FOURTEEN (14) days prior to the date on which the Application for Payment is submitted, less the aggregate of previous payments in each case; and upon Substantial Completion of the entire Work, a sum sufficient to increase the total payments to per cent of the Contract Sum, less such retainages as the Architect shall determine for all incomplete Work and unsettled claims.

(If not covered elsewhere in the Contract Documents, here insert any provision for limiting or reducing the amount retained after the Work reaches a certain

Any moneys not paid when due to either party under this Contract shall bear interest at the legal rate in force at the place of the Project.

*UNIT PRICES -

 Price per cubic yard for earth excavation by shovel or backhoe. This Unit Price is to include shovel excavation, sheeting, pumping, shoring, and any other incidental or contributory item in connection with this excavation.

Addition | \$ 10.00 Deduction \$ 8.50

- Price per cubic yard for earth excavation by hand. This Unit Price is to include hand excavation, sheeting, pumping, shoring and any other incidental or contributory item in connection with this excavation.
 - A. For depths from 0 to 5 feet Add \$70.00 Deduct \$59.50
 - B. For depths from 5 to 10 feet Add \$80.00 Deduct \$68.00
- 3. Price per cubic yard in place, of plain concrete, (not including forms or reinforcing) in connection with changes in foundation work, and per square foot contact surface, for forms in place and including removal of same, in connection with changes in foundation work. This Unit Price shall be used in computing adjustments in the Contract price for the arithmetical difference in square feet of contact surface as indicated on the Contract Drawings, as compared to the actual square feet of contact surface resulting from changes in foundation work.

\$60.00 per c.y.-concrete \$48.00 per c.y.-concr Addition \$2.00 per s.f.-forms Deduction\$1.60 per s.f.-forms

 Price per cubic yard in place, of compacted gravel fill as specified in Paragraph 7 of Division 2, Section 2B.

Addition \$ 11.00 Deduction \$ 9.35

FINAL PAYMENT

Final payment, constituting the entire unpaid balance of the Contract Sum, shall be paid by the Owner to the Contractor THIRTY (30) days after Substantial Completion of the Work unless otherwise stipulated in the Certificate of Substantial Completion, provided the Work has then been completed, the Contract fully performed, and a final Certificate for Payment has been issued by the Architect.

ARTICLE 7

MISCELLANEOUS PROVISIONS

- 7.1 Terms used in this Agreement which are defined in the Conditions of the Contract shall have the meanings designated in those Conditions.
- 7.2 The Contract Documents, which constitute the entire agreement between the Owner and the Contractor, are listed in Article 1 and, except for Modifications issued after execution of this Agreement, are enumerated as follows:

PROGRESS PAYMENTS

Based upon Applications for Payment submitted to the Architect by the Contractor and Certificates for Payment issued by the Architect, the Owner shall make progress payments on account of the Contract Sum to the Contractor as provided in the Conditions of the Contract as follows:

On or about the FIFTEENTH (15th) day of each month NINETY (90) per cent of the proportion of the Contract Sum properly allocable to labor, materials and equipment incorporated in the Work and NINETY (90) per cent of the portion of the Contract Sum properly allocable to materials and equipment suitably stored at the site or at some other location agreed upon in writing by the parties, up to FOURTEEN (14) days prior to the date on which the Application for Payment is submitted, less the aggregate of previous payments in each case; and upon Substantial Completion of the entire Work, a sum sufficient to increase the total payments to per cent of the Contract Sum, less such retainages as the Architect shall determine for all incomplete Work and unsettled claims.

(If not covered elsewhere in the Contract Documents, here insert any provision for limiting or reducing the amount retained after the Work reaches a certain stage of completion.)

Any moneys not paid when due to either party under this Contract shall bear interest at the legal rate in force at the place of the Project.

FINAL PAYMENT

Final payment, constituting the entire unpaid balance of the Contract Sum, shall be paid by the Owner to the Contractor THIRTY (30) days after Substantial Completion of the Work unless otherwise stipulated in the Certificate of Substantial Completion, provided the Work has then been completed, the Contract fully performed, and a final Certificate for Payment has been issued by the Architect.

ARTICLE 7

MISCELLANEOUS PROVISIONS

- 7.1 Terms used in this Agreement which are defined in the Conditions of the Contract shall have the meanings designated in those Conditions.
- 7.2 The Contract Documents, which constitute the entire agreement between the Owner and the Contractor, are listed in Article 1 and, except for Modifications issued after execution of this Agreement, are enumerated as follows:

(List below the Agreement, Conditions of the Contract (General, Supplementary, and other Conditions), Drawings, Specifications, Addenda and accepted Alternates, showing page or sheet numbers in all cases and dates where applicable.)

TOWN HALL - BROADWAY AND UNION ROAD - CHEEKTOWAGA, NEW YORK 14227

CHESTER L. BRYAN, P.E. TOWN ENGINEER 716-683-2200

October 26, 1977

TO THE SUPERVISOR AND HONORABLE TOWN BOARD MEMBERS TOWN OF CHEEKTOWAGA

RE: Drainage Improvements Chapel-Northcrest and Southcrest Drives

Gentlemen:

At the regular Town Board Meeting of October 3, 1977, bids were received for the construction of storm sewers for Chapel-Northcrest and Southcrest Drives. Twelve (12) bids were received ranging in total price from \$139,852.00 to \$267,460.00. The three (3) lowest bids are as follows:

Firstrhyme Construction Corporation, Inc.

\$139,852.00

Marin Concrete Company, Inc.

\$156,119.00

Delaware American Corporation

\$159,437.00

Community Development Funds have been appropriated for this project, therefore, it is recommended that the bid be awarded to Firstrhyme Construction Corporation, Inc., 133 Ransom Road, Lancaster, New York 14086 for submitting the lowest bid in the amount of \$139,852.00.

Yours truly,

TOWN OF CHEEKTOWAGA

> RICHARD M. MOLESKI Town Clerk

CHEEKTOWAGA, NEW YORK November 3, 1977

Item No. 1 At a special meeting of the Town Board of the Town of Cheektowaga, Erie County, New York held at the Town Hall, corner of Broadway and Union Road, in said Town on the 3rd day of November, 1977 at 7:30 o'clock P.M., Eastern Standard Time, there were:

PRESENT: Supervisor Kenneth J. Meyers

Councilman Frank E. Swiatek
Councilman Raymond J. Wasielewski

Councilman Raymond J. Wasielewsk Councilman Thomas M. Johnson Councilman Frank J. Dux

Councilman George Kaczmarek Councilman James R. Burst

ABSENT:

Ω

Also present were: Mary F. Holtz, Deputy Town Clerk; John V. Rogowski, Town Attorney; Chester Bryan, Town Engineer; Casey Kozminski, Deputy Town Assessor; Sal LaGreca, Assistant Manpower Program Director I; Ken Kopacz, Executive Director of the Youth Bureau; Ron Zoeller, Working Foreman in the Sanitation Department; Ron Marten, Building and Plumbing Inspector; John Malloy, CPA: Julia Reinstein, Town Historian.

Item No. 2 The Supervisor advised the Town Board that this was the time and place advertised for a Public Hearing on the Estimates and Assessment Rolls relating to Special Districts spreading costs on a Benefit Basis for the year of 1978.

The Town Clerk presented proof that the Notice of Hearing has been duly published and posted as required by law.

The Town Clerk then proceeded to read aloud the Special District Budget for the year 1978.

The Supervisor then asked if anyone wished to speak either in favor or against the proposed budget.

The hearing was held and closed.

Item No. 3 The Supervisor advised the Town Board that this was the time and place advertised for a public hearing on the estimates and revenues and expenditures for the year 1978, for the General Fund, Consolidated Garbage District and General Lighting Districts.

The Town Clerk presented proof that the Notice of Hearing has been duly published and posted as required by law.

The Town Clerk then proceeded to read aloud the estimates of revenues and expenditures for the year 1978, for the General Fund, Consolidated Garbage District and General Lighting Districts.

The Supervisor then asked if anyone wished to speak either in favor or against the proposed budget.

The hearing was held and closed.

MARY F. HOLTZ Deputy Town Clerk Item No. 1 At a regular meeting of the Town Board of the Town of Cheektowaga, Erie County, New York held at the Town Hall, corner of Broadway and Union Road, in said Town on the 7th day of November, 1977 at 7:00 o'clock P.M., Eastern Standard Time, there were:

PRESENT: Supervisor Kenneth J. Meyers

Councilman Frank E. Swiatek

Councilman Raymond J. Wasielewski Councilman Thomas M. Johnson, Jr.

ABSENT:

ñ

Item No. 5
 Motion by Supervisor Meyers, seconded by Councilman Swiatek

WHEREAS, Kenneth J. Meyers, Supervisor, and persons in charge of the various departments of the Town Government have submitted estimates of revenues and expenditures for the year 1978, for the General Fund, Highway Fund, Federal Revenue Sharing Fund, Consolidated Garbage District and General Lighting Districts, AND

WHEREAS, the Town Board has adopted certain estimates as its Preliminary Budget, AND

WHEREAS, a Public Hearing was duly held on November 3, 1977 at 8:00 o'clock P.M., in relation to such Preliminary Ad Valorem Budget as provided by law, NOW, THEREFORE, BE IT

RESOLVED that the estimates of revenues and expenditures as presented in the Preliminary Budget be amended only to change the \$125,000.00 Federal Revenue Sharing Appropriation from Parks and Recreation (CF7110.2) to General Town purpose building and land acquisition, improvement and development (CF1620.2) and that the Preliminary Budget incorporating this single amendment be adopted for 1978, and, BE IT FURTHER

RESOLVED that the Supervisor be and hereby is directed to make application to the Erie County Legislature to have levied against the taxable property liable therefore the amounts hereinbefore stated and that such sums when collected be paid to the Supervisor of the Town of Cheektowaga as provided by law.

*Copy of Ad Valorem Budget follows.

#### TOWN WITH VILLAGE

#### **EXPLANATIONS**

(1) Taxes for these services must be levied on the area of the town outside villages:

Building Inspection (Section 138, Town Law)

Board of Health (Section 60, Town Law and Section 304 Public Health Law)

Registrar of Vital Statistics, except when combined districts coincide with a consolidated health district (Section 2124, Public Health Law)

Library (certain contract payments) (Section 256, Education Law)

Zoning and Planning (Section 261, Town Law)

(2) Taxes for these services must be levied on the area of the town outside villages under the circumstances set forth below:

Police Department (Section 150, Town Law)

Town of Fallsburg, and towns in Suffolk County containing villages which maintain police departments with two or more full-time policemen. Department established after January 1, 1960: Town contains a village which maintains a police department of four or more policemen on an annual full-time basis.

Department established prior to January 1, 1960: Amounts in accordance with an agreement made between the town and a village within the town which maintains a full-time police department of four or more policemen.

Joint Police Department (General Municipal Law, Section 121-a)

Recreation (Article 13, General Municipal Law)

Amounts for parks, playgrounds and recreation centers established under the provisions of Article 13 of the General Municipal Law.

Refuse and Garbage (Section 120-v, General Municipal Law)

The share of the cost to be paid by the town in accordance with an agreement between the town and one or more villages for joint refuse and garbage collection and disposal, unless otherwise provided.

(3) Revenues estimated to be received from any of the functions or activities for which taxes are levied in the town outside the village must be applied to the estimate of expenditures for such function or activity (Town Law, Section 112(1)).

Non-property tax distributed by a county must be credited to the town area outside of village if the village receives a cash distribution of non-property taxes from the county.

The purpose of the Hearings is to provide an opportunity for citizens to express community development and housing needs and to discuss possible projects or programs to meet those needs, particularly projects which would benefit law and moderate income persons in the Town of Cheek-

towaga.

All citizens are urged to attend this meeting to make known their views and/or written proposals on Cheektowaga's selection of projects to be funded by the federal Community 'Development Grant Program.

Program.
November 17, 1977
Supervisor Kenneth J. Meyers
Councilman James Burst
Councilman Frank Dux
Councilman Thomas Johnson, Jr.
Councilman George Kaczmarek
Councilman Frank E. Swiatek
Councilman Raymond Waslelewski

Item No. 18 Motion by Councilman Johnson, seconded by Councilman Burst

WHEREAS, the 93rd session of the Congress of the United States has passed, and the President of the United States has signed into law, the Housing and Community Development Act of 1974, AND

WHEREAS, the primary purpose of the Housing and Community Development Act of 1974 is to develop better communities in the United States, AND

WHEREAS, Erie County desires to assist the cities, towns, and villages of the County to gain a maximum share of any funds available under said Housing and Community Development Act, AND

WHEREAS, the Town of Cheektowaga desires to undertake essential community development and housing activities, as defined in said Act, AND

WHEREAS, Erie County has been designated as an "Urban County" by the United States Department of Housing and Urban Development and is thereby entitled to a formula share of program funds, provided said Company enters into cooperation agreements with included units of general local government having combined population of 200,000 persons or more, AND

WHEREAS, the Erie County Legislature has authorized the County Executive to enter into such cooperative agreements, NOW THEREFORE BE IT

RESOLVED that the Supervisor of the Town of Cheektowaga is authorized to enter into a cooperation agreement with Erie County, New York, for the 1978 Community Development Program year, which provides, among other things, that Cheektowaga's 1970 census population of 94,236 be included with that of said county, and which further provides for said community development housing activities as defined by said act, within Cheektowaga's corporate bounds, and BE IT

FURTHER RESOLVED that the Supervisor of the Town of Cheektowaga is authorized to sign such additional forms and applications as requested by the Department of Housing and Urban Development and Erie County to further the purposes of this resolution.

