WHEREAS, it would appear that parents generally favor the early evening hours, since it tends to limit participation to the younger children, for whom the observance was originally intended and thereby discourages interference and disruption by the very small percentage of older children, who under cover of darkness and with their identities concealed by masks and costumes, might otherwise spoil the fun for the smaller children; NOW, THEREFORE, BE IT

RESOLVED that Wednesday, October 31, 1984, shall be known as "Halloween Night" in the Town of Cheektowaga, and that the Town Board ask both children and their parents to cooperate in limiting the time of "trick-or-treating" activities to the period between 6:00 P.M. and 8:30 P.M. We further ask that, whenever possible, parents of the very young insure that they or other responsible adults accompany them, and we further encourage all householders, whenever they are able to do so, to cooperate in making this a happy occasion for all youngsters by keeping their porch or exterior lights on.

The one-time charge of \$24,691.54 with annual savings of \$6470.74 will result in about a 3.8 year payback at NYSEG's present rates.

The lumens produced by the HPS is as close to the lumens produced by the mercury vapor being replaced as is available from NYSEG. In all cases, there is a slight reduction in lumens. If the Town of Cheektowaga feels the lumens produced by the HPS proposed is not sufficient, or more than necessary for the area being lit, please indicate these areas by noting the pole number and changing the size of the HPS to be installed.

This proposal supersedes proposal dated August 29, 1984 and a proposal dated September 25, 1984 incorporating changes requested by Councilman Johnson in a letter dated September 17, 1984. This proposal corrects the number of lights on Central Blvd. and adds Cleveland Drive, Dingens Street, Genesee Street and George Urban Blvd., which were omitted from the original proposal.

The COUNCIL and the State shall have the right, upon reasonable notice and at reasonable times, to inspect the books and records of the CONTRACTEE, its offices and facilities, for the purpose of verifying information supplied to the COUNCIL or for any other purpose reasonably related to monitoring the services to be performed by the CONTRACTEE.

**5. OWNERSHIP OF PROPERTY.** All personal property, including equipment, purchased with funds provided by the COUNCIL under this Contract shall be held "in trust" for the COUNCIL. Upon written demand, any such property specified by the COUNCIL shall be immediately delivered to the COUNCIL. The COUNCIL reserves the right to specify the procedures to be adopted by the CONTRACTEE in acquiring personal property with funds provided by the COUNCIL.

**6. STUDY AND TRAVEL.** No funds provided under this Contract may be used for study or travel outside New York State.

**7. DISALLOWANCE OF PAYMENTS.**

A. In addition to its right to terminate this Contract as provided for in paragraph 4) above, the COUNCIL shall have the right to terminate this Contract in the event it determines that the CONTRACTEE:

- (i) has misrepresented any fact or supplied any false or misleading information to the COUNCIL in its application, supporting material or reports concerning performance of services; or
- (ii) has diverted any payments made under this Contract to a purpose other than performance of the contracted-for services in the manner the CONTRACTEE has represented; or
- (iii) has failed to maintain or provide any records or reports required to be maintained or provided; or
- (iv) has failed to abide by any other term or condition of this Contract; or if the COUNCIL determines that the CONTRACTEE will be unable to satisfactorily perform all or any part of the contracted-for services or any of the CONTRACTEE's obligations or duties under this Contract.

In addition to the COUNCIL's right to terminate as aforesaid, upon the occurrence of any of the facts enumerated in (i) through (iv), it may disallow in whole or in part any payments not yet made by it, and require the CONTRACTEE to refund any payments made by the COUNCIL under this Contract. The foregoing remedies of the COUNCIL are in addition to any other remedies provided by law, and all such remedies shall be cumulative and not exclusive.

B. In addition, if the COUNCIL determines that the termination of this Contract in whole or in part is in the best interests of the people of the State of New York, it may terminate this Contract by notice to the CONTRACTEE, which notice shall state the effective date of such termination. Upon termination of this Contract under the foregoing condition stated in this subparagraph B), the COUNCIL shall pay to the CONTRACTEE the costs actually incurred up to the date of termination, plus any costs directly resulting from such termination; provided, however, that in no event shall the aggregate of such payments, together with payments previously made to the CONTRACTEE under this Contract, exceed the value of the contracted-for services performed by the CONTRACTEE up to the date of termination plus the costs resulting from such termination, or the total amount provided to be paid to the CONTRACTEE under paragraph 3) of this Contract, whichever is less.