### AGREEMENT

THIS AGREEMENT, entered into this 19th day of Seffember, 1977, between the County OF ERIE, a municipal corporation of the State of New York, with principal offices located at 95 Pranklin Street, Buffalo, New York 14202, (hereinafter referred to as the "County"), and the Town, Williams of Cheektowagh, a municipal corporation of the State of New York, located at Becausary & Union Pd, Cheektowagh (hereinafter referred to as the "Municipality").

#### WITNESSETH:

WHEREAS, the parties hereto have entered into a cooperation agreement for the purpose of undertaking or assisting in undertaking essential community development and housing assistance activities and publicly assisted housing under the Housing and Community Development Act of 1974 (hereinafter referred to as the "Act"); and

WHEREAS, the County has received a grant from the Department of Ecusing and Urban Development (hereinafter referred to as "EUD") for the purposes of the Act; and

WHEREAS, the County desires to enter into an agreement with the Municipality for the purpose of undertaking eligible activities under the Act;

NOW, TEEREFORE,

IT IS MUTUALLY AGREED BY AND BETWEEN THE PARTIES HERETO, as follows:

RECEIVED

AUG 221977

Richard M. Moleski, Town Clerk

### 1. DEFINITIONS.

- a. "County" shall mean the County of Erie.
- b. "Municipality" shall mean the Town. Williage of CHEEKTOWAGA.
- c. "H.U.D." shall mean the United States Department of Eousing and Urban Development.
- d. "Act" shall mean the Housing and Community Development Act of 1974.
- e. "Yederal Government" shall mean the Government of the United States and all departments thereof heretofore or hereinafter created, including "H.U.D.".
- f. "Project" shall mean the approved work described in Exhibit "A" to be performed by the Municipality under the terms of the Housing and Community Development Act of 1974, all implementing present and future federal government regulations, and this contract.

#### 2. EXHIBITS INCORPORATED.

The following exhibits are attached to this Agreement and made a part hereof:

- a. Exhibit "A" Project Description
- b. Exhibit "B" Project Costs
- c. Exhibit "C" Erie County Cooperation Agreement
- d. Exhibit "D" Assurance Agreement signed by the Municipality

### 3. CONSTRUCTION.

The Municipality for consideration herein provided agrees to furnish all the materials, appliances, tools, and labor of every kind required, and to construct and complete in the most substantial workmanlike manner, the construction, improvement or reconstruction of the community development project as described in Exhibit "A" attached hereto and made a part hereof.

### 4. FUNDING - BUDGET.

The Municipality represents and agrees that the Budget, as listed in Exhibit "B", attached hereto and made a part hereof, includes substantially all costs of materials, appliances, tools and labor needed by the Municipality to undertake the project as described in Exhibit "A" of this Agreement.

### 5. FUNDING - LIMITATIONS.

The County shall pay the Municipality the amount of approved actual expenditures, NOT TO EXCEED the Budget as listed in Exhibit "B", subject to the Federal requirements and procedure set forth below.

### 6. FUNDING - PAYMENTS OF EXPENDITURES.

The County agrees to pay the Municipality for costs actually incurred pursuant to this Agreement on receipt of claims in such form as prescribed by the County or Federal Government, subject to any adjustment or audit by authorized personnel of the County or Federal government.

### 7. BOOKS AND RECORDS OF ACCOUNTING.

The Municipality agrees that it shall keep and maintain separate books of account and records concerning all costs incurred in the performance of this Agreement, and that it shall have available for audit and inspection by the County or by authorized representatives of the Federal government, all the Municipality's facilities, books and other financial and statistical data.

### 8. PRIVATE CONTRACTORS.

The Municipality agrees that in the event it contracts with private contractors for any project or part of the project undertaken pursuant to this Agreement, it will observe the Laws of New York regarding bidding requirements and the letting of private contracts.

### 9. FEDERAL AND STATE REQUIREMENTS.

The Municipality agrees to abide by all present and future applicable New York State and Federal Government requirements in performing the project described in Exhibit "A" attached hereto and made a part hereof.

#### 10. INDEMNIFICATION.

The Municipality shall indemnify, hold harmless and defend the County from all claims, costs, damages or injuries to persons or property of whatsoever kind or nature arising out of this Agreement.

#### B. INSURANCE.

- I. The Municipality agrees to obtain contractual insurance coverage on the Indemnification Agreement between the County and the Municipality contained at Section 10 of this contract, with respect to activity of which all or any part is funded pursuant to this contract.
- 2. The Municipality agrees that in the event it contracts with private contractors for activity of which all or any part is funded pursuant to this contract, the Municipality may, in lieu of the above paragraph 10 (B)(1), require the private contractor or sub-contractor to obtain contractual insurance coverage on the Indemnification Agreement between the County and the Municipality contained at Section 10 of this contract.

- 3. The contractual insurance coverage shall be in full force and effect by the beginning date of any project work and continue in full force until the project work is complete, or until the release of the private contractor by the Municipality.
- 4. The policy limits of the above-mentioned insurance required shall be, at a minimum, the same as the Municipality requires of private contractors rendering a similar service. The Erie County Supervisor of Insurance reserves the right to state a minimum insurance coverage requirement which expressly supercedes the above stated minimum insurance coverage requirement. This reserved right ceases ten days after the date the County receives from the Municipality the Certificates of Insurance.
- 5. The Municipality agrees to render to the County
  Certificates of Insurance within a maximum of ten (10) days after
  project work activity begins. The Municipality must require the
  insurer to notify the County Supervisor of Insurance of any
  substantial change or cancellation in writing at the same time
  the Municipality awarding such contract is notified.

### 11. PERFORMANCE REPORT.

The Municipality agrees to begin work within a reasonable time after execution of this Agreement. It further agrees to submit a performance report as required by HUD prior to the beginning of the Fiscal year 1978, and prior to each fiscal year thereafter. The performance report must include the Municipality's assessment of the effectiveness of the program of Community Development Activities in meeting the objectives hereof.

### 12. ASSIGNMENTS.

No assignment of this Agreement or any obligations assumed hereunder will be permitted without the prior written consent of the County.

### 13. COUNTY-MUNICIPALITIES RELATIONSHIP.

The relationship of the Municipality to the County shall be governed as expressly provided for in Exhibit "C", the Eric County Cooperation Agreement, attached hereto and made a part hereof.

### B. ASSURANCES.

The Assurance Agreement signed by the Municipality

(Exhibit "D") is attached hereto and is hereby specifically made
a part of this Agreement.

## 14. SECTION 3" COMPLIANCE IN THE PROVISION OF TRAINING, FMPLOYMENT AND BUSINESS OPPORTUNITIES.

This Agreement is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, 12 USC 1701 (u), as amended, all HUD regulations which have been or may be issued pursuant thereto, and any applicable rules and orders of HUD which have been or may be issued thereunder prior to the HUD authorization of the Funding Approval.

The Municipality shall cause or require to be inserted in full in all contracts and subcontracts for work financed in whole or in part with assistance provided under this Agreement, the Section 3 clause set forth in 24 CFR 135.20(b).

The County shall provide such copies of any applicable rules and regulations as may be necessary for the information of parties to contracts required to contain the Section 3 clause.

### 15. PLOOD DISASTER PROTECTION.

This Agreement is subject to the requirements of the Flood Disaster Protection Act of 1973 (P.L. 93-234). No portion of the assistance provided under this Agreement is approved for acquisition or construction purposes as defined in the Flood Disaster Protection Act of 1973, for use in an area identified by the Federal Government as having special flood hazards which is located in a community not then in compliance with the requirements for participation in the national flood insurance program pursuant to the Flood Disaster Protection Act of 1973; and the use of any assistance provided under this Agreement for such acquisition or construction in such identified areas in communities then participating in the national flood insurance program shall be subject to the mandatory purchase of flood insurance requirements of the Flood Disaster Protection Act of 1973.

Any contract or agreement for the sale, lease, or other transfer of land acquired, cleared or improved with assistance provided under this Agreement shall contain, if such land is located in an area identified by the Secretary of Housing and Urban Development as having special flood hazards and in which the sale of flood insurance has been made available under the National Flood Insurance Act of 1968, as amended, provisions obligating the transferee and its successors or assigns to obtain and maintain, during the ownership of such land, such flood insurance as required with respect to financial assistance for acquisition or construction purposes under the Flood Disaster Protection Act of 1973. Such provisions shall be required notwithstanding the fact that the construction on such land is not itself funded with assistance provided under this Agreement.

### 16. EQUAL EMPLOYMENT OPPORTUNITY.

- (a) Activities and contracts not subject to Executive Order 11246, as amended. In carrying out the program, the Municipality shall not discriminate against any employee or applicant for employment because of race, color, religion, sex or national origin. The Municipality shall take affirmative action to insure that applicants for employment are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Municipality shall post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Federal Government setting forth the provisions of this nondiscrimination clause. The Municipality shall state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex or national origin. The Municipality shall incorporate the foregoing requirements of this paragraph (a) in all of its contracts for program work, except contracts governed by paragraph (b) of this section, and will require all of its contractors for such work to incorporate such requirements in all subcontracts for program work.
- (b) Contracts subject to Executive Order 11246, as amended. Such contracts shall be subject to HUD Equal Employment Opportunity regulations at 24 CFR Part 130 applicable to HUD assisted construction contracts.

The Municipality shall cause or require to be inserted in full in any nonexempt contract and any subcontract for construction work, or modification thereof, as defined in said regulations, which is paid for in whole or in part with assistance provided under this Agreement, the following equal opportunity clause:

During the performance of this contract, the contractor agrees as follows:

- employee or applicant for employment because of race, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer, recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.
- (2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, or national origin.

- representative or workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided by the Contract Compliance Officer advising the said labor union or workers' representatives of the contractor's commitment under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- (4) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
- (5) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the Department and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
- (6) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be cancelled, terminated or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contract procedures authorized in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

The contractor will include the portion of the sentence immediately preceding paragraph (I) and the provisions of paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 25, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the Federal Government Department may direct as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the Federal Government Department, the contractor may request the United States to enter into such litigation to protect the interest of the United States.

The Municipality further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, that the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under this contract.

The Municipality agrees that it will assist and cooperate actively with the Department and the Secretary of Labor of the United States in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules,

regulations, and relevant orders of the Secretary of Labor; that it will furnish the Department and the Secretary of Labor such information as they may require for the supervision of such compliance; and that it will otherwise assist the Pederal Government in the discharge of its primary responsibility for securing compliance.

The Municipality further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Federal Government contracts and federally assisted construction contracts pursuant to the executive order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractor by the Department or the Secretary of Labor of the United States pursuant to Executive Order 11246. In addition, the Municipality agrees that if it fails or refuses to comply with these undertakings, the Federal Government may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part the grant or loan guarantee; refrain from extending any further assistance to the Municipality under the program with respect to which the failure or refusal occurred until satisfactory assurance of future compliance has been received from such Municipality and refer the case to the United States Department of Justice for appropriate legal proceedings.

### 17. LEAD-BASED PAINT HAZARDS.

The construction or rehabilitation of residential structures with assistance provided under this Agreement is subject to the HUD Lead-Based Paint regulations, 24 CFR Part 35.

### 18. COMPLIANCE WITH AIR AND WATER ACTS.

This Agreement is subject to the requirements of the Clean Air Act, as amended, 42 USC 1857 et seq., the Federal Water Pollution Control Act, as amended, 33 USC 1251 et seq. and the regulations of the Environmental Protection Agency with respect thereto, at 40 CFR Part 15, as amended from time to time.

In compliance with said regulations, the Municipality shall cause or require to be inserted in full in all contracts and subcontracts with respect to any nonexempt transaction thereunder funded with assistance provided under this Agreement, the following requirements:

- (1) A stipulation by the contractor or subcontractors that any facility to be utilized in the performance of any non-exempt contract or subcontract is not listed on the List of Violating Facilities issued by the Environmental Protection Agency (EPA) pursuant to 40 CFR 15.20.
- (2) Agreement by the contractor to comply with all the requirements of section 14 of the Clean Air Act, as amended, and section 308 of the Federal Water Pollution Control Act, as amended, (33 USC 1318) relating to inspection, monitoring, entry, reports, and information, as well as all other requirements specified in said section 114 and section 308, and all regulations

and guidelines issued thereunder.

- (3) A stipulation that as a condition for the award of the contract prompt notice will be given of any notification received from the Director, Office of Federal Activities, EPA, indicating that a facility utilized or to be utilized for the contract is under consideration to be listed on the EPA List of Violating Facilities.
- (4) Agreement by the contractor that he will include or cause to be included the criteria and requirements in paragraph (1) through (4) of this section in every nonexempt subcontract and requiring that the contractor will take such action as the Federal Government may direct as a means of enforcing such provisions.

In no event shall any amount of the assistance provided under this Agreement be utilized with respect to a facility which has given rise to a conviction under section 113 (c)(1) of the Clean Air Act or section 309 (c) of the Federal Water Pollution Control Act.

### 19. FEDERAL LABOR STANDARDS PROVISIONS.

Except with respect to the rehabilitation of residential property designed for residential use for less than eight families, the Municipality and all contractors engaged under contracts in excess of \$2,000 for the construction, prosecution, completion or repair of any building or work financed in whole or in part with assistance provided under this Agreement, shall comply with Federal Government requirements pertaining to such contracts and all applicable requirements of the regulations of the United

States Department of Labor governing the payment of wages and the ratio of apprentices and trainees to journeymen: Provided, that if wage rates higher than those required under such requlations are imposed by state or local law, nothing hereunder is intended to relieve the Municipality of its obligation, if any, to require payment of the higher rates. The Municipality shall cause or require to be inserted in full, in all such contracts subject to such regulations, provisions meeting the requirements of 29 CFR 5.5 and, for such contracts in excess of \$10,000, 29 CFR 5a.3.

No award of the contracts covered under this section of the Agreement shall be made to any contractor who is at the time ineligible under the provisions of any applicable regulations of the United States Department of Labor to receive an award of such contract.

### 20. NONDISCRIMINATION UNDER TITLE VI OF THE CIVIL RIGHTS ACT OF 1964.

This Agreement is subject to the requirements of Title

VI of the Civil Rights Act of 1964. (P.L. 88-352) and HUD regulations with respect thereto including the regulations under

24 CFR Part 1, or other transfer of land acquired, cleared or improved with assistance provided under this Agreement, the

Municipality shall cause or require a covenant running with the

land to be inserted in the deed or lease for such transfer,
prohibiting discrimination upon the basis or race, color,
religion, sex, or national origin, in the sale, lease or rental,

or in the use or occupancy of such land or any improvements
erected or to be erected thereon, and providing that the Municipality and the United States are beneficiaries of and entitled
to enforce such covenant. The Municipality, in undertaking its
obligation in carrying out the program assisted hereunder,

agrees to take such measures as are necessary to enforce such covenant and will not itself so discriminate.

### 21. OBLIGATIONS OF GRANTEE WITH RESPECT TO CERTAIN THIRD PARTY RELATIONSHIPS.

The Municipality shall remain fully obligated under the provisions of this contract notwithstanding its designation of any third party or parties for the undertaking of all or any part of the program with respect to which assistance is being provided under this contract to the Municipality. The Municipality shall comply with all lawful requirements of the County necessary to insure that the program with respect to which assistance is being provided under this contract to the Municipality is carried out in accordance with the Assurance Agreement (Exhibit "D") including those with respect to the assumption of environmental responsibilities of the County under section 104(h) of the Housing and Community Development Act of 1974.

### 22. INTEREST OF CERTAIN FEDERAL OFFICIALS.

No member of or Delegate to the Congress of the United States, and no Resident Commissioner, shall be admitted to any share or part of this Agreement or to any benefit to arise from the same.

# 23. INTEREST OF MEMBERS, OFFICERS, OR EMPLOYEES OF THE MUNICIPALITY, MEMBERS OF THE GOVERNING BODY, OR OTHER PUBLIC OFFICIALS.

No member, officer, or employee of the Municipality, or its designees or agents, no member of the governing body of the locality in which the program is situated, and no other public official of such locality or localities who exercises any

functions or responsibilities with respect to the program during his tenure or for one year thereafter, shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for work to be performed in connection with the program assisted under the Agreement. The Municipality shall incorporate, or cause to be incorporated, in all such contracts or subcontracts a provision prohibiting such interest pursuant to the purposes of this section.

### 24. SEVERABILITY.

If any term or provision of this Agreement or the application thereof to any person or circumstances shall, to any extent be held invalid or unenforceable, the remainder of this Agreement, or the application of such term or provision to persons or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected thereby, and every other term and provision of this Agreement shall be valid and be enforced to the fullest extent permitted by law.

### 25. APPROPRIATIONS UNDER THE ACT.

This Agreement shall be valid only to the extent that the Federal Government appropriates monies for the project under the Act.

#### 26. AMENDMENT.

This contract may be amended only by written instruments executed by the parties.

### 27. NOTICE AND COMMUNICATION.

Any notice, request or other communication required or permitted to be given hereunder shall be in writing and delivered

personally or sent by registered or certified mail, return receipt requested, to the recipient at the address designated for such party in this Agreement or to such other address as such recipient may have last designated by notice similarly given.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed on the day and year first above written.

Item No. 19 Motion by Councilman Swiatek, seconded by Councilman Wasielewski

WHEREAS, the Cheektowaga Youth Board has jointly operated a Youth Service Program with Catholic Charities of Buffalo, New York, for the purpose of counseling and aiding high school drop-outs in the Town of Cheektowaga, and

WHEREAS, the Town of Cheektowaga is desirous of continuing this program for fiscal year 1978, and

WHEREAS, a proposed agreement has been prepared to implement said program for a period of 12 months with the total cost not to exceed the sum of \$31,580, therefore, BE IT

RESOLVED, that the Supervisor be and hereby is authorized to sign the agreement between said parties which is attached hereto and made a part of this resolution.

*See next few pages for copy of Agreement.

### AGREEMENT

THIS AGREEMENT, made this 7th day of November, 1977, by and between the TOWN OF CHEEKTOWAGA, Erie County, New York, a municipal corporation, with offices at Broadway and Union Roads, Cheektowaga, New York, hereinafter referred to as the "TOWN", and CATHOLIC CHARITIES OF BUFFALO, N.Y., Inc., a civic and charitable organization, with offices at 525 Washington Street, Buffalo, New York, hereinafter referred to as the "AGENCY".

### WITNESSETH:

WHEREAS, the AGENCY, in cooperation with the TOWN, is desirous of operating and maintaining a "Youth Services Project" whereby school drop-outs and potential school drop-outs within the TOWN will receive vocational, educational, and personal adjustment counseling; and

WHEREAS, the TOWN is a municipality eligible to receive state aid and reimbursement of expenditures from the State of New York for sponsoring a "Youth Services Project" and

WHEREAS, the TOWN will appropriate the sum of \$31,580.00 for said "Youth Services Project",

NOW THEREFORE, it is mutually understood and agreed as follows:

- 1. The TOWN will sponsor a Youth Services Project and pay to the AGENCY a sum not to exceed \$31,580.00 during the term of this Agreement for the operation and maintenance of a family oriented counseling program for school drop-outs and potential school drop-outs. The anticipated costs and expenses of said project are specified on the Proposed Budget which is attached hereto and made a part hereof.
- 2. The amount paid by the TOWN, in accordance with paragraph 1., constitutes the TOWN'S full and complete obligation with regard to this Agreement and all consequences arising therefrom, except the TOWN shall be entitled to apply for state aid and reimbursement of expenditures as sponsor of the project in accordance with the applicable provisions of

the Executive Law of the State of New York.

The amount paid by the TOWN will be paid as follows:

The AGENCY will submit expenses incurred on a quarterly basis on duly authorized vouchers to the TOWN. Upon receipt of the vouchers, the TOWN will pay the AGENCY for services rendered during the quarter.

3. The AGENCY'S share of the project expenses will be twenty-five (25) per cent of the total costs and expenses incurred, not to exceed

The TOWN will bill the AGENCY for the AGENCY'S share of the project expenses upon payment by the TOWN of expenses incurred during the final quarter.

- 4. The AGENCY agrees to operate a Youth Service Project whereby school drop-outs and potential school drop-outs within the TOWN, regardless of race, color or creed, will receive vocational, educational and personal adjustment counseling.
- 5. The AGENCY agrees to carry out the terms of this agreement in accordance with the Division for Youth Act and the rules and regulations of the Cheektowaga Youth Board and the State Division for Youth; and the project will be operated in compliance with all laws and the Constitution of the State of New York.
- 6. The AGENCY agrees to hire as its own employees any and all personnel required to implement and effectuate the operation of the Youth Services Project.
- 7. Except with relation to the duties normally accepted and imposed upon the AGENCY, this Agreement shall constitute the full and complete obligation of the parties hereto.
- 8. This Agreement is contingent and conditioned upon approval of required renewal applications and acceptance by the New York State Division for Youth.

9. This agreement will cover the period from January 1, 1978 to December 31, 1978.

IN WITNESS OF WHEREOF, the parties have hereunto set their hands and seals the day and date first written above.

### AGREEMENT

THIS AGREEMENT, dated this 7th day of November, 1977, by and between the TOWN OF CHEEKTOWAGA, ERIE COUNTY, NEW YORK, a municipal corporation with offices at Broadway and Union Roads, Cheektowaga, New York, hereinafter called the "TOWN", and the YOUTH DEPARTMENT - DIOCESE OF BUFFALO, with offices at 100 South Elmwood Avenue in the City of Buffalo, New York, hereinafter referred to as the "AGENCY".

### WITNESSETH:

WHEREAS, the AGENCY in cooperation with the TOWN OF CHEEKTOWAGA is desirous of instituting a Youth Service Project entitled:

PROJECT Y.E.S. (Youth Engaged in Service)
which would prepare teen-age volunteers to assist their community
in various projects that would require a need for volunteers.

NOW, THEREFORE, it is mutually understood and agreed as follows:

- 1. The TOWN will sponsor a youth volunteer and community service program as a Youth Service Project and pay to the AGENCY a sum not to exceed \$6,250.00 for a 12 month period commencing January 1, 1977 and running through fiscal year 1978 for the operation of said program.
- 2. The amount paid by the TOWN in accordance with Paragraph 1 constitutes the TOWN's full obligation with regard to the agreement and all consequences arising therefrom, except that the TOWN shall be entitled to State Aid reimbursement from the New York State Division for Youth as sponsor of the project.
- 3. The AGENCY agrees to operate said project and coordinate all of its activities with the Cheektowaga Youth Bureau.
- 4. The AGENCY agrees to carry out the terms of this agreement in accordance with the rules and regulations fo the New York State Division for Youth and the Division for Youth Act, and that the project will be operated in compliance with all the laws of the TOWN OF CHEEKTOWAGA and the Constitutuion of the State of New York.

- 5. The AGENCY agrees to hire as its own employees and personnel required in conjunction with the operation of the said program.
- 6. Except with regulation to duties normally accepted and imposed upon the AGENCY, this agreement shall constitute the full and complete obligation of the parties thereto.

TOWN OF CHEEKTOWAGA, NEW YORK

RE: Kokomo Place Drainage System

#### Gentlemen:

At the October 3, 1977 Town Board meeting bids were received and opened for the Kokomo Place Drainage Project. Fourteen (14) bids were received as follows:

1.	Destro Brothers Concrete Co.,	Inc.	\$115,534.00
2.	Firstrhyme Construction Corp.		131,356.00
3.	Marin Concrete Company		138,821.00
4.	Nick Costa Construction Corp.		142,490.00
4. 5.	Delaware-American Corp.		146,508.00
6.	Star Landscaping		148,795.00
7.	Janik Paving, Inc.		151,720.00
	Wagner Excavation, Inc.		163,780.00
8. 9.	Cimato Brothers, Inc.		207,471.50
10,	ABC Paving Co., Inc.		207,500.00
11.	Freeway Contracting		212,350.00
12.	Northern Demolition		227,820.00
	C.M.H. Company		235,980.00
14.	M.C. Morgan Construction Corp.		260,453.00

The firm of McFarland-Johnson Engineers, who designed the drainage system, reviewed the bids with the recommendation in their letter to this office dated October 14, 1977 that the bid be awarded to Destro Brothers Concrete Company, Inc., 3150 Seneca Street, West Seneca, New York 14224 at their corrected bid price of \$115,534.00.

Attached for Town Board approval and consideration is the resolution awarding the bid to said Destro Brothers Concrete Company, Inc. for submission of the lowest bid meeting the requirements of the specifications.

Very truly yours,

TOWN OF CHEEKTOWAGA

reading the sealed bids.

#### NOTICE TO BIDDERS

NOTICE IS HEREBY GIVEN that pursuant to a resolution of the Town Board of the Town of Cheektowaga, in Erie County, New York, sealed proposals shall be received and considered by said Town Board on the 16th day of November, 1977 at 6:00 P.M., Eastern Standard Time, at a meeting of the Board in the Council Chambers of the Town Hall, corner of Broadway and Union Road, Cheektowaga, together with labor, for the General Construction Work, Heating and Ventilating Work, Plumbing Work and Electric Work for Alterations and Additions to the Town Hall, Cheektowaga, New York, in accordance with the working drawings and specifications prepared by Donald T. Maharan Associates P.C. and approved by the Town Board, all of which are on file with the Town Clerk at his office in the Town Hall, corner of Broadway and Union Road, Cheektowaga, New York. Copies of working drawings and specifications may be examined at the offices of Donald T. Maharan Associates, P.C., 505 Delaware Avenue, Buffalo, New York. One copy of each of said working drawings and specifications may be obtained upon deposit of \$25.00. Any bidder, upon returning such copy in good condition, within thirty (30) days following the award of the contract, or the rejection of the bid of such bidder, will be refunded \$25.00. Deposit will be forfeited by non-bidders, but documents must be returned to architect's office.

Each proposal must be accompanied by a certified check in the sum of Ten Per Centum (10%) of the amount of the bid payable to the order of Town of Cheektowaga, or a bond with sufficient sureties to be approved by the Town of Cheektowaga, in the sum of Ten Per Centum (10%) of the bid, conditioned that if the bid is accepted, the bidder will enter into a contract for the same, and that he will execute such further security as may be required for the faithful performance of the contract.

Attention of the bidders is particularly called to the requirements as to the conditions of employment to be observed, and the minimum wage rates to be paid under the contract.

No bidder may withdraw his bid within forty-five (45) days after the actual date of the opening thereof.

The Town Board reserves the right to waive any informalities in, or to reject any or all bids, if in its judgment it shall deem it to be in the best interests of the Town of Cheektowaga to do so and as permitted by law.

In order to be considered, all bids must be filed with the undersigned Town Clerk to the time of opening thereof.

BY ORDER OF THE TOWN BOARD OF THE TOWN OF CHEEKTOWAGA, ERIE COUNTY, NEW YORK.

RICHARD M. MOLESKI Town Clerk

Any bidder, upon returning such copy in good condition, within thirty days following the award of the contract, or the rejection of the bid of such bidder, will be refunded \$25.00. Deposit will be forfeited by non-bidders, but documents must be returned to architect's office.