**8. RECOGNITION OF COUNCIL SUPPORT.** In any program or printed material advertising, announcing, or describing the services for which the COUNCIL has been contracted under this Contract, or in any publication, film, videotape, exhibition, or visual material produced as a result of or in connection with the performance by the CONTRACTEE of the above-described services, the CONTRACTEE shall prominently credit the COUNCIL's assistance. Such credit shall be listed separately from any other recognition of non-governmental support. Copies of any material containing the required credit shall be submitted to the COUNCIL as soon as may be reasonably practicable.

**9. REPRODUCTION OF MATERIAL.** The COUNCIL reserves a non-exclusive license to reproduce for State purposes, without further payment, any publishable or otherwise reproducible material resulting from the performance of the contracted-for services.

**10. INDEPENDENT CONTRACTOR AND THIRD PARTIES.** The CONTRACTEE shall not represent to any person, foundation, group, organization, or government entity that it is acting as agency for the COUNCIL or the State or that it is entitled in any way to act on behalf of the COUNCIL or the State, or to incur obligations on behalf of the COUNCIL or the State. Nothing contained in this Contract shall create or give to third parties any claim or right of action against the COUNCIL.

**11. ADDITIONAL REGULATIONS.**

- I. This Contract may not be assigned by the CONTRACTEE or its right, title or interest therein assigned, transferred, conveyed, sublet or disposed of without the previous consent, in writing, of the COUNCIL.
- II. This Contract shall be deemed executory only to the extent of money available to the COUNCIL for the performance of the terms hereof and no liability on account thereof shall be incurred by the COUNCIL beyond moneys available for the purpose thereof.
- III. The CONTRACTEE specifically agrees, as required by Labor Law, Sections 220 and 220-d, as amended, that:
  - (a) no laborer, workman or mechanic, in the employ of the CONTRACTEE, subcontractor or other person doing or contracting to do the whole or any part of the services contemplated by the Contract shall be permitted or required to work more than eight hours in any one calendar day or more than five days in any one week, except in the emergencies set forth in the Labor Law.
  - (b) the wages paid for a legal day's work shall be not less than the prevailing rate of wages as defined by law.