Each proposal must be accompanied by a certified check in the sum of Ten Per Centum (10 per cent) of the amount of the bid payable to the order of the Town of Cheektowaga, or a bond with sufficient sureties to be approved by the Town of Cheektowaga, in the sum of Ten Per Centum (10 per cent) of the bid, conditioned that the bid is accepted, the bidder will enter into a contract for the same, and that he will execute such further security as may be required for the faithful perfor-

nce of the contract.

Attention of the bidders is parti-cularly called to the requirements as to the conditions of employment to be observed, and the minimum wage rates to be paid under the contract.

No bidder may withdraw his bid

within forty-five (45) days after the actual date of the opening thereof.

The Town Board reserves the right

to waive any informalities in, or to reject any or all bids, if in its gement it shall deem it to be in the judgement it snan cross it to be best interests of the Town of Checkto-

waga so to do and as permitted by law. In order to be considered, all bids must be filed with the undersigned Town Clerk at the time of opening thereof.

BY ORDER OF THE TOWN BOARD OF THE TOWN OF CHEEKTO-WAGA, ERIE COUNTY, NEW YORK.

RICHARD M. MOLESKI **Town Clerk** 

DATED: November 7, 1977

Item No. 50 Authorization for Supervisor to sign Preliminary Utility Work Agreement between Town of Cheektowaga and D.O.T.

Motion by Councilman Dux, seconded by Councilman Wasielewski

WHEREAS, the New York State Department of Transportation has forwarded to the Town its HC 140 Form covering the disconnecting and reconnecting of street lights at an estimated amount of \$300.00, and

WHEREAS, it appears to be in the best interest of the Town that such form and agreement be consummated between the Town of Cheektowaga and the Department of Transportation, NOW, THEREFORE, BE IT

RESOLVED that the Supervisor be and hereby is authorized to sign HC 140 Form and related Preliminary Utility Work Agreement on behalf of the Town, a copy of said form and agreement being attached hereto and made a part hereof.

*See next seven (7) pages for Preliminary Utility Work Agreement and related form.

#### NEW YORK STATE DEPARTMENT OF TRANSPORTATION

#### PRELIMINARY UTILITY WORK AGREEMENT

	omp Sco	of New York acting through the Commissioner of Transportation that the adjustment will be dished under the terms of this agreement.  Ope of Adjustment
		two existing light standards (location no. 2073 at Kensington (description of type, size, capacity, etc., of existing facilities)

III. Physical Adjustment Method (check appropriate boxes): The actual adjustment will be performed by the following method: A. Contract let by the Commissioner B. Contract let by the Owner, (check applicable statement) 23 a. Best Interests of State. □ b. Utility not sufficiently staffed or equipped. By the Owner's forces IV. Betterments, Salvage, and Depreciation (check appropriate boxes): There will be no extension of service life, improved capacity nor any other betterment of the facility (as defined by the New York State Department of Transportation Manual of Procedure for Reimbursement on Utility Agreements, and by PPM 30-4) as a result of the adjustments made pursuant to this agreement. . . There is betterment described as follows: C. The owner will not claim reimbursement for that portion of the work but will duly account for it as required by applicable New York State Department of Transportation and Federal Highway Administration procedures. D. The owner hereby agrees to deposit with the Comptroller of the State of New York the amount to cover the cost of the betterment as described in B. above. The owner agrees to deduct from his claim all salvage value as required by the New York State Department of Transportation Manual of Procedure for Reimbursement on Utility Agreements, and by the Federal Highway Administration PPM 30-4 paragraphs 9, 11b and 11c. F. The owner agrees to compliance with the requirements of the Department's Manual of Procedure for Reimbursement on Utility Agreements and FHWA PPM 30-4 with respect to depreciation credit when applicable. V. General Covenants

The owner hereby agrees to accept full title and responsibility for the adjusted facility in writing upon satisfactory completion of the work. Such acceptance will acknowledge the owner's responsibility to maintain the facility in accordance with all applicable codes, standards and regulations, including his obligation, where applicable, to remove any or all of the facility from the highway at the order of the Commissioner of Transportation, all in accordance with the Rules and Regulations Governing the Accommodation of Utilities within the State Highway Right-of-Way and Federal Highway Administration, PPM 30-4.1. All claims covered by this agreement will be included in an agreement of adjustment following completion of the work, or in a municipal agreement prior to the performance of the work. The Utility Facilities shall be adjusted in accordance with this agreement, as directed by the State's Engineer-in-Charge, without causing delay to the State's Contractor, and before completion of the State's contract.

#### NEW YORK STATE DEPARTMENT OF TRANSPORTATION

AGREEMENT IN CONNECTION WITH COST OF RELOCATING MUNICIPALLY, OWNED FACILITIES MAINTAINED FOR PUBLIC USE (SUBDIVISION 24 SECTION 10 OF THE HIGHWAY LAW)

PROJECT: D 95623; PIN 5811.02; Safety Revisions to Gore Areas; Rrie & Niagara Counties

This agreement made the 25 Hday of 1200 Level 1977, by and between THE PEOPLE OF THE STATE OF NEW YORK (hereinafter referred to as "State") acting by and through Raymond T. Schuler as COMMISSIONER OF TRANSPORTATION (hereinafter referred to as "Commissioner") having his principal office in The Administration and Engineering Building, 1220 Washington Ave., State Campus, in the City and County of Albany and State of New York, and the Town of Checktowaga

of **Rei**a

, a Municipal Corporation in the County and State of New York (hereinafter referred to as "Municipality").

WHEREAS, the Commissioner deems it necessary as a result of work of the above named project to provide for the removal, relocation, replacement and reconstruction of the facilities hereinafter described that are owned by the Municipality and that are maintained for public use, and

WHEREAS, the Municipality is desirous of having the work of removal, relocation, replacement and reconstruction of such facilities performed, in accordance with the provisions of this agreement,

NOW, THEREFORE, in consideration of the mutual benefits moving to each of the parties hereto, and in pursuance of Subdivision 24 of Section 10 of the Highway Law, it is agreed as follows, viz:

#### WITNESSETH:

1. General Description of Work. Such work herein contemplated consists generally of the

disconnecting and reconnecting the electrical service to light standards at off ramps from the Kensington Expwy. to Eggert and Harlem Roads

and other facilities in connection therewith as shown and described generally or particularly in the plans and specifications which provide for this work; such plans and specifications having been heretofore submitted to and having been duly approved by the Municipality.

2. Method of Performance of Work. Such work may be performed (a) by the employment of the forces and the use of the equipment of the Municipality and by the use of any material on hand or necessary to be purchased by the Municipality or (b) when consent therefore is stated in writing by the Commissioner, by contract as provided in Section 103 of the General Municipal Law, or if this method is deemed to be impracticable by the Municipality, then, upon such written consent, by such other method or combination of methods as the Commissioner shall approve.

3. Reimbursement of Costs. Upon written notice from the Municipality to the Commissioner that such work has been completed, and upon final inspection thereof to the satisfaction of the State, or in case the Municipality finds it necessary to have partial reimbursement made intermediately between the start of such work of construction and the final inspection thereof by the State, the State shall reimburse the Municipality up to 90% of the costs of such work as such costs are disclosed by the said records thereof, and the balance of such reimbursement shall be made by the State upon final inspection of such work and the acceptance thereof by the State, but in any event the State shall not be obligated for an estimated sum in excess of \$ 300.00 ... unless a Supplemental Agreement is made therefore. All items included by the Municipality in said record of costs shall be in conformity with the "Manual of Procedure for Reimbursement on Utility Agreements" as re-issued by the Commissioner on July 1, 1.971... with amendments, thereto, and including, where applicable, the 1971 Supplement, with amendments, relating to State Interstate Highways. Such items shall be subject to final determination by the Commissioner, and the Commissioner reserves the right to reduce of to eliminate any of such items as he may deem such action to be proper for the best interest of the State.

As a condition of and prior to payment by the State of the aforesaid reimbursement, the Municipality shall furnish to the State a release forever discharging the State from any and all claims, damages, or causes of action arising from or growing out of the work to be performed by the Municipality under this agreement.

- 4. Maintenance of Facilities. The Municipality covenants with the Commissioner that the maintenance of the facilities as long as they shall be in use by the Municipality are and shall continue to be the sole and primary obligation of the Municipality.
- 5. Other Contracts Relative to Work. The Commissioner reserves the right to let other contracts in connection with such work. The Municipality shall afford other contractors reasonable opportunity for the introduction and storage of their materials and the execution of their work and shall properly connect and coordinate its work with theirs. Temporary structures, equipment or materials of the Municipality, its agents or contractors, shall be located where directed and if not so located they shall be moved when so directed.
- 6. Access To and Control of Work. The State shall have access to all phases of such work during its prosecution and to records pertaining thereto, including time records, payrolls, invoices, work orders, etc.
- 7. Unsatisfactory Work; Ambiguity of Plans. Should such work at any time be unsatisfactory to the State, that fact will, without unnecessary delay, be brought to the attention of the Municipality who will take remedial action promptly.
- In case of any ambiguity in the plans, specifications, or maps, or between them, the matter must be immediately submitted to the State which shall adjust the same, and its decision in relation thereto shall be final and conclusive upon the parties.
- 8. Retention of Records. All records established by the Municipality pursuant to this Agreement shall be maintained by the Municipality for a period of not less than three years after payment of the final voucher by the Federal Government to the State in connection with a federal-aid project or the custody of such records shall be turned over to the Commissioner. Such records shall be available for inspection by representatives of the State upon reasonable notice during regular business hours.
- 9. Contract Clauses Required in Work. In connection with any contract let by the Municipality for all or any part of such work, it is understood between the parties hereto that the contract shall comply with all applicable Federal, State and local laws, copies of the Federal and State required contract provisions appearing as Schedule A and Schedule B, attached hereto.
- 10. Workmen's Compensation Insurance. The Municipality shall procure and maintain until final acceptance by the State of the work covered by this Agreement a policy, which shall be delivered to the State, covering the obligations of the Municipality in accordance with the provisions of the Workmen's Compensation Law, covering all operations under this agreement, whether performed by the Municipality or by its subcontractors. This Agreement shall be void and of no effect unless the Municipality making or performing same shall secure compensation for the benefit of, and keep insured during the life of said agreement, such employees in compliance with the provisions of the Workmen's Compensation Law. (State Finance Law Section 142.)

11. Liability Insurance. The Municipality shall procure and maintain until final acceptance by the State of the work covered by the agreement insurance for liability for damages imposed by law, of the kinds and in the amounts hereinafter provided in insurance companies authorized to do such business in the State covering all operations under the agreement whether performed by it or by subcontractors. Before commencing the work the Municipality shall furnish to the Commissioner a certificate or certificates of insurance in form satisfactory to the Commissioner showing that it has complied with this paragraph, which certificate or certificates shall provide that the policies shall not be changed or cancelled until 30 days' written notice has been given to the Commissioner. The kinds and amounts of insurance are as follows:

Bodily Injury Liability Property Damage Liability

Each Person Each Accident Each Accident Aggregate

\$300,000 \$300,000 \$1,000,000 \$1,000,000

for all damages arising during the policy period, shall be furnished in the types specified, viz:

- (1) Liability insurance issued to and covering the liability for damages imposed by law upon the Municipality with respect to all work performed by it under this agreement.
- (2) Contractor's Liability insurance issued to and covering the liability for damages imposed by law upon (a) EACH CONTRACTOR with respect to all work performed by said contractor under this agreement for or with the Municipality, and (b) each subcontractor with respect to all work performed by said subcontractor for or with the said contractor.
- (3) Protective Liability insurance issued to and covering the liability for damages imposed by law upon the Municipality with respect to all work under the agreement performed for the Municipality by its contractors or their subcontractors.
- (4) Completed Operations' Liability insurance issued to and covering the liability for damages imposed by law upon the Municipality and its contractors or their subcontractors arising between the date of final cessation of work and the date of final acceptance thereof, out of that part of the work performed by each.

The State shall provide Protective Liability insurance issued to and covering the liability for damages imposed by law upon The People of the State of New York with respect to all operations under the agreement by the Municipality or by its contractors, or their subcontractors, including omissions and supervisory acts of the State; and Completed Operations' Liability insurance issued to and covering the liability for damages imposed by law upon The People of the State of New York, arising between the date of final cessation of work and the date of final acceptance thereof.

- 12. Funds Available. It is understood by and between the parties hereto that this agreement shall be deemed executory only to the extent of the moneys available to the State and no liability on account thereof shall be incurred by the State beyond moneys available for the purposes hereof.
- 13. Assignment or Other Disposition of Contract. The Municipality agrees not to assign, transfer, convey, sublet or otherwise dispose of this contract or any part thereof, or of its right, title or interest therein, or its power to execute such contract to any person, company, or corporation without previous consent in writing of the Commissioner of Transportation.
- 14. Substitute William C. Hennessy, COMMISSIONER OF TRANSPORTATION for Raymond T. Schuler, COMMISSIONER OF TRANSPORTATION

IN WITNESS WHEREOF, the State has caused this instrument to be signed by the said Commissioner of Transportation, who has affixed the seal of his department hereto and the Municipality has caused this instrument to be signed by its duly authorized officer and the seal of said Municipality has been duly affixed hereto.

Item No. 21 Decision on Special Permit at 3117 Genesee Street
This item was withdrawn.