- (c) the minimum hourly rate of wages to be paid shall not be less than that stated in the specifications, and any redetermination of the prevailing rate of wages after the Contract is approved shall be deemed to be incorporated herein by reference as of the effective date of redetermination and shall form a part of these Contract documents.
- (i) The Labor Law provides that the Contract may be forfeited and no sum paid for any work done thereunder on a second conviction for willfully paying less than—
- (a) the stipulated wage scale as provided in Labor Law, Section 220, subdivision 3, as amended or
- (b) less than the stipulated minimum hourly wage scale as provided in Labor Law, Section 220-d, as amended.
- IV. The CONTRACTEE specifically agrees, as required by the provisions of the Labor Law, Section 220-e, as amended, that:
- (a) in hiring of employees for the performance of work under this Contract or any subcontract hereunder, or for the manufacture, sale or distribution of materials, equipment or supplies hereunder, no CONTRACTEE subcontractor nor any person acting on behalf of such CONTRACTEE or subcontractor, shall by reason of race, creed, color, sex, or national origin discriminate against any citizen of the State of New York who is qualified and available to perform the work to which the employment relates.
- (b) no CONTRACTEE, subcontractor, nor any person on his behalf shall, in any manner, discriminate against or intimidate any employee hired for the performance of work under this Contract on account of race, creed, color, sex or national origin.
- (c) there may be deducted from the amount payable to the CONTRACTEE by the COUNCIL under this Contract a penalty of five dollars for each person for each calendar day during which such person was discriminated against or intimidated in violation of the provisions of the Contract, and
- (d) this Contract may be canceled or terminated by the COUNCIL and all moneys due or to become due hereunder may be forfeited for a second or any subsequent violation of the terms or conditions of this section of the Contract, and
- (e) the aforesaid provisions of this section covering every Contract for or on behalf of the COUNCIL for the manufacture, sale or distribution of materials, equipment or supplies shall be limited to operations performed within the territorial limits of the State of New York.
- V. During the performance of this contract, the CONTRACTEE agrees as follows:
- (a) The CONTRACTEE will not discriminate against any employee or applicant for employment because of race, creed, color, sex, national origin, age, disability or marital status.
- (b) If directed to do so by the Commissioner of Human Rights, the CONTRACTEE will send to each labor union or representative of workers with which the CONTRACTEE has or is bound by a collective bargaining or other agreement or understanding, a notice, to be provided by the State Commissioner of Human Rights, advising such labor union or representative of the CONTRACTEE's agreement under clauses (a) through (g) (hereinafter called "non-discrimination clauses"). If the CONTRACTEE was directed to do so by the contracting agency as part of the bid or negotiation of this contract, the CONTRACTEE shall request such labor union or representative to furnish a written statement that such labor union or representative will not discriminate because of race, creed, color, sex, national origin, age, disability or marital status, and that such labor union or representative will cooperate, within the limits of its legal and contractual authority, in the implementation of the policy and provisions of these non-discrimination clauses and that it consents and agrees that recruitment, employment and the terms and conditions of employment under this contract shall be in accordance with the purposes and provisions of these non-discrimination clauses. If such labor union or representative fails or refuses to comply with such a request that it furnish such a statement, the CONTRACTEE shall promptly notify the State Commissioner of Human Rights of such failure or refusal.
- (c) If directed to do so by the Commissioner of Human Rights, the CONTRACTEE will post and keep posted in conspicuous places, available to employees and applicants for employment, notices to be provided by the State Commissioner of Human Rights setting forth the substance of the provisions of clauses (a) and (b) and such provisions of the State's laws against discrimination as the State Commissioner of Human Rights shall determine.
- (d) The CONTRACTEE will state, in all solicitations or advertisements for employees placed by or on behalf of the CONTRACTEE, that all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, sex, national origin, age, disability or marital status.
- (e) The CONTRACTEE will comply with the provisions of Sections 290-299 of the Executive Law and with the Civil Rights Law, will furnish all information and reports deemed necessary by the State Commissioner of Human Rights under these non-discriminatory clauses and such sections of the Executive Law, and will permit access to the CONTRACTEE's books, records and accounts by the State Commissioner for the purposes of investigation to ascertain compliance with these non-discrimination clauses and such sections of the Executive Law and Civil Rights Law.
- (f) This contract may be forthwith canceled, terminated or suspended, in whole or in part, by the COUNCIL upon the basis of a finding made by the State Commissioner of Human Rights that the CONTRACTEE has not complied with these non-discrimination clauses, and the CONTRACTEE may be declared ineligible for future contracts made by or on behalf of the State or a public authority or agency of the State, until the CONTRACTEE satisfies the State Commissioner of Human Rights that the CONTRACTEE has established and is carrying out a program in conformity with the provisions of these non-discrimination clauses. Such finding shall be made by the State Commissioner of Human Rights after conciliation efforts by the Commissioner have failed to achieve compliance with these non-discrimination clauses and after a verified complaint has been filed with the Commissioner, notice thereof has been given to the CONTRACTEE and an opportunity has been afforded the CONTRACTEE to be heard publicly in accordance with the Executive Law. Such sanctions may be imposed and remedies invoked independently of or in addition to sanctions and remedies otherwise provided by law.
- (g) The CONTRACTEE will include the provisions of clauses (a) through (f) in every subcontract or purchase order in such a manner that such provisions will be binding upon each subcontractor or vendor as to operations to be performed within the State of New York. The CONTRACTEE will take such action in enforcing such provisions of such subcontract or purchase order as the State Commissioner of Human Rights or the COUNCIL may direct, including sanctions or remedies for non-compliance. If the CONTRACTEE becomes involved in or is threatened with litigation with a subcontractor or vendor as a result of such direction by the State Commissioner of Human Rights or the contracting agency, the CONTRACTEE shall promptly so notify the Attorney General, requesting the Attorney General to intervene and protect the interests of the State of New York.
- VI. The agreement shall be void and of no force and effect unless the CONTRACTEE shall provide coverage for the benefit of, and keep covered during the life of this agreement, such employees as are required to be covered by the provisions of the Worker's Compensation Law.
- VII. In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law and the regulations of the Comptroller of the State of New York promulgated thereunder, the CONTRACTEE agrees, as a material condition of the contract.
- (a) That neither the contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the provisions of the United States Export Administra-

tion Act of 1969, as amended, or the Export Administration Act of 1979, as amended, or the regulations of the United States Department of Commerce promulgated thereunder;

- (b) That if the CONTRACTEE or any substantially owned or affiliated person, firm, partnership or corporation has been convicted or subjected to a final determination by the United States Department of Commerce or any other appropriate agency of the United States of a violation of the United States Export Administration Act of 1969, as amended, or the Export Administration Act of 1979, as amended, or the regulations of the United States Department of Commerce promulgated thereunder, the CONTRACTEE shall notify the Comptroller of such conviction or determination in the manner prescribed by the Comptroller's regulations.