Item No. 22 Motion by Supervisor Meyers, seconded by Councilman Johnson

WHEREAS, the Planning Board of the Town of Cheektowaga has recommended that certain provisions of the "Zoning Ordinance of the Town of Cheektowaga, New York" be amended:

NOW, THEREFORE, BE IT RESOLVED that in accordance with the provisions of Section 264 of the Town Law of the State of New York, a public hearing be held on the 5th day of December, 1977 at 7:00 o'clock p.m., Eastern Standard Time, at a meeting of the Town Board at the Cheektowaga Town Hall, corner of Broadway and Union Road, Cheektowaga, New York; at which hearing all parties in interest and citizens shall have an opportunity to be heard and at which time and place it shall be determined by the Town Board whether the "Zoning Ordinance of the Town of Cheektowaga, New York" shall be amended as provided in the attached Notice of Hearing; and

BE IT FURTHER RESOLVED that the Town Clerk shall publish the attached Notice of Hearing in the CHEEKOWAGA TIMES, a newspaper published in the Town of Cheektowaga and having a general circulation therein, not less than 10 nor more than 20 days prior to the date of the hearing.

#### NOTICE OF HEARING

#### ON PROPOSAL TO AMEND ZONING ORDINANCE

NOTICE IS HEREBY GIVEN THAT in pursuance of a Resolution of the Town Board of the Town of Cheektowaga, which was duly passed on the 21st day of November, 1977, and in accordance with the provisions of Section 264 of the Town Law of the State of New York, a Public Hearing will be held on the 5th day of December, 1977 at 7:00 o'clock P.M., Eastern Standard Time, at the Town Hall, corner of Broadway and Union Road, Cheektowaga, New York, at which hearing all parties in interest and citizens shall have an opportunity to be heard and at which time and place it shall be determined by the Town Board whether the "Zoning Ordinance" of the Town of Cheektowaga, New York shall be amended and changed as follows:

- 1. RESOLVED THAT ARTICLE II RESIDENCE DISTRICT REGULATIONS, Section 2-01 B.5, which relates to a private swimming pool as an accessory use in a R-Residence District, and which reads:
  - "5. Private swimming pool, provided that it is located in the rear of the front set-back line and does not occupy any part of a required side yard. In the case of any private, non-movable swimming pool more than 24 inches in depty, the pool deck or the immediate surrounding yard shall be completely enclosed by a chain link fence or a substitute type of fence, approved by the Town Engineer, which offers the same degree of security against accidental or unauthorized entry. Such fence shall be at least 5 feet in height and entrance gates shall be kept locked when no one is on the premises."

shall be amended by deleting the word "non-movable" and by changing the height of the required fence from "at least 5 feet in height" to "at least 4 feet in height."

- 2. RESOLVED THAT ARTICLE III BUSINESS DISTRICT REGULATIONS, Section 3-11A. 10. (c), which relates to permitted uses in a General Commercial District, which reads:
  - "10. The following uses provided they are conducted within a completely enclosed building or within an area enclosed by a solid fence or wall."
  - "(c) Small animal hospital located at least 100 feet from any R District boundary."

shall be amended so that subdivision (c) reads:

#### Item No. 22 cont'd

- (c) Dog grooming and small animal hospital located at least 100 feet from any R District boundary.
- 3. RESOLVED THAT ARTICLE V OFF STREET PARKING REGULATIONS, Section 5-04 (g), which relates to the required number of off-street parking spaces for businesses, professional offices and banks, and which reads:
  - "(g) Other business or professional offices or banks 1 space for each 200 square feet of gross floor area"

shall be amended so that subdivision (g) reads:

- (g) Other business, including barber shops and beauty shops or professional offices or banks1 space for each 200 feet or gross floor area.
- 4. RESOLVED THAT ARTICLE XI DEFINITIONS, Section 11-00, Subdivisions 7, 9 and 10 which reads:
  - "7. Any reference to an "R" District shall be interpreted to mean "R", "RA", and "RC" Districts."
  - "9. Any reference to a "C" District shall be interpreted to mean "C" or "CM" Districts.
  - "10. Any reference to an "M" District shall be interpreted to mean "M1" and "M2" Districts."

shall be repealed; and that a new subdivision 7 be enacted, and read as follows:

7. Any reference to R, C, or M Districts without further specification, such as RA, RC, CM, Ml, or M2 shall be interpreted as Residence, Business, and Manufacturing Districts as defined in Section 1-11 Establishment of Zoning Districts; provided however, that this interpretation in no way abrogates the intent of Section 1-40 Interpretation of Permitted Uses, nor shall it indicate that any District with a R, C, or M prefix permits the same uses as any other District with the same prefix unless the use or uses are so listed as a permitted use or uses. This provision is particularly designed to ensure that the Ml District uses are conducted within a completely enclosed building.

#### Item No. 24 Motion by Councilman Kaczmarek, seconded by Councilman Dux

WHEREAS, the County of Erie has submitted to the Town of Cheektowaga a snow removal and ice control contract covering various highways in the Town of Cheektowaga, and

WHEREAS, said agreement is similar to prior agreement which have been submitted to the Town on an annual basis and which provide for certain rates to be charged by the Town to the County for such snow removal and control of highways, NOW, THEREFORE, BE IT

RESOLVED that the Supervisor be and hereby is authorized to execute said contract on behalf of the Town of Cheektowaga, a copy of which is annexed hereto and made a part hereof.

* See next few pages for Snow Removal Contract

THIS AGREEMENT made and entered into as of the lat day of November, 1977, by and between the COUNTY OF ERIE, a municipal corporation organized under the Laws of the State of New York, maintaining its offices at 95 Franklin Street, Buffalo, New York, and the TOWN OF CHEEKTOWAGA a municipal corporation of the State of New York in Erie County, hereinafter referred to as MUNICIPALITY.

#### WITNESSETH:

*)

snow, to sand, and to control ice and snow on certain County Roads, hereinafter defined; and, in implementing such removal and control, to erect and remove its own snow fences where it deems desirable, all at an annual rate and for the agreed consideration of FIVE HUNDRED FIFTY DOLLARS (\$550.00) per Lane Mile.

SECOND: A "Lane Mile" hereunder is defined as a portion of any County Road identified on Exhibits A and B, attached hereto and hereby made a part hereof, which is one mile long and of sufficient width to allow the safe passage of an automobile. Shoulders, median strips and short widened sections designed for intersection turning lanes shall not be considered in the calculation of the number of Lane Miles to be maintained under this Agreement. All County Roads shall be considered to be at least two lanes wide for such purposes. The number of Lane Miles for which compensation shall be paid hereunder is as set forth on Exhibit A.

THIRD: The schedule and map of County Roads which are affected by this Agreement are attached hereto and marked EXHIBIT A and EXHIBIT B respectively.

FOURTH: The term of this Agreement shall be for a period of one (1) year, beginning on the 1st day of November, 1977 and shall include the entire 1977-1978 winter season.

FIFTH: This Agreement is made pursuant to resolution of the Erie County Legislature adopted July 28, 1977, being Item 15, Resolution 330, Resolve 5 of the Legislative Proceedings, and pursuant to a resolution of the Legislative Board of the undersigned Municipality,

Motion by Councilman Dux, seconded by Supervisor Meyers Item No. 27B

WHEREAS, bids were duly received by this Town Board at a meeting held on November 16, 1977 for General Construction, Plumbing Work, Heating and Ventilating Work and Electrical Work for Alterations and Additions to the Cheektowaga Town Hall, as a result of advertisement thereof, and such bids were referred to Donald T. Maharan Associates, P.C., Architects-Engineer, 505 Delaware Avenue, Buffalo, New York 14202 for analysis, tabulation and report, and

WHEREAS, such analysis, tabulation and report has been made and noted in a letter dated November 21, 1977, and is attached and part of this resolution, and

WHEREAS, the lowest responsible bid for the Heating and Ventilating Work submitted by Joseph Davis, Inc. is considered to be excessive, and it appears to the best interests of the Town to re-bid said bid item, NOW, THEREFORE, BE IT

RESOLVED that the said bid of Joseph Davis, Inc., in the sum of \$54,000 be and hereby is rejected, and BE IT FURTHER

RESOLVED that the Town Clerk be and hereby is directed to publish a Notice to Bidders for the Heating and Ventilating Work for Alterations and Additions to the Town Hall, Town of Cheektowaga. Information for bidders and specifications are on file in the office of the Town Clerk and copies of working drawings and specifications may be obtained at the office of Donald T. Maharan Associates, P.C., 505 Delaware Avenue, Buffalo, New York upon deposit of \$25.00; said notice to be published in the CHEEKTOWAGA TIMES, and BE IT FURTHER

RESOLVED that the Town Board will meet at 7:00 P.M., Eastern Standard Time on December 5, 1977 for the purpose of properly opening and reading the sealed bids.

NOTICE TO BIDDERS

NOTICE IS HEREBY GIVEN that pursuant to a resolution of the Town Board of the Town of Cheektowaga, in Erie County, New York, sealed proposals shall be received and considered by said Town Board on the 5th day of December, 1977 at 7:00 P.M., Eastern Standard Time, at a meeting of the Board in the Council Chambers of the Town Hall, corner of Broadway and Union Road, Cheektowaga, for Heating and Ventilating Work for Alterations and Additions to the Town Hall, Cheektowaga, New York, in accordance with the working drawings and specifications prepared by Donald T. Maharan Associates, P.C., and approved by the Town Board, all of which are on file with the Town Clerk at his office in the Town Hall, corner of Broadway and Union Road, Cheektowaga, New York. Copies of working drawings and specifications may be examined at the offices of Donald T. Maharan Associates, P.C., 505 Delaware Avenue, Buffalo, New York. One copy of each of said working drawings and specifications may be obtained upon deposit of \$25.00.

#### Item No. 27B cont'd

Any bidder, upon returning such copy in good condition, within thirty days following the award of the contract, or the rejection of the bid of such bidder, will be refunded \$25.00. Deposit will be forfeited by non-bidders, but documents must be returned to the architect's office.

Each proposal must be accompanied by a certified check in the sum of Ten Per Centum (10%) of the amount of the bid payable to the order of the Town of Cheektowaga, or a bond with sufficient sureties to be approved by the Town of Cheektowaga, in the sum of Ten Per Centum (10%) of the bid, conditioned that the bid is accepted, the bidder will enter into a contract for the same, and that he will execute such further security as may be required for the faithful performance of the contract.

Attention of the bidders is particularly called to the requirements as to the conditions of employment to be observed, and the minimum wage rates to be paid under the contract.

No bidder may withdraw his bid within forty five (45) days after the actual date of the opening thereof.

The Town Board reserves the right to waive any informalities in, or to reject any or all bids, if in its judgement it shall deem it to be in the best interests of the Town of Cheektowaga so to do and as permitted by law.

In order to be considered, all bids must be filed with the undersigned Town Clerk to the time of opening thereof.

With Garwood Packer	150,006	50,002	1255
With Loadmaster Packer	150,042	50,014	1255

Bids were also submitted by the International Harvester Company and Bison Ford Truck Sales, Inc.

TO THE SUPERVISOR AND HONORABLE TOWN BOARD MEMBERS

November 18, 1977 Page 2

Mr. George Burst, Town Garage Foreman, reviewed the bids to determine compliance with the specifications by all bidders. Mr. Ronald Zoeller, Foreman of the Sanitation Department, advised that he needs four (4) units and that the mobile radio option should not be accepted.

It is, therefore, our recommendation that the bid be awarded to Buffalo Mack, Inc., 579 Eagle Street, Buffalo, New York for submitting the lowest bid meeting all requirements of the specifications.

The truck packer units to be furnished are to be a Buffalo Mack Chassis with E-Z Pack #C 250 Packer unit at the bid price of \$134,544.00 for three (3) units and \$44,848.00 for an additional unit. This amounts to a total bid award of \$179,392.00.

Very truly yours,

TOWN OF CHEEKTOWAGA

Chester L. Bryan, P.E. Town Engineer

Gentlemen:

Attached, in duplicate , is proposed agreement dated Sept. 27, 1977 covering your facilities located on our property consisting of longitudinal occupation of one 42-inch sewer pipe along Oakfield Secondary Track between Valuation Stations 2213+670 and 2215+330, located between 3.92 and 4.24 miles west of Bowmans-ville, New York.

Please arrange to have all copies executed, attested and your seal affixed, after which return them to this office for execution by us. A fully executed copy will be returned to you in due course.

Your draft in the amount of \$ /3,900. to cover the preparation and/or consideration fee under this agreement is to be forwarded when all copies of the agreement are returned to this office.

PLEASE NOTE CLAUSE 18 WHICH REQUIRES THAT A CERTIFIED COPY OF A RESOLUTION OR ORDINANCE, WITH SEAL AFFIXED, BE ATTACHED AND MADE A PART OF ALL COPIES WHEN THE AGREEMENT IS RETURNED TO US.

It is important that the above procedures be carefully followed as no work on our property can begin until you are in receipt of the fully executed agreement.

Your attention is directed to Paragraph / 9of the attached agreement concerning its validity relative to approval of the method of installation of this facility.

Hr. P. A. Mainquist, Engineer of Construction, Pittsburgh, Pa.
Telephone: 412-471-6000, x565 is the designee of the Chief Engineer, Design and Construction and must be contacted by you to obtain his approval of the necessary details. Any questions which may arise should be directed to the aforementioned designee.

MUST PROVIDE NECESSARY RAILROAD PROTECTIVE LIABILITY INSURANCE.