No statement, promise, condition, understanding, inducement, or representation, oral or written, express or implied, which is not contained herein shall be binding or valid, and this Contract shall not be changed, modified, or altered in any manner except by an instrument in writing executed by the parties hereto.

Dear Mr. Johnson:

Niagara Mohawk Power Corporation currently offers Mercury Vapor and High Pressure Sodium units for new or conversion installations. Enclosed are various comparison sheets on representative types of lamps for general service use.

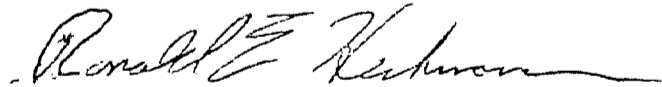

Per your request, the following is a revised street light conversion plan for Cleveland Drive. The plan to convert 175 watt Mercury Vapor to 100 watt High Pressure Sodium on pole numbers 6, 21, 38, 49, 64, 77, and 96 would result in an estimated \$61.00 annual reduction in street light billing.

A Letter of Authorization from the Town of Cheektowaga will be required for the conversion to proceed.

Re: Approval of Engineer's Plans for Marczak Subdivision

GENTLEMEN:

Mr. Chester L. Bryan, Town Engineer, Mr. Thadeus Skowron, Highway Department Engineer, and I have reviewed the plans for the Marczak Subdivision and find that they conform to the requirements as set forth by the Town of Cheektowaga, including:

1. A properly designed drainage system. Design data has been submitted.
2. Planting a tree by the builder, in front of each house within one year of construction. The information on type of tree to be planted can be obtained from the Highway Department office.
3. The three lots in this subdivision are located on the west side of Kennedy Road (existing), at the north end of the street. Sublots 1-2-3.
4. The essential storm drain easement should be filed with the town and drainage ditch must be cut to the grade as shown on the plans.
5. Building permits are to specify the requirement of tree planting.

I recommend approval of the Engineer's Plans for the "Marczak Subdivision" as filed with the Town Engineer and my office.

Re: Losson Green Estates,  
(T) Cheektowaga, DEP-510

Dear Mr. Devlin:

This letter constitutes approval by this Department of the plans for construction of sanitary sewers to serve Losson Green Estate in the Town of Cheektowaga.

Please be advised that this approval is limited to the construction of proposed sanitary sewers. Water mains and the subdivision must be approved by the Erie County Department of Health.

This approval is granted subject to acceptance by the applicant of the following qualifying conditions:

#### Conditions of Approval

- 1) That these facilities shall be constructed in accordance with the plans approved November 9, 1984 under the supervision of an engineer licensed to practice in the State of New York.
- 2) That the approved sanitary sewers shall be tested for leakage employing hydrostatic testing procedures and that such infiltration/exfiltration shall not exceed a maximum of 200 gallons per inch of sewer pipe diameter per mile per day for any section of this system including manholes.

J. Devlin  
er 9, 1984

2

- 3) That upon completion of construction, the professional engineer supervising construction in this case, shall provide written certification to this Department that the facilities were constructed in accordance with the approved plans. Such certification shall include detailed results of all leakage tests and must be submitted to this office within thirty (30) days of completion of construction.
- 4) That this approval is revocable and subject to modification pursuant to Article 17 of the Environmental Conservation Law. Any modification in the approved plans or specifications during construction must receive the written approval of this Department.
- 5) That construction of this project shall be completed by November 9, 1985.

#### Facilities Approved

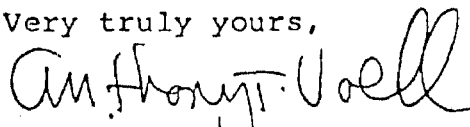

The approved plans call for the construction of 17,197 linear feet of 8-inch PVC sewer pipe, 1,287 linear feet of 6-inch PVC force main together with manholes and appurtenances.

Copies of the approved plans are being returned to the Design Engineer, Mr. Leonard J. DePrima; the applicant; and another copy is being retained in our files for our records.

The delay in the approval for sanitary sewers for this proposal was caused by our need to determine the effect of a nearby industrial waste disposal site on the groundwater under the subdivision. Following our review of the facts at hand, we do not believe the groundwater will pose any significant problem. Continued evaluation of the site is underway and the New York State Department of Environmental Conservation is working to have some level of remediation done at the site.

If there are any questions regarding this approval or the above conditions, please contact Ron Entringer at 846-7444.