## TRANSVERSE CROSSINGS AND LONGITUDINAL OCCUPATIONS

THIS AGREEMENT, made this

27th

day of September , 19 77

between

CONSOLIDATED RAIL CORPORATION, a Pennsylvania Corporation -

party of the first part (hereinafter called "Railroad") and TOWN (Political Sub-Division of the State of New York

TOWN OF CHEEKTOWAGA, a

____, as party of the second part (hereinafter called "Licensee").

WITNESSETH, that the said Railroad (which when used herein shall include any lessor, successor or assignee of or operator over its railroad) insofar as it has the legal right and its present title permits, and in consideration of the covenants and conditions hereinafter stated on the part of the Licensee to be kept and performed, hereby permits, as a temperary license, the Licensee to construct, maintain, repair, alter, renew, relocate and ultimately remove a longitudinal occupation of one (1) 42-inch reinforced concrete sanitary sewer pipe, together with four (4) manholes, through the lands and under, across and along the roadway and tracks of the Oakfield Secondary Track of Railroad (formerly held by The New York Central Railroad Company) entering right of way at Valuation Station 2213+670+ and travels in a westerly direction to Valuation Station 2214+045+, where facility leaves right of way; continues in a westerly direction, where at a point opposite Valuation Station 2214+130+, said facility, encased in a 60-inch reinforced concrete pipe crosses under a private side track, from which point, facility continues in a westerly direction, re-entering right of way at Valuation Station 2214+240+ and continues to Valuation Station 2215+330+, where said facility leaves property located between 1350 and 3010 feet west of Mile Post 419, at a point between 3.92 and 4.24 miles west of the Station of Bowmansville, Eric County, New York.

in accordance with construction plans 5 and 6 of 29 submitted by Licensee to and approved by the Chief Engineer of Railroad, incorporated herein by reference; also in accordance with current issues of Railroad Specifications Nos. CE 4 and/or CE 8; and shown on Plan No. C-1061 (3) , dated September 15, 1976, marked Exhibit "A", attached hereto and made a part of this Agreement, all and any part thereof being hereafter referred to as the "FACILITIES"; said license, however, shall be under and subject to the following terms, covenants, and conditions as hereinafter recited, which are hereby accepted and agreed to, by the Licensee, to wit:

- 1. The Licensee shall pay to the Railroad upon the execution hereof, the sum of Thirteen Thousand Nine HundredDollars (\$13,900.00) as reimbursement for the rights granted in this Agreement.
  - 2. (a) The FACILITIES shall be located, constructed and maintained in exact accordance with said construction plans and for the purpose as outlined on Page 1. No departure shall be made at any time therefrom except upon permission in writing granted by the Chief Engineer of Railroad, or his designee, provided, however, that if any commission or other regulatory body duly constituted and appointed in compliance with the laws of the State in which the crossing or occupancy herein provided is situate, and having jurisdiction in the premises, has by ruling or other general order determined and fixed the manner and means of construction, maintenance, repair, alteration, renewal, relocation or removal thereof, then said ruling or general order shall prevail for the crossing or occupancy herein mentioned.
  - (b) The work of constructing, maintaining, repairing, altering, renewing, relocating or removing the said FACILITIES shall be done under such general conditions as will be satisfactory to and approved by the Chief Engineer of Railroad, or his designee, and as will not interfere with the proper and safe use, operation and enjoyment of the property of the Railroad. Licensee, at its own cost and expense, shall, when performing any work in connection with the FACILITIES, furnish any necessary watchmen to see that men, equipment and materials are kept a safe distance away from the tracks of the Railroad.
  - (c) In addition to, but not in limitation of any of the foregoing provisions, if at any time the Railroad should deem flagmen or watchmen desirable or necessary to protect its operations or property, or its employees, patrons or Licensees during the work of construction, maintenance, repair, alteration, renewal, relocation or removal of said FACILITIES of Licensee, the Railroad shall have the right to place such flagmen or watchmen at the sole risk, cost and expense of Licensee, which covenants and agrees to bear the full cost and expense therof and to promptly reimburse the Railroad upon demand. The furnishing or failure to furnish flagmen or watchmen by the Railroad, however, shall not release the Licensee from any and all other liabilities assumed by the Licensee under the terms of this Agreement.
  - 3. If the Licensee desires or is required, as herein provided, to revise, renew, add to or alter in any manner whatsoever the aforementioned FACILITIES, it shall submit plans to Railroad and obtain the written approval of the Chief Engineer of Railroad thereto before any work or alteration of the structure is performed and the terms and conditions of this Agreement with respect to the original construction shall apply thereto. In that event, Railroad reserves the right to assess additional charges.
  - 4. (a) The Licensee shall at all times be obligated to promptly maintain, repair and renew said FACILITIES; and shall, upon notice in writing from Railroad and requiring it so to do, promptly make such repairs and renewals thereto as may be required by Railroad; or the Railroad, for the purpose of protecting and safeguarding its property, traffic, patrons or employees from damage or injury, may with or without notice to the Licensee at any time make such repairs and renewals thereto and furnish such material therefor as it deems adequate and necessary, all at the sole cost and expense of Licensee.
  - (b) In the event of an emergency, Licensee will take immediate steps to perform any necessary repairs, and in the event Licensee fails so to do, Railroad will perform said necessary repairs at the sole cost and expense of Licensee.

- 5: (a) The supervision over the location of the construction work and inspection of the FACILITIES and the approval of the material used in construction, maintenance, repair, alteration, renewal, relocation and removal of the aforesaid FACILITIES covered by this Agreement shall be within the jurisdictional rights of the Railroad.
- (b) The right of supervision over the location of the construction work and inspection of the FACILITIES from time to time thereafter by the Railroad, shall extend for an appropriate distance on each side of the property of the Railroad as the method of construction and materials used may have an important bearing upon the strength and stability of the FACILITIES over, under, upon, or in the property of the Railroad.
- 6. Licensee shall comply with all Federal, State and local laws, and assume all cost and expense and responsibility in connection therewith, without any liability whatsoever on the part of the Railroad.
- 7. (a) It is understood between the parties hereto that the operations of the Railroad at or near said FACILITIES involve some risk, and the Licensee as part of the consideration for this license hereby releases and waives any right to ask for or demand damages for or account of loss of or injury to the FACILITIES (and contents thereof) of the Licensee that are over, under, upon, or in the property and facilities of the Railroad including the loss of or interference with service or use thereof and whether attributable to the fault, failure or negligence of the Railroad or otherwise.
- (b) And the Licensee also covenants and agrees to and shall at all times indemnify, protect and save harmless the Railroad from and against all cost or expense resulting from any and all losses, damages, detriments, suits, claims, demands, costs and charges which the said Railroad may directly or indirectly suffer, sustain or be subjected to by reason or on account of the construction, placement, attachment, presence, use, maintenance, repair, alteration, renewal, relocation or removal of said FACILITIES in, on, about or from the premises of Railroad whether such losses and damages be suffered or sustained by the Railroad directly or by its employees, patrons, or licensees, or be suffered or sustained by other persons or corporations, including the Licensee, its employees and agents who may seek to hold the Railroad liable therefor, and whether attributable to the fault, failure or negligence of the Railroad or otherwise, except when proved by Licensee to be due directly to the sole negligence of the Railroad.
- (c) If a claim or action is made or brought against either party and for which the other party may be responsible hereunder in whole or in part, such other party shall be notified and permitted to participate in the handling or defense of such matter.
- 8. All cost and expenses in connection with the construction, maintenance, repair, alteration, renewal, relocation and removal of said FACILITIES shall be borne by the Licensee, and in the event of work being performed or material furnished by Railroad under the stipulated right to perform such work of construction, maintenance, repair, alteration, renewal, relocation or removal under any section hereof, Licensee agrees to pay to the Railroad the actual cost of material plus the current applicable overhead percentages for storage, handling, transportation, purchasing and other related material management expenses and the actual cost of labor plus the current applicable overhead percentages as developed and published by the accounting department of Railroad for fringe benefits, payroll taxes, administration, supervision, use of tools, machinery and other equipment, supplies, employers liability insurance, public liability insurance, and other insurance, taxes and all other indirect expenses. It is to be understood that the aforementioned material and labor overhead charges are to be applied at the rates which are effective at the time of the performance of any work by employees of the Railroad on the said FACILITIES. Licensee agrees to pay such bills within thirty (30) days of the presentation thereof by Railroad.
- 9. The Licensee shall, at its sole cost and expense, upon request in writing of the Railroad, promptly change the location of said FACILITIES covered by this Agreement, where located over, upon or in the property and facilities of the Railroad, to another location, to permit and accommodate changes of grade or alignment and improvement in or additions to the facilities of the Railroad upon land now or hereafter owned or used by the Railroad to the intent that said construction shall at all times comply with the terms and conditions of this Agreement with respect to the

original coastruction; or in the event of the lease, sale or disposal of the premises or any part thereof encumbered by this license, then the said Licensee shall make such adjustments or relocations in its facilities as are over, upon or in the property and facilities of the Railroad as may be required by the said licilroad or its grantee; and if the Licensee shall fail or refuse to comply therewith, then the duly authorized agents of the Railroad may make such repairs or adjustments or changes in location and provide necessary material therefor.

- 10. Upon termination of this Agreement or upon the removal or abandonment of the FACILITIES covered hereby, all the rights, title and interest of the Licensee hereunder shall cease and determine, and this instrument shall thereupon become and be null and void, without any liability on the part of either party to the other party except only as to any liability accrued prior thereto, and the Licensee shall remove its said FACILITIES and appurtenances from Railroad property and right-of-way, and all property of the Railroad shall be restored in good condition and to the satisfaction of the Railroad. If the Licensee fails or refuses to remove its FACILITIES and appurtenances under the foregoing conditions, the Railroad shall be privileged to do so at the cost and expense of the Licensee, and the Railroad shall not be liable in any manner to the Licensee for said removal.
- 11. In the event the FACILITIES consist of an underground occupation, Licensee will be responsible for any settlement caused to the readbed, right of way and/or tracks, facilities, and appurtenances of the Railroad arising from or as a result of the installation of the said FACILITIES for a period of one (1) year subsequent to the date of completion of the installation, and Licensee agrees to pay to Railroad on demand the full cost and expense therefor.
- 12. In the event the said FACILITIES consist of electrical power or communication wires and/or appurtenances, the Licensee shall at all times be obligated promptly to remedy any inductive interference growing out of or resulting from the presence of its FACILITIES; and if the Licensee should fail so to do, then Railroad may do so, and the Licensee agrees to pay to Railroad on démand the full cost and expense therefor.
- 13. As part of the consideration of the within Agreement, Licensee covenants and agrees that no assessments, taxes or charges of any kind shall be made against Railroad or its property by reason of the construction of said FACILITIES of Licensee, and Licensee further covenants and agrees to pay to Railroad promptly upon bills rendered therefor the full amount of any assessments, taxes or charges of any kind which may be levied, charged, assessed or imposed against the Railroad or its property by reason of the construction and maintenance of said FACILITIES of Licensee.
- 14. The rights conferred hereby shall be the privilege of the Licensee only, and no assignment or transfer hereof shall be made, or other use be permitted than for the purpose stated on page one without the consent and agreement in writing of the Railroad being first had and obtained.
- 15. This Agreement shall be terminable upon mutual consent of the parties hereto, provided that this Agreement may be terminated by the Railroad upon the violation of any of the terms, covenants and conditions of this Agreement on the part of the Licensee.
  - 16. This Agreement shall take effect as of the First day of October A.D. 19 77, subject to the provisions of Paragraph 19.
- 17. Anything herein contained to the contrary notwithstanding, there shall be no obligation on the part of the Railroad to continue operation of the line of railroad in the vicinity of the FACILITIES to prevent the termination of the Licensee's eccupation rights at any crossing or occupation covered hereunder on account of an abandonment of line or service by the Railroad; nor shall there be any obligation upon the Railroad to perfect its title in order to continue in existence the said occupation rights after such abandonment of line or service.

18. This Agreement is authorized to be entered into by Resolution, or Ordinance No.

Adopted Nov E/ 1977

A TOWN BOARD OF LIKENSES

a Certified Copy of which is

19. This Agreement will not become valid until the method of installation and all related matters have been approved by the Chief Engineer - Design & Construction of Railroad or his duly designated representatives.

The terms of this Agreement shall be binding and effective upon all the parties hereto, and unless and until terminated, as hereinbefore provided, this Agreement shall inure to the benefit of and be binding upon the parties hereto, their successors and assigns, subject, however, to the provisions of Article 14 of this Agreement.

IN WITNESS WHEREOF, the said parties hereto have caused this Agreement to be duly executed and delivered as of the day and year first above written.

Item No. 48 Authorization to sign deed regarding Village of Williamsville annexation.

Motion by Councilman Kaczmarek, seconded by Councilman Dux

WHEREAS, the Town of Cheektowaga and the Village of Williamsville have previously completed proceedings relative to the annexation of a portion of the Town which included Creek Heights and Ellicott Creek Road (now Creek Road) and said annexation was completed under the various proceedings required by law and also included an Agreement between the Town of Cheektowaga and the Village of Williamsville which Agreement is dated April 1, 1970, and

WHEREAS, said Agreement was part of a resolution of the Town Board which was adopted on May 4, 1970; and said Agreements required the Town to:

". . . convey to the Village, by warrant deed, the public highways and roads in the area to be annexed as more fully described in a legal description attached to the Petition of Annexation, to wit: Ellicott Creek Road (now Creek Road) and Creek Heights."

now, THEREFORE, BE IT

RESOLVED that the Supervisor be and hereby is authorized to execute a warranty deed as required by the above mentioned Agreement, a copy of said deed being attached hereto and made a part hereof.

* See next page for Deed.

## Town of Cheektowaga

TOWN HALL - BROADWAY AND UNION ROAD - CHEEKTOWAGA, NEW YORK 14227

CHESTER L. BRYAN, P.E. TOWN ENGINEER 716-683-2200

November 16, 1977

TO THE SUPERVISOR AND HONORABLE TOWN BOARD MEMBERS TOWN OF CHEEKTOWAGA

RE: Marrano Drive-Kelly Park Drainage Project Phase I

## Gentlemen:

At the regular Town Board Meeting of October 17, 1977, bids were received and opened for the construction of the Marrano Drive-Kelly Park Drainage Project - Phase I. Bids as received were as follows:

C.M.H. Company, Inc.	\$158,070.00
Cimato Brothers, Inc.	\$175,477.00
Freeway Contracting Co., Inc.	\$222,991.00
Marin Concrete Co., Inc.	\$319,046.00
Destro Brothers	\$379,270.00

Bids were reviewed by the consulting firm of Nussbaumer and Clarke, Inc. who prepared the specifications. It is recommended that the bid be awarded to C.M.H. Company, Inc., ll Tristan Lane, Buffalo, New York 14221, for the submission of the lowest bid in the amount of \$158,070.00. This is the lowest bid meeting the requirements of the specifications.