Very truly yours,

RE: Maintenance Garage and  
Vehicle Storage Facility

Gentlemen:

On December 3, 1984 bids were received and opened for the construction of the Maintenance Garage and Vehicle Storage Facility for use by the Sewer Maintenance Department. A total of thirty three (33) bidders submitted bids. Bids were reviewed by Donald T. Maharan Associates. Following are their recommendations on the award.

### General Construction Work

Eleven (11) contractors submitted bids ranging from a total base bid price of \$139,680 to \$220,000. It is recommended that the bid be awarded to Building Systems of Buffalo Inc., 45 Stanley Street, Buffalo, New York 14206 for submission of the lowest bid price meeting the requirements of our specifications. The bid award is in the amount of \$141,176. This total bid award includes the base bid and acceptance of two (2) alternate bids.

### Heating and Ventilating Work

Six (6) contractors submitted bids ranging from \$14,570 to \$16,926. It was decided not to recommend acceptance of an alternate bid submitted in this category. It is, therefore, recommended that the bid be awarded to the Frank C. Kellner Company, Inc., 7000 Seneca Street, Elma, New York 14059 for their base bid price of \$14,570. This being the lowest bid meeting the requirements of the specifications.

### Plumbing Work

Three (3) bids were received under this category. It is recommended that the bid be awarded to Matthew Kandefer Inc., 873 Mineral Springs Road, West Seneca, New York 14224 for their submission of the lowest bid meeting the requirements of the specifications. This is in the amount of \$6,525. There were no alternate bids requested.

TOWN BOARD MEMBERS

December 13, 1984

Electrical Work

Thirteen (13) contractors participated in bidding for electrical work. Base bids range from \$11,639 to \$19,800. It is recommended that the bid be awarded to Expressway Electric Inc., 2328 George Urban Boulevard, Depew, New York 14043 for their bid price of \$11,639. It was decided not to accept the alternate bid in this category.

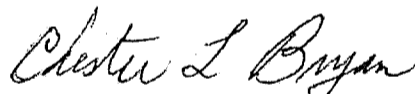

The total of the above recommended bid awards is in the amount of \$173,915. This is the total for General Construction Work, Heating and Ventilating Work, Plumbing Work and Electrical Work. This total came in under our target of \$175,000.

In addition to the above mentioned awards, we request that approval also be made by your Honorable Body for the acceptance of Alternate #3 under the General Construction Work category. This is for the installation of two (2) fuel tanks. One (1) for gasoline and one (1) for diesel fuel. It also includes the installation of a pump island with pumps for the fuel. This would be used for fueling all equipment of Plant #5 and the Sewer Maintenance Department. The bid for this alternate in the amount of \$18,689 is reasonable for the equipment and work involved and it is recommended we do this work at this price at this time rather than just after this project is completed.

Attached are two (2) sheets of tabulations showing all of the contractors and base bid prices and alternate prices where requested.

Very truly yours,

RE: Leasing Storage Space  
Award of Bid

Gentlemen:

On December 3, 1984 bids were received and opened for leasing of storage space for the Highway Department and for election machines. Two (2) bids were received as follows:

	Item I (Highway Use)	Item II (Election Machines)
Borden Losson Corp.	\$3.50 per sq. ft.	\$3.00 per sq. ft. *
Stephen Korduba	No Bid	\$3.75 per sq. ft.

\*Bid Rejected

The facilities were inspected by the Engineering Department, together with Mr. Alfred Wnek, Highway Superintendent, and Mr. Richard Moleski, Town Clerk.

The Borden Losson Corporation storage facility is presently being used by the Highway Department. Mr. Wnek is very satisfied with this area, being able to attach highway plows indoors giving him a faster response time to snow emergencies and also allowing trucks to turn around within the facility. This is the only bid submitted for highway storage.

The Borden Losson Corporation does not have a sprinkler system, therefore, the bid for election machine storage is rejected for not meeting the requirements of the specifications. The Korduba location is presently used for election machine storage and meets all the requirements of the specifications. This location offers Mr. Moleski greater security for his equipment.

TO THE SUPERVISOR AND  
TOWN BOARD MEMBERS

In conclusion, it is recommended to this Town Board that the bid be awarded to Borden Losson Corporation, 812 Borden Road, Cheektowaga, New York 14227 for highway equipment storage of 13,950 square feet at \$3.50 per square foot. It is further recommended that the bid be awarded to Stephen Korduba, 3926 Broadway, Cheektowaga, New York 14227 for election machine storage of 5,185 square feet at \$3.75 per square foot.