Very truly yours,

## II. PUBLIC HEARINGS

Item No. 3 This was the time and place advertised for a public hearing to consider the advisability of improving a portion of the highway known as St. Felix Street, said portion located between the south line of Wojcik Street extending south to the north line of Columbus Street; portion to be improved shall be both sides of that portion of St. Felix Street by construction of Upright Concrete Curbs, Concrete Driveway Aprons, and Grading and Seeding.

The Supervisor directed the Town Clerk to present proof of the publication and posting of the notice of hearing. The Town Clerk presented proof that such notice has been duly published and posted, and upon the order of the Supervisor such proof was duly filed.

The Supervisor announced that the Town Board would hear all persons interested in the subject of the hearing. Comments were heard, after which the Supervisor declared the hearing closed; decision was reserved.

Item No. 4 This was the time and place advertised for a public hearing to consider the advisability of adopting amendments to the Zoning Ordinance of the Town of Cheektowaga, New York. The Supervisor directed the Town Clerk to present proof of the publication and posting of the notice of hearing. The Town Clerk presented proof that such notice has been duly published and posted, and upon the order of the Supervisor such proof was duly filed. Said proposed amendments being as follows:

1. RESOLVED THAT ARTICLE II - RESIDENCE DISTRICT REGULATIONS, Section 2-01 B.5, which relates to a private swimming pool as an accessory use in a R-Residence District, and which reads:

"5. Private swimming pool, provided that it is located in the rear of the

## Item No. 4 Cont'd.

front set-back line and does not occupy any part of a required side yard. In the case of any private, non-movable swimming pool more than 24 inches in depth, the pool deck or the immediate surrounding yard shall be completely enclosed by a chain link fence or a substitute type of fence, approved by the Town Engineer, which offers the same degree of security against accidental or unauthorized entry. Such fence shall be at least 5 feet in height and entrance gates shall be kept locked when no one is on the premises."

shall be amended by deleting the word "non-movable" and by changing the height of the required fence from "at least 5 feet in height" to "at least 4 feet in height."

- 2. RESOLVED THAT ARTICLE III BUSINESS DISTRICT REGULATIONS, Section 3-11 A.10.(c), which relates to permitted uses in a General Commercial District, and which reads:
  - "10. The following uses provided they are conducted within a completely enclosed building or within an area enclosed by a solid fence or wall."
  - "(c) Small animal hospital located at least 100 feet from any R District boundary."
- shall be amended so that subdivision (c) reads:
  - (c) Dog grooming and small animal hospital located at least 100 feet from any R District boundary.
- 3. RESOLVED THAT ARTICLE V OFF STREET PARKING REGULATIONS, Section 5-04(g), which relates to the required number of off-street parking spaces for businesses, professional offices and banks, and which reads:
  - "(g) Other business or professional offices or banks 1 space for each 200 square feet of gross floor area."
- shall be amended so that subdivision (g) reads:
  - (g) Other business, including barber shops and beauty shops, or professional offices or banks 1 space for each 200 feet of gross floor area.
- 4. RESOLVED THAT ARTICLE XI DEFINITIONS, Section 11-00, Subdivisions 7, 9 and 10, which read:
  - "7. Any reference to an "R" District shall be interpreted to mean "R", "RA", and "RC" Districts."
  - "9. Any reference to a "C" District shall be interpreted to mean "C" or "CM" Districts.
  - "10. Any reference to an "M" District shall be interpreted to mean "M1" and "M2" Districts."
- shall be repealed; and that a new subdivision 7 be enacted, and read as follows:
  - 7. Any reference to R, C, or M Districts without further specification, such as RA, RC, CM, M1, or M2, shall be interpreted as Residence, Business, and Manufacturing Districts as defined in Section 1-11 Establishment of Zoning Districts; provided however, that this interpretation in no way abrogates the intent of Section 1-40 Interpretation of Permitted Uses, nor shall it indicate that any District with a R, C, or M prefix permits the same uses as any other District with the same prefix unless the use or uses are so listed as a permitted use or uses. This provision is particularly designed to ensure that the M1 District uses are conducted within a completely enclosed building.

The Supervisor announced that the Town Board would hear all persons interested in the subject of the hearing. Comments were heard, after which the Supervisor declared the hearing closed; decision was reserved.

#### III. RESOLUTIONS

Item No. 5 Lease Management Agreement between Town of Cheektowaga and Erie County Water Authority re: Water Districts #9 and #10.
Item Withdrawn!

Item No. 6 Motion by Councilman Swiatek, seconded by Councilman Burst

WHEREAS, a proposed Agreement has been submitted between the Town of Cheektowaga and Rand R. Vending, Ltd. for the installation of vending machines at the Cheektowaga Recreation Center, and

WHEREAS, the terms of the Agreement are acceptable to the parties thereto, now, therefore, BE IT

RESOLVED that the Supervisor be and hereby is authorized and directed to sign said Agreement on behalf of the Town of Cheektowaga.

*See next eight (8) pages for copy of Agreement

## LICENSE AGREEMENT

day of _______, 1977, by and between the TOWN OF CHEEK-TOWAGA, ERIE COUNTY, NEW YORK, a domestic municipal corporation having its principal place of business at Broadway and Union Road, Cheektowaga, New York, hereinafter referred to as the TOWN

## and

RAND R VENDING, LTD., a domestic corporation duly organized under the laws of the State of New York, having its principal office for the transaction of business at 176 Pleasant View Drive, Lancaster, New York, hereinafter referred to as the VENDOR.

## WITNESSETH:

WHEREAS, the Town is the owner of the Cheektowaga Recreation Center located in the Cheektowaga Town Park, Cheektowaga, New York; and

WHEREAS, the VENDOR has submitted an acceptable proposal for the installation of vending machines in said Recreation Center.

NOW, THEREFORE, IT IS AGREED BY AND BETWEEN THE PARTIES HERETO AS FOLLOWS:

1. <u>License</u>. The Town hereby grants the VENDOR the exclusive right and privilege to sell the hereinafter specified

food products through automatic vending machines at the Cheektowaga Recreation Center, Cheektowaga Town Park, Cheektowaga, New York.

- 2. <u>Term</u>. The term of the license hereby granted to the VENDOR shall be one (1) year from the date hereof.
- 3. Renewal. This Agreement shall be automatically renewed for another one (1) year period, unless either party gives written notice of cancellation to the other party at least thirty (30) days prior to the expiration of the original term hereof.
- 4. <u>Location</u>. The vending machines shall be located in the concession room in the said Recreation Center, and at such other locations in said Recreation Center as may be mutually agreed upon between the Parks/Recreation Committee of the Town of Cheektowaga and the VENDOR.
- 5. <u>Installation</u>. The VENDOR shall only install, without cost to the TOWN, coffee, soft drink, candy, snack, ice cream and dollar bill changer vending machines at the aforementioned location, and such other vending machines as may be mutually agreed upon between the Parks/Recreation Committee of the Town of Cheektowaga and the VENDOR.
- 6. Maintenance and Supply. The vending machines shall be placed, maintained and serviced by the VENDOR, at its own expense, so as to insure that such machines are kept in good working order and condition and are clean and sanitary.
  - (b) The VENDOR, at all times, will maintain and

supply such machines with a sufficient quantity of food and drink products to meet the requirements of the users of the recreational facilities at the said Cheektowaga Recreation Center.

- (c) The TOWN will, without cost to the VENDOR, supply the machines with the electric current necessary for their operation.
- 7. Service Personnel. The VENDOR's service personnel shall be properly dressed and shall observe all regulations in effect at the said Cheektowaga Recreation Center. In addition, the VENDOR's service personnel shall have proper identification which may be required for entrance to or exit from the said Cheektowaga Recreation Center.
- 8. <u>Waste</u>. The TOWN shall keep the concession room, and any other area where vending machines are located in a clean and sanitary condition; and all rubbish, waste and garbage, wet or dry, shall be kept in a tightly covered container or containers provided by the TOWN and removed from the Recreation Center by the TOWN.
- 9. <u>Signs</u>. The VENDOR shall not post any signs of any type whatsoever, other than on the inner or inside area of the concession room; and any permitted sign(s) shall not be attached to the inner walls or parts thereof without first obtaining the written permission of the Parks/Recreation Committee of the Town of Cheektowaga.

- 10. <u>Structural Alterations</u>. The VENDOR shall not make any structural alterations or changes in the concession room, or any other area where vending machines are located, nor shall any fixtures or equipment be affixed to the building without first obtaining the written permission of the Parks/Recreation Committee of the Town of Cheektowaga.
- 11. Termination. The VENDOR shall return the concession room, and any other area where vending machines are located, at the termination of this Agreement, in the same condition as at the commencement of the term thereof, normal wear and tear excepted.
- 12. <u>Force Majeure</u>. No adjustment shall be made in VENDOR's favor, nor may any claim by it against the TOWN be based, upon any shut-down of the said Recreation Center caused by weather faulty construction or equipment, or for any reason whatsoever other than by the gross negligence of the TOWN.
- 13. Compliance with Laws. The VENDOR shall comply with all laws, ordinances, rules and regulations pertaining to the installation and operation of the vending machines, and to the sanitary handling of food and drink products sold through such vending machines, and will hold the TOWN free and harmless against any fine, penalty, or damage for any actual or alleged failure on the part of the VENDOR to comply therewith. The VENDOR shall pay all installation and license fees, if any, with respect to such vending machines.

- 14. Assignment. This Agreement shall not be assigned by either party without the prior written consent of the other party.
- 15. Risk of Loss. The VENDOR shall assume all risk of loss to property owned, leased or used by it, whether arising out of loss by fire, theft, inclemency of weather or otherwise.
- 16. <u>Insurance</u>. The VENDOR shall take out, assume, maintain and pay for public liability insurance, in an amount determined sufficient by the TOWN, indemnifying and holding the TOWN free and harmless against any and all claims arising out of the operation of such vending machines upon the premises of the TOWN and the sale of food a drink products therefrom; said liability insurance is to include "products liability" coverage.
- 17. Records. The VENDOR shall maintain complete records of all products sold through such vending machines and the gross proceeds for each class of product, and shall permit such records to be examined by the TOWN or its representative at all reasonable times.
- 18. Payment Schedule. The VENDOR shall pay the TOWN the total commissions on the gross proceeds for all products sold, computed on the basis of the applicable percentages hereinafter specified, as follows:

1st Payment: December 5, 1977 to December 31, 1977
Accounting and commission payment due
30 days after the end of the fiscal
quarter. (Due date-January 30, 1978)

1st Quarter: January 1, 1978 to March 31, 1978
Accounting and commission payment due

30 days after the end of the fiscal quarter. (Due date - July 30, 1978)

2nd Quarter: April 1, 1978 to June 30, 1978
Accounting and commission payment
due 30 days after the end of the
fiscal quarter. (Due date - July 30,
1978)

3rd Quarter: July 1, 1978 to September 30, 1978
Accounting and commission payment
due 30 days after the end of the
fiscal quarter. (Due date - October 30,
1978)

4th Quarter: October 1, 1978 to December 31, 1978
Accounting and commission payment due
30 days after the end of the fiscal
quarter. (Due date - January 30, 1979)

19. <u>Commissions</u>. The VENDOR shall pay to the TOWN the following percentages on the gross proceeds for each class of product:

- (a) 30% of the gross proceeds after sales tax on the sale of coffee
- (b) 30% of the gross proceeds after sales tax on the sale of soft drink
- (c) 15% of the gross proceeds after sales tax on the sale of candy
- (d) 15% of the gross proceeds after sales tax on the sale of snack, and
- (e) 15% of the gross proceeds after sales tax on the sale of ice cream
- 20. General. This Agreement contains the entire agreement between the parties hereto, and there are no understandings, agreements or representations, express or implied, not specified herein respecting this Agreement; and no change or modification of this Agreement shall be valid unless the same shall be in writing and signed by the parties hereto.

IN WITNESS WHEREOF, the parties hereto have hereunto

set their hands and seals the day and year first above written.

TOWN HALL - BROADWAY AND UNION ROAD - CHEEKTOWAGA, NEW YORK 14227

ESTER L. BRYAN, P.E. TOWN ENGINEER 716-683-2200

November 22, 1977

TO THE SUPERVISOR AND HONORABLE TOWN BOARD MEMBERS TOWN OF CHEEKTOWAGA

Re: Rosary Blvd. Drainage Project

### Gentlemen:

At the regular Town Board Meeting on October 3, 1977, bids were received and opened for the construction of the Rosary Blvd. Drainage Project. Nine (9) bids were received as follows:

Marin Concrete Co., Inc.	\$ 319,258.75
Cimato Bros. Inc.	330,880.00*
C M H Co., Inc.	348,380.00*
Robert A. Caldwell Trenching & Excavating, Inc.	349,344.40*
Freeway Contracting Co., Inc.	379,445,00
Northern Demolition, Inc.	386,455.00*
Caradori Construction Co., Inc.	405,407.50*
SeaCoast Construction Corp.	449,575.00
Site Contractors Inc.	574,305.00

### * bids corrected for errors

In their letter dated October 10, 1977 to the Supervisor, Nussbaumer & Clarke, Inc., the consultants, advised that in correcting bid calculations, the then-apparent low bid of Cimato Bros. Inc. was increased. This resulted in the Marin Concrete Co., Inc. bid becoming the lowest bid.

These bids were reviewed with Supervisor Meyers, Town Attorney, John Rogowski and Nussbaumer & Clarke, Inc.

### SUPERVISOR AND TOWN BOARD MEMBERS

It was the legal opinion that the bids were properly corrected for errors in calculations by Nussbaumer & Clarke, Inc. and that the low bid is that submitted by Marin Concrete Co., Inc. The recommendation is that the bid be awarded to Marin Concrete Co., Inc. for their bid of \$319,258.75, it being the lowest bid meeting the requirements of the specifications.

Very truly yours,

TOWN OF CHEEKTOWAGA

Chester L. Bryan, P.E. Town Engineer

Richard Al. Moleski, Town Clerk

RE: App

Approval of plans for Cathedral Heights Subdivision 176 Sublots

### Gentlemen:

Mr. C. Bryan, the town engineer, Mr. T. Skowron, the Highway engineer, and I have checked the plans for Cathedral Heights Subdivision, and find that they conform with the specifications set forth by the Town of Cheektowaga, including the following:

- 1. Concrete, as well as coated corrugated metal pipe, storm sewer pipe for main storm sewer, with proper appurtenances as specified on detailed sheet.
- 2. A tree must be planted by the builder in front of each home, between the sidewalk and curb, within a year after the home is built. The type of tree is to be specified by the Town highway department.
- 3. Construction of roads is to be performed to current highway specifications as shown on subdivision plans. The roads described as follows:

PHILLIP DR. - 60' R.O.W., 583.23' long, Sublots 1-7 and 70-76.

THOMAS DR. - 60' R.O.W., 135' long, sublots 54-55.

BARBADOS DR. - 60' R.O.W., 4205.56' long, sublots 42-70, 7-42, 77-88, 111-135, 176 & 161 & 160 also 99 & 100.

JEROME DR. - 60' R.O.W., 1602.36' long, sublots 135-176

WOODGATE DR. - 60' R.O.W., 847.47' long, sublots 30 & 31, also 88-111.

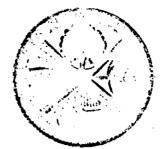

4. Before final acceptance of streets, the essential storm sewer easements must be recorded and filed.

"When better roads are built — Cheektowaga will build them"

Page 2 - RE: Approval of plans for Cathedral Heights Subdivision

No building permits are to be issued until after the deed and bond (maintenance) are properly filed with the Town of Cheektowaga and the Highway Superintendent, upon receipt of deed and bond will notify the Building inspector, and he may then issue permits for building. These permits are to specify that a tree must be planted per highway specifications.

All requirements being met, I recommend approval of construction plans as they have been filed with the Town Engineer's office and this office.

Very truly yours,

TOWN OF CHEEKTOWAGA

DATED - December 19, 1977.

DATED: December 19, 1977 · RICHARD M. MOLESKI **Town Clerk** 

Item No. 9 Motion by Supervisor Meyers, seconded by Councilman Wasielewski

WHEREAS, the Planning Board of the Town of Cheektowaga has recommended that certain provisions of the "Zoning Ordinance of the Town of Cheektowaga, New York" be amended, and

WHEREAS, the Town Board duly called a public hearing to consider the advisability of adopting said amendments to said Zoning Ordinance and gave due notice thereof as required by law; and

WHEREAS, a public hearing on said proposed amendments was duly held by this Town Board at the Cheektowaga Town Hall, corner of Broadway and Union Road, Cheektowaga, New York on the 5th day of December, 1977 at 7:00 o'clock P.M., Eastern Standard Time; and at which hearing all parties in interest and citizens had an opportunity to be heard, and were heard, and

WHEREAS, it is in the public interest to adopt the following amendments to the "Zoning Ordinance of the Town of Cheektowaga, New York" as set forth below.

NOW, THEREFORE, BE IT RESOLVED, that the "Zoning Ordinance of the Town of Cheektowaga, New York" be and the same hereby is amended and changed, as follows:

- 1. RESOLVED THAT ARTICLE II RESIDENCE DISTRICT REGULATIONS, Section 2-01 B.5, which relates to a private swimming pool as an accessory use in a R-Residence District, and which reads:
  - "5. Private swimming pool, provided that it is located in the rear of the front set-back line and does not occupy any part of a required side yard. In the case of any private, non-movable swimming pool more than 24 inches in depth, the pool deck or the immediate surrounding yard shall be completely enclosed by a chain link fence or a substitute type of fence, approved by the Town Engineer, which offers the same degree of security against accidental or unauthorized entry. Such fence shall be at least 5 feet in height and entrance gates shall be kept locked when no one is on the premises."

shall be amended by deleting the word "non-movable" and by changing the height of the required fence from "at least 5 feet in height" to "at least 4 feet in height."

- 2. RESOLVED THAT ARTICLE III BUSINESS DISTRICT REGULATIONS, Section 3-11A. 10.(c), which relates to permitted uses in a General Commercial District, and which reads:
  - "10. The following uses provided they are conducted within a completely enclosed building or within an area enclosed by a solid fence or wall."
  - "(c) Small animal hospital located at least 100 feet from any R District boundary."

shall be amended so that subdivision (c) reads:

- (c) Dog grooming and small animal hospital located at least 100 feet from any R District boundary.
- 3. RESOLVED THAT ARTICLE V OFF STREET PARKING REGULATIONS, Section 5-04(g), which realtes to the required number of off-street parking spaces for businesses, professional offices and banks, and which reads:
  - "(g) Other business or professional offices or banks 1 space for each 200 square feet of gross floor area"

shall be amended so that subdivision (g) reads:

- (g) Other business, including barber shops and beauty shops, or professional offices or banks
- 1 space for each 200 feet of gross floor area.
- 4. RESOLVED THAT ARTICLE XI DEFINITIONS, Section 11-00, Subdivisions 7, 9 and 10 which read:

### Item No. 9 cont'd

- "7. Any reference to an "R" District shall be interpreted to mean "R", "RA", and "RC" Districts."
- "9. Any reference to a "C" District shall be interpreted to mean "C" or "CM" Districts."
- "10. Any reference to an "M" District shall be interpreted to mean "M1" and "M2" Districts."
- shall be repealed; and that a new subdivision 7 be enacted and read as follows:
  - 7. Any reference to R, C, or M Districts without further specification, such as RA, RC, CM, Ml, or M2, shall be interpreted as Residence, Business, and Manufacturing Districts as defined in Section 1-11 Establishment of Zoning Districts; provided however, that this interpretation in no way abrogates the intent of Section 1-40 Interpretation of Permitted Uses, nor shall it indicate that any District with a R, C, or M prefix permits the same uses as any other District with the same prefix unless the use or uses are so listed as a permitted use or uses. This provision is particularly designed to ensure that the Ml District uses are conducted within a completely enclosed building.

BE IT FURTHER RESOLVED, that a copy of this resolution be entered in the minutes of the meeting of the Town Board of the Town of Cheektowaga held on December 19, 1977; and that a certified copy thereof be published in the CHEEKTOWAGA TIMES, a newspaper published in the Town of Cheektowaga and having a general circulation therein.

That the Town Clerk post or cause to be posted on the signboard maintained by him at the entrance of the Town Clerk's Office a certified copy of this resolution, and affidavits of publication and posting thereof shall be filed with the Town Clerk.

The aforementioned amendments to the "Zoning Ordinance of the Town of Cheektowaga, New York" shall take effect ten (10) days after such publication and posting, but such amendments shall take effect from the date of their service as against a person served personally with a copy thereof certified by the Town Clerk under the corporate seal of the Town and showing the date of their passage and entry into the minutes.

Item No. 10 Motion by Supervisor Meyers, seconded by Councilman Wasielewski

WHEREAS, Tri-Electronics Corp., Francis M. Kindel, President, has applied for a rezoning from C-Retail Business District to Ml-Light Manufacturing District on property located at 390 Cayuga Road, and being more particularly described as follows:

ALL THAT TRACT OR PARCEL OF LAND, situate in the Town of Cheektowaga, County of Erie and State of New York being part of Lot Number 14, Township 11, Range 7 of the Holland Land Company's Survey and bounded and described as follows:

BEGINNING at the point of intersection of the west line of Cayuga Road as a road 100 feet wide and the south line of Nobhill Subdivision as shown on a map filed under cover 1628; thence southerly along the west line of Cayuga Road 261.43 feet; thence westerly at right angles 175 feet; thence northerly at right angles 30 feet; thence westerly at right angles 188.32 feet more or less to the west line of lands conveyed to Sophia Fest by deed recorded in Liber 4454 of Deeds at page 359; thence northerly along the west lines of Sophia Fest as conveyed by above mentioned deed 239 feet more or less to a point in the south line of the Nobhill Subdivision as shown on a map filed under Cover 1628 at a point therein distant, 373.36 feet westerly from the point of beginning; thence easterly along the south line of Nobhill Subdivision 363.36 feet westerly from the point of beginning; thence easterly along the south line of Nobhill Subdivision 363.36 feet to the point or place of beginning.

BEING the same premises as heretofore conveyed by JOSEPH M. NASCA, Trustee in Bankruptcy of E.R. Granda Construction Co., Inc., to STEPHEN POULOS and ROSE POULOS, His Wife, dated December 19, 1961 and recorded in the Erie County Clerk's Office on the 19th day of December, 1961 in Liber 6728 of Deeds at Page 390.

and to amend the Zoning Map and Ordinance accordingly, pursuant to Section 10-00 of the Zoning Ordinance of the Town of Cheektowaga, New York, and

WHEREAS, a public hearing was held before the Cheektowaga Town Board on the 21st day of November, 1977 at 6:30 o'clock p.m., Eastern Standard Time after publication of the notice as required by the provisions of the Town Ordinance and the Town Law of the State of New York and all interested parties were given an opportunity to be heard at said hearing, and

WHEREAS, the Cheektowaga Planning Board has no objection to the granting of this rezoning contingent on the Building Inspector ascertaining that there is sufficient space to take care of the parking requirements for the present and proposed facility with special attention to the open space requirements as called for by Sections 4-032 and 4-033 of the Town Zoning Ordinance, and

WHEREAS, it appears that the proposed rezoning would not interfere with the use and enjoyment of the surrounding area by the owners or occupants thereof, NOW, THEREFORE, BE IT

RESOLVED that the said rezoning is granted subject to the provisions of Section 10-00 of the Zoning Ordinance of the Town of Cheektowaga and the requirements of Sections 4-032 and 4-033 (Open Space Requirements), and BE IT FURTHER

RESOLVED that the above described premises be and hereby are rezoned from C-Retail Business District to Ml-Light Manufacturing District, and BE IT FURTHER

RESOLVED that the Zoning Map in the Town Clerk's Office be changed accordingly.

RICHARD M. MOLESKI
Town Clerk

Item No. 11 Motion by Councilman Johnson, seconded by Supervisor Meyers

WHEREAS, a written petition dated October 15, 1977 was duly filed with this Board, requesting the improvement of a portion of the highway known as St. Felix Street, said portion located between the south line of Wojcik Street extending south to the north line of Columbus Street, the portion to be improved shall be both sides of that portion of St. Felix Street by construction of Upright Concrete Curbs, Concrete Driveway Aprons, and Grading and Seeding, and

WHEREAS, said petition was duly signed by owners of real estate fronting or abutting on said public highway, owning at least one-half of the frontage or bounds on said public highway to be improved as aforesaid, and by resident owners owning not less than one-half of the frontage owned by resident owners residing along said highway proposed to be improved, and

WHEREAS, said petition was duly acknowledged or proved as to each signer in the same manner as required of a deed to be recorded and is otherwise sufficient, and

WHEREAS, at a meeting of the Town Board duly held on November 21, 1977, an order was duly adopted by it and entered in its minutes, reciting the filing of such petition, the improvement proposed, and the maximum amount proposed to be expended of Thirty-nine thousand four hundred Dollars (\$39,400.00) and specifying that the said Town Board would meet to consider the petition and to hear all persons interested in the subject thereof concerning the same, at the Town Hall in the Town of Cheektowaga, New York, on the 5th day of December, 1977 at 7:00 P.M., Eastern Standard Time, and

WHEREAS, the said order, duly certified by the Town Clerk, was duly published and posted as required by law, and

WHEREAS, a hearing was held by this Board at the place and on the date and at the time hereinbefore mentioned, and at such time and place the said Town Board did duly consider the said petition and hear all persons interested;

NOW, THEREFORE, after such hearing and upon the evidence given thereat, and pursuant to the provisions of the Town Law of the State of New York, it is hereby

RESOLVED that this Board determine it is in the public interest to make the improvement petitioned for, to wit: the improvement of a portion of the highway known as St. Felix Street, said portion located between the south line of Wojcik Street extending south to the north line of Columbus Street, the portion to be improved shall be both sides of that portion of St. Felix Street by construction of Upright Concrete Curbs, Concrete Driveway Aprons, and Grading and Seeding, and it is hereby further

RESOLVED that Nussbaumer and Clarke, Inc., Consulting Engineers of the Town of Cheektowaga, shall survey said highway proposed to be improved, and establish the lines and grades thereof and file in the Town Clerk's Office a survey and profile of said highway, and it is further

RESOLVED that said Nussbaumer and Clarke, Inc., Consulting Engineers, shall prepare definite plans and specifications and make a careful estimate of the expense, and with the assistance of the Town Attorney, shall prepare a proposed contract for the execution of the work, and that such plans and specifications, estimate and proposed contract shall be presented to this Board as soon as reasonably possible.
